Strategy Of Rhetoric:

Strategies of Rhetoric Freeman G. Henry, 1992 *The Strategy of Rhetoric* Riker, William Harrison Riker, William H. Riker, William H.. Riker, John Paul Mueller, 1996-01-01 He discusses several heresthetical maneuvers that made the Federalists narrow victory possible such as their proposal of a constitution that was broader than most citizens would have preferred and their design of the ratification process as a take it or leave it proposition so that they could prevent any ratifying state from altering it Riker concludes by examining the relationship between rhetoric and heresthetic He shows that both were necessary for the Federalist victory rhetoric to build support for Federalist positions and heresthetic to structure the choice process so that this level of support would be sufficient

Identity's Strategy Dana Anderson, 2007 This work is an investigation into the persuasive techniques inherent in presentations of identity Anderson constructs a rhetorical theory for understanding persuasive strategies involved in the expression of personal identity Drawing on Kenneth Burke's Dialectic of Constitutions Anderson analyzes conversion

narratives to illustrate how the authors of these autobiographical texts describe dramatic changes in their identities as a means of influencing the beliefs and action of their readers The concept of Identity conveys the idea that people possess a certain capacity for self understanding and self definition Communicating this self interpretation is inherently rhetorical Expanding on Burkean concepts of human symbol use Anderson works to parse and critique such inevitable persuasive ends of identity constitution Anderson examines the strategic presentation of identity in four narratives of religious sexual political and mystical conversions Catholic social activist Dorothy Day s *The Long Loneliness* political commentator David Brock s *Blinded by the Right* Deirdre McCloskey s memoir of transgender transformation *Crossing* and the well known Native American text *Black Elk Speaks* Mapping the strategies in each Anderson points toward a broader understanding of how identity is made and how it is made persuasive

Cold War Rhetoric Martin J. Medhurst, Robert L. Ivie, Philip Wander, Robert L. Scott, 1997-11-30 *Cold War Rhetoric* is the first book in over twenty years to bring a sustained rhetorical critique to bear on central texts of the Cold War The rhetorical texts that are the subject of this book include speeches by Presidents Eisenhower and Kennedy the Murrow McCarthy confrontation on CBS the speeches and writings of peace advocates and the recurring theme of unAmericanism as it has been expressed in various media throughout the Cold War years Each of the authors brings to his texts a particular approach to rhetorical criticism strategic metaphorical or ideological Each provides an introductory chapter on methodology that explains the assumptions and strengths of their particular approach

Business Rhetoric Mette Højen, 2018-03-07 So eh before I start I would like to say a little about myself and a little about why I have chosen this theme BY ALL MEANS NO You have already started Actually you have jumped the gun and that is just as foolish as a musician starting to play his instrument in the wings or on his way onto the stage There is only one start and that has to be distinct Mette Højen does not beat about the bush when she with immaculate precision and a twinkle in her eye points out the rhetorical bad habits of corporate life In a simple and informal style she shows us how you stand to gain more from your speeches meetings and presentations by making a few rhetorical adjustments It is plain speaking with one clear objective maximizing the return on your allotted speaking time or put differently maximizing your rhetorical ROI

Strategies of Rhetoric A. M. Tibbetts, Charlene Tibbetts, 1983 *The Handbook of Organizational Rhetoric and Communication* Oyvind Ihlen, Robert L. Heath, 2018-05-10 A one stop source for scholars and advanced students who want to get the latest and best overview and discussion of how organizations use rhetoric While the disciplinary study of rhetoric is alive and well there has been curiously little specific interest in the rhetoric of organizations This book seeks to remedy that omission It presents a research collection created by the insights of leading scholars on rhetoric and organizations while discussing state of the art insights from disciplines that have and will continue to use rhetoric Beginning with an introduction to the topic *The Handbook of Organizational Rhetoric and Communication* offers coverage of the foundations and macro contexts of rhetoric as well as its use in organizational

