Strategies Of Poetic Narrative Chaucer Spenser Milton Eliot:

Strategies of Poetic Narrative Clare Regan Kinney, 2009-02-26 It is remarkable that some theoretical developments in narratology have bypassed poetic narratives concentrating almost exclusively on prose fiction Clare Kinney's original study aims to redress the balance by exploring the distinctive narrative strategies of fictions which unfold in the artificial and self-conscious schemes of language bound by poetic form Kinney's close readings of three sophisticated poetic narratives Chaucer's *Troilus and Criseyde* Book VI of Spenser's *The Faerie Queene* and Milton's *Paradise Lost* suggest that these diverse works are united by a common tendency to exploit the alternative patterns of lyric in order to defer undesirable conclusions and offer subversive counterplots Finally an exploration of Eliot's *The Waste Land* as poetic anti narrative leads into a consideration of the ways in which poetic fictions employ their various inherently double designs in particular their ability to invoke the resources of lyric to pre-empt unhappy endings by telling at least two stories at the same time

Towards Poetic Narratology: A New Visit to Narrative Studies and Poetic Studies Luo Jun, 2021-09-15 For a very long time I have been preoccupied with the exploration of the academic blind spots that have cropped up in the organic combination of poetic studies and narrative studies that is inclined to give a lot of perceptive and cognitive inspiration to the systematic and strategic construction of the theoretical frameworks and theoretical systems of poetic narratology to provide more perceptive and cognitive convenience for the vast majority of readers and scholars to give a much more profound and perspicacious interpretation and illustration of the ideological and epistemological values implied in the diverse and distinctive narration of most poetic narrative texts in an unnoticeable fashion and in an untraceable fashion Rereading Chaucer and Spenser Rachel Stenner, Tamsin Badcoe, Gareth Griffith, 2019-05-10 Rereading Chaucer and Spenser Dan Geffrey with the New Poete offers dynamic new approaches to the relationship between the works of Geoffrey Chaucer and Edmund Spenser Contributors draw on current and emerging preoccupations in contemporary scholarship and offer new perspectives on poetic authority influence and intertextuality **The Dynamics of Narrative Form** John Pier, 2011-03-01 By redefining established topics of narratology research has become highly diversified The contributions to this volume neither synthesize developments nor work from shared postulates but represent a fresh look at ongoing issues Some scrutinize focalisation in a linguistic framework or in a poststructuralist vein others take on reliable and unreliable narration in a pronominal perspective or the unaddressed reader who upsets the tidy schemes of narrative communication Also outlined are a possible worlds approach to narrative time a systematic treatment of metanarrative and a transgeneric application of narratology to poetry The sequential ordering of narratives as a way of controlling reader response is examined in one article and in another is seen to elicit intertextual configurations Both divergent and complementary the contributions seek to integrate into narratological categories and methods the dynamic processes of narrative itself Re-Reading Mary Wroth K. Larson, N. Miller, 2015-02-04 Approaching the writings of Mary Wroth through a fresh 21st century lens this volume

accounts for and re invents the literary scholarship of one of the first canonized women writers of the English Renaissance Essays present different practices that emerge around reading Wroth including editing curating and digital reproduction

Maternity and Romance Narratives in Early Modern England Karen Bamford, Naomi J. Miller, 2016-05-06 Though recent scholarship has focused both on motherhood and on romance literature in early modern England until now no full length volume has addressed the notable intersections between the two topics This collection contributes to the scholarly investigation of maternity in early modern England by scrutinizing romance narratives in various forms considering motherhood not as it was actually lived but as it was figured in the fantasy world of romance by authors ranging from Edmund Spenser to Margaret Cavendish Contributors explore the traditional association between romance and women both as readers of fiction and as tellers of old wives tales as well as the tendency of romance plots with their emphasis on the family and its reproduction to foreground matters of maternity Collectively the essays in this volume invite reflection on the uses to which Renaissance culture put maternal stereotypes the virgin mother the cruel step dame as well as the powerful fears and desires that mothers evoke assuage and sometimes express in the fantasy world of romance

Futile Pleasures Corey McEleney, 2017-01-02 Honorable Mention 2018 MLA Prize for a First Book Against the defensive backdrop of countless apologetic justifications for the value of literature and the humanities Futile Pleasures reframes the current conversation by returning to the literary culture of early modern England a culture whose defensive posture toward literature rivals and shapes our own During the Renaissance poets justified the value of their work on the basis of the notion that the purpose of poetry is to please and instruct that it must be both delightful and useful At the same time many of these writers faced the possibility that the pleasures of literature may be in conflict with the demand to be useful and valuable Analyzing the rhetoric of pleasure and the pleasure of rhetoric in texts by William Shakespeare Roger Ascham Thomas Nashe Edmund Spenser and John Milton McEleney explores the ambivalence these writers display toward literature s potential for useless frivolous vanity Tracing that ambivalence forward to the modern era this book also shows how contemporary critics have recapitulated Renaissance humanist ideals about aesthetic value Against a longstanding tradition that defensively advocates for the redemptive utility of literature Futile Pleasures both theorizes and performs the queer pleasures of futility Without ever losing sight of the costs of those pleasures McEleney argues that playing with futility may be one way of moving beyond the impasses that modern humanists like their early modern counterparts have always faced

Chaucer's Narrative Voice in The Knight's Tale Ebbe Klitgård, 1995 The first specialised study of narrative voice in The Knights Tale

Wanton Eyes and Chaste Desires Sheila T. Cavanagh, 1994-09-22 very readable lucid intriguing study Spenser Newsletter a very thoroughgoing inventory of the cruel male fantasies and nightmares imposed on female gendered figures Studies in English Literature 1500 1900 Cavanagh has managed to give an almost entirely new reading of The Faerie Queene it is the first feminist rereading of the entire epic and it reshapes the contours of the huge poem in often startling and remarkable ways
