companies discussed **Body Language** Lucy Floyd,2016-02-22 When a small child I thought that success spelled happiness I was wrong said Anna Pavlova the greatest ballerina of her time The same proves true for Sophie Prue and Vera dancers whose lives are destined to intertwine with fateful and sometimes tragic consequences Sophie born into ballet royalty wants only to emulate the mother she has never known a rising star who died young Her unlikely best friend Prue is ruled by her heart not her head which propels her onto a disastrous course of professional and emotional self sabotage And Vera hardened by hatred longs to escape the Bolshoi and her KGB minders for a life of fame and fortune in the West All three women will achieve their heart s desire but not the happiness they expected As their relationships are tested to the limits by rivalry jealousy and betrayal they must question their goals and find a truer and even more difficult path to fulfilment a journey which spans 25 years and takes them from reckless youth to hard won wisdom She dissects her characters with merciless compassion Truthful perceptive and unflinching Woman s Journal Magazine **Body Language** Margaret Brownley,2011-07-15 WHO IS THAT HERO FOR HIRE Rick Westley When a letter bomb destroys his office he figures it s a fluke who d want to hurt him He isn t exactly the action adventure hero type Nevertheless Rick finds himself assigned a bodyguard whose own body is pure distraction Jacquie Summers Jack isn t at all what Rick expected First she s a woman A very small very sexy woman who makes up for her lack of experience with dangerous enthusiasm If Rick wasn t worried about his safety before Jack came on the scene he is now Assignment To protect Rick Westley from his enemies and her overzealous self so everyone will forget the outcome of her last assignment All Jacquie has to do is keep him alive and in one piece Which is almost impossible once she starts breaking the rules and falling in love with the client Being a bodyguard means staying close as a lover *Retail Relationships* Joseph Alexander,2013-10-17 Retail Relationships is a different kind of sales book Written by a top performer in retail sales this book explores interpersonal relationship building and how it relates to successful sales Written primarily for retail settings this book will open your eyes and give you valuable insights and tools to achieve top sales in any sales environment Signs of Crime Marcel Danesi,2013-11-27 This book will introduce the field of forensic semiotics as a tool for understanding crime and criminality It will focus on how symbolism ritual and other sign based activities play a crucial role in the constitution of criminal organizations and often in the enactment of individual crimes It will present semiotic notions methods and techniques that can be applied to forensic science such as the role of ritual and slang in criminal gangs Pseudology Marcel Danesi,2024-09-11 In an age where fake news conspiracy theories and outright lies by political and cultural leaders are commonplace we may be becoming accustomed to lying or worse even immune to it Pseudology unravels the reasons for this by describing a science of lying that looks at various aspects of this trait from how it affects the brain to how it distorts perception Interest in lying goes back to antiquity and writing and debate has only increased in the present day but what is missing is a treatment that synthesizes the work from linguists political scientists anthropologists psychologists neuroscientists and sociologists tying them to the philosophical and

literary views of lying throughout history Such a treatment can be called pseudology an interdisciplinary science for classifying collating and assessing ideas about lying This book is a comprehensive treatment of pseudology emphasising the importance of studying lying in our current climate Pseudology addresses questions such as What is a lie Why do we lie Why are we so susceptible to lying How does lying activate false beliefs and generate hatred of others How has lying shaped the course of history at least to some extent How has lying been adopted as a basic thematic element in literature and the arts Synthesising research from a broad range of disciplines and from the perspective of a leading cognitive linguist this text weaves ideas and theories about lying cohesively into an overall interdisciplinary science This landmark book is vital for students and scholars of language as well as anyone interested in politics sociology or psychology