communication public relations marketing management and organization theory It then looks at intellectual and moral foundations without which rhetoric could not have occurred discussing key concepts in rhetorical theory The book then goes on to analyze the processes of rhetoric and the challenges and strategies involved A section is also devoted to discussing rhetorical areas or genres namely contextual application of rhetoric and the challenges that arise such as strategic issues for management and corporate social responsibility The final part seeks to answer questions about the book's contribution to the understanding of organizational rhetoric It also examines what perspectives are lacking and what the future might hold for the study of organizational rhetoric Examines the advantages and perils of organizations that seek to project their voices in order to shape society to their benefits Contains chapters working in the tradition of rhetorical criticism that ask whether organizations rhetorical strategies have fulfilled their organizational and societal value Discusses the importance of obvious traditional nuanced and critically valued strategies such as rhetorical interaction in ways that benefit discourse Explores the potential risks paradoxes and requirements of engagement Reflects the views of a team of scholars from across the globe Features contributions from organization centered fields such as organizational communication public relations marketing management and organization theory The Handbook of Organizational Rhetoric and Communication will be an ideal resource for advanced undergraduate students graduate students and scholars studying organizational communications public relations management and rhetoric

The Rhetoric of Pope Francis Christopher J. Oldenburg, 2018-10-17 What is it about the rhetoric of one of the most influential and powerful religious leaders in the world and in history Pope Francis that is so engaging and yet so challenging to the Church writ large the American Congress the news media and the world The Rhetoric of Pope Francis Critical Mercy and Conversion for the Twenty first Century provides extensive insight into this question through a close in depth rhetorical analysis of Pope Francis's visual spatial tactile written and oral discourse This analysis reveals how the interrelated topoi of illness space mercy and conversion converge to articulate Francis's vision for the Church Under Francis the Catholic Church's virtue of mercy gets renewed and redeployed to papal pastoral and political sites for the purpose of conversion Each chapter identifies several of Francis's dominant rhetorical strategies These pope tropes take the form of existing and widely held Catholic beliefs that while stable still invite interpretation disputation and open dialogue Studying Francis's various discourses provides us with an exemplary paradigm from which we can learn much about faith humility love and papal rhetoric's transformative capacity to help us live more compassionate lives

Rhetoric and the Arts of Design David S. Kaufer, Brian S. Butler, 2013-11-26 The design arts from the design of buildings and machines to software and interfaces are associated with types of knowledge and performance thought to be structured modular and systematic Such arts have become increasingly prestigious in our technocratic society Since Aristotle the art of rhetoric was conceived as a loosely structured practical art thought to be limited in the extent to which it could mimic more precise subject matters The art of rhetoric has been controversial since classical times but its status has sunk even lower since the

industrial revolution a point when civic cultures began to cede authority and control to the cultures of specialized experts Many sympathizers of rhetoric have resisted its decline by calling for a civic art of public discourse to stand in opposition to a technocratic specialized discourse that has come increasingly to disenfranchise the ordinary citizen This is the first book to question the rhetoric technical knowledge split from a more fundamental perspective To get some perspective on what is at stake in rhetoric s traditional classification as a practical art the authors explore the distinction between practical and design arts enumerate the various criteria cited in the literature for qualifying a cluster of knowledge and performative skills to count as an art of design show how the knowledge and performative skills associated with the art of rhetoric meet the major requirements of design knowledge propose a general architecture of rhetorical design one descriptive both of civic address and specialized academic argument turn to the Lincoln Douglas debates to embody and provide some empirical support and illustration for their architecture demonstrate how Lincoln and Douglas can be thought of as expert designers whose rhetoric is highly structured and modular and explain how the rhetoric of both rhetorical agents can be represented in the layers and modules that one needs to display plans for buildings software or other design artifacts These layers and modules are not just post hoc annotations of the debates they also illuminate new and systematic ways for viewing the debates and by implication other specimens of rhetoric in terms of strategies of artistic production Kaufer and Butler conclude their presentation by citing some of the research and educational implications that follow from housing rhetoric within the family of design arts
