Yan Bai

Stalins Russia 1924 39 History In Depth S:

The Industrialisation of Soviet Russia Volume 6: The Years of Progress R. Davies, 2014-07-09 Based on extensive research in formerly secret archives this volume examines the progress of Soviet industrialisation against the background of the rising threat of aggression from Germany Japan and Italy and the consolidation of Stalin s power **Access to History:**

Bolshevik and Stalinist Russia 1917-64 for AQA Fifth Edition Michael Lynch, 2015-03-27 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA Revolution and Dictatorship Russia and the Soviet Union 1917 1953 *Soviet Studies Resource Guide* , 1989 **The British National Bibliography** Arthur James Wells, 1979 **My Revision Notes:**

AQA AS/A-level History: Revolution and dictatorship: Russia, 1917-1953 Neil Owen, Robin Bunce, 2017-05-08 Exam Board AQA Level AS A level Subject History First Teaching September 2015 First Exam June 2016 Target success in AQA AS A level History with this proven formula for effective structured revision key content coverage is combined with exam preparation activities and exam style questions to create a revision guide that students can rely on to review strengthen and test their knowledge Enables students to plan and manage a successful revision programme using the topic by topic planner Consolidates knowledge with clear and focused content coverage organised into easy to revise chunks Encourages active revision by closely combining historical content with related activities Helps students build practise and enhance their exam skills as they progress through activities set at three different levels Improves exam technique through exam style questions with sample answers and commentary from expert authors and teachers Boosts historical knowledge with a useful glossary and timeline *Life in Stalin's Soviet Union* Kees Boterbloem, 2019-09-05 *Life in Stalin s Soviet Union* is a collaborative work in which some of the leading scholars in the field shed light on various aspects of daily life for Soviet citizens Split into three parts which focus on Food Health and Leisure the Lived Experience and Religion and Ideology the book is comprised of chapters covering a range of important subjects including Food Health and Housing Sex and Gender Education Religion Christianity Islam and Judaism Sport and Leisure Festivals There is detailed analysis of urban and rural life as well as explorations of life in the gulag life as a peasant life in the military and what it was like to be disabled in Stalin s Russia The book also engages with the wider Soviet Union wherever possible to ensure the most in depth discussion of life in all its minutiae under Stalin This is a vitally important book for any student of Stalin s Russia keen to know more about the human

history of this complex period of dictatorship Stalin Stephen Kotkin, 2014-11-06 A magnificent new biography that revolutionizes our understanding of Stalin and his world It has the quality of myth a poor cobbler's son a seminarian from an oppressed outer province of the Russian empire reinvents himself as a top leader in a band of revolutionary zealots When the band seizes control of the country in the aftermath of total world war the former seminarian ruthlessly dominates the new regime until he stands as absolute ruler of a vast and terrible state apparatus with dominion over Eurasia While still building his power base within the Bolshevik dictatorship he embarks upon the greatest gamble of his political life and the largest program of social reengineering ever attempted the collectivization of all agriculture and industry across one sixth of the earth Millions will die and many more millions will suffer but the man will push through to the end against all resistance and doubts Where did such power come from In Stalin Stephen Kotkin offers a biography that at long last is equal to this shrewd sociopathic charismatic dictator in all his dimensions The character of Stalin emerges as both astute and blinkered cynical and true believing people oriented and vicious canny enough to see through people but prone to nonsensical beliefs We see a man inclined to despotism who could be utterly charming a pragmatic ideologue a leader who obsessed over slights yet was a precocious geostrategic thinker unique among Bolsheviks and yet who made egregious strategic blunders Through it all we see Stalin's unflinching persistence his sheer force of will perhaps the ultimate key to understanding his indelible mark on history Stalin gives an intimate view of the Bolshevik regime's inner geography of power bringing to the fore fresh materials from Soviet military intelligence and the secret police Kotkin rejects the inherited wisdom about Stalin's psychological makeup showing us instead how Stalin's near paranoia was fundamentally political and closely tracks the Bolshevik revolution's structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin demonstrates the impossibility of understanding Stalin's momentous decisions outside of the context of the tragic history of imperial Russia The product of a decade of intrepid research Stalin is a landmark achievement a work that recasts the way we think about the Soviet Union revolution dictatorship the twentieth century and indeed the art of history itself Stalin Waiting for Hitler 1929-1941 will be published by Penguin Press in October 2017 **Molotov: A Biography** D. Watson, 2005-08-16 This is the first comprehensive biography of Molotov and reflects the range of sources that have become available to historians since the fall of the USSR It is a commentary on Soviet history Molotov played his part in revolution Civil War Lenin's Russia Stalin's struggle with the oppositions collectivization industrialization the Terror the Great Patriotic War the beginnings of the Cold War and in the Khrushchev era Themes in Modern European History, 1890-1945 Nicholas Atkin, Michael Biddiss, 2008-11-26 Adopting a thematic approach to a period of great change and upheaval in Europe these essays throw new light on developments in society the economy politics and culture fixing them not only in the political framework of the time but also in their social and cultural contexts

Revolution, Counterrevolution and Assassination Through World War II Robert C. Cottrell, 2024-12-13 Since the French

Revolution the quest for revolutionary transformation and the fear of such change became deeply ingrained in the global landscape through World War II Modern revolutions inspired counterrevolutions that strove to turn back time to an allegedly purer finer more moral period than the upheaval and anarchy linked to a revolutionary epoch Revolutions often occurred through violence and entailed a disruption of existing social economic and political orders Counterrevolutions were equally guilty and frequently more so of horrific bloodletting in the name of restoring law and order often by shredding legal and ethical norms Drawing from a vast array of sources both primary and secondary this first of a two volume set presents a highly detailed narrative of an unholy trinity revolution counterrevolution and assassination Combining intellectual political social and cultural history this book highlights international protagonists movements and ideas supporting the radical or reactionary upheaval of society and the means that have been used to do so
