Skye Collection Of The Best Reels Strathspeys:

The Skye collection of the best reels & strathspeys extant, 1887 *The Skye Collection of the Best Reels and Strathspeys* Keith Norman Macdonald, 2002-05 The famous Skye Collection which first appeared in 1887 and was later reprinted in a smaller edition has been out of print for many years The title page indicates that it included the best Reels Strathspeys extant embracing over four hundred tunes collected from all the best sources compiled and arranged for violin and piano by Keith Norman Macdonald It is hoped that this new edition which includes all the tunes from the earlier first and second editions will meet the demand from Scottish music enthusiasts to have available again one of the outstanding collections of original airs Many of the tunes are originally for bagpipe but all of the tunes have been presented here in piano arrangements with melody and accompaniment Violinists or fiddlers pipers or other melody instruments may double the melody The original compiler's 1887 preface is also included which provides insights into the sources and proper interpretation of the tunes **The Skye Collection of the Best Reels & Strathspeys** K. Cape Breton & Prince Edward Island Fiddle Tunes for Clawhammer Banjo Ken Perlman, 2024-03-08 The island of Cape Breton its close neighbor Prince Edward Island in eastern Canada are home to two of the oldest strongest and most vibrant fiddling traditions in North America Cape Breton gave rise to a professional Celtic based fiddling scene to rival anything coming out of Scotland Ireland Prince Edward Island's traditional fiddlers developed lively idiosyncratic styles every bit as musically compelling as anything you'll hear on archival recordings of iconic American old time fiddlers from the Appalachians This book features 136 tunes from these two distinct but related fiddling traditions collected by the author

directly from master fiddlers and arranged note for note for clawhammer banjo with as much flavor and nuance as possible. These settings of reels, hornpipes, jigs, marches, strathspeys, airs, and other fiddle tunes are all eminently playable and fully benefit from the author's half century of experience playing banjo, arranging for banjo, writing banjo instruction books, and researching fiddle music traditions. Here's what you'll find in this volume: 136 fiddle tunes arranged for clawhammer banjo in clear tablature; Over 40 musical examples; exercises; Instruction on basic and advanced techniques; Fingering diagrams; detailed fingering suggestions; A systematic approach to playing up the neck; A thorough treatment of playing triplets, grace notes, and other characteristic ornaments in clawhammer; Guides on how to approach playing various kinds of fiddle tunes; A framework for understanding the modes encountered in fiddle music; Historical notes on the tunes and musical traditions; Biographical information on source fiddlers; 169 audio illustrations available online. Note: Most audio illustrations for the tunes in this book are drawn directly from the author's CDs: *Devil in the Kitchen*, *Frails*, *Frolics*, *Island Boy*, and *Northern Banjo*.

Canadian Fiddle Music Volume 1 Dr. Ed Whitcomb, 2010-10-07 Canadian fiddle music receives the credit and recognition it deserves in this lively collection of tunes from virtually every province and ethnic group in Canada. Originally published in 1990, this project is the result of generous donations by numerous fiddlers and fans of fiddle music. In addition to the preservation and popularization of this folk music form, the contributors shared these common goals in this endeavor: composer recognition, folk music revitalization in Canada and abroad, acknowledgement of the violin and its own origins in the development of fiddle music and its place in Canadian society, note reading and chording, and to pay tribute to many great fiddlers. This revised edition features contributions of 200 of the best tunes from the first printing as well as 200 new tunes. They consist of hornpipes, strathspeys, polkas, waltzes, calypsos, reels, clogs, two steps, jigs, airs, breakdowns, schottishes, marches, rags, and laments. A bibliography and the background of each composer is included. *The Glengarry Collection, Volume 1* Aonghas Grant, Barbara McOwen, Laura Risk, Peggy Dusenberry, 2010-10-20 The Glengarry Collection contains 164 Slow Airs, Marches, Strathspeys, Reels, Jigs, and Hornpipes with Stories, History, and Photographs. It focuses on the core of Aonghas music: Highland fiddling with its links to pipe tunes and Gaelic songs. Some of these tunes have never been published before, while others are available only in out-of-print books or in pipe settings, and the collection also includes a number of tunes composed by Aonghas himself and tunes composed in honor of Aonghas. The tunes are fully chordeoed in a style appropriate to Aonghas band experience. All these are richly illustrated by transcriptions of Aonghas bowings, grace notes, stories, and photos of scenes and people from Aonghas varied life careers, including old family photos. Finally, there is an accompanying online video of Aonghas impromptu and passionate performances of 61 of the tunes in the collection. Includes access to online video.
