Stratis Tsirkas:

Greek Diaspora and Migration since 1700 Dimitris Tziouvas, 2016-04-22 The Greek diaspora is one of the paradigmatic historical diasporas. Though some trace its origins to ancient Greek colonies, it is really a more modern phenomenon. Diaspora, exile, and immigration represent three successive phases in Modern Greek history, and they are useful vantage points from which to analyse changes in Greek society, politics, and culture over the last three centuries. Embracing a wide range of case studies, this volume charts the role of territorial displacements as social and cultural agents from the eighteenth century to the present day and examines their impact on communities, politics, institutional attitudes, and culture. By studying migratory trends, the aim is to map out the transformation of Greece from a largely homogenous society with a high proportion of emigrants to a more diverse society inundated by immigrants after the end of the Cold War. The originality of this book lies in the bringing together of diaspora, exile, and immigration, and its focus on developments both inside and outside Greece.

Alexandrian Cosmopolitanism Hala Halim, 2013-09-19 Interrogating how Alexandria became enshrined as the exemplary cosmopolitan space in the Middle East, this book mounts a radical critique of Eurocentric conceptions of cosmopolitanism. The dominant account of Alexandrian cosmopolitanism elevates things European in the city's culture and simultaneously places things Egyptian under the sign of decline. The book goes beyond this civilization/barbarism binary to trace other modes of intercultural solidarity. Halim presents a comparative study of literary representations addressing poetry, fiction, guidebooks, and operettas among other genres. She reappraises three writers: C. P. Cavafy, E. M. Forster, and Lawrence Durrell, whom she maintains have been cast as the canon of Alexandria. Attending to issues of genre, gender, ethnicity, and class, she refutes the view that these writers' representations are largely congruent and uncovers a variety of positions ranging from Orientalist to anti-colonial. The book then turns to Bernard de Zogheb, a virtually unpublished writer, and elicits his camp parodies of elite Levantine mores in operettas, one of which centers on Cavafy. Drawing on Arabic critical and historical texts, as well as contemporary writers and filmmakers' engagement with the canonical triumvirate, Halim orchestrates an Egyptian dialogue with the European representations.

Cavafy's Alexandria Edmund Keeley, 1996 C. P. Cavafy, one of the greatest modern Greek poets, lived in Alexandria for all but a few of his seventy years. Alexandria became for Cavafy a central poetic metaphor and eventually a myth encompassing the entire Greek world. In this, the first full-length critical work on Cavafy in English, Keeley describes Cavafy's literary progress and aesthetic development in the making of that myth.

Specters of Cavafy Maria Boletsi, 2024 The Greek Alexandrian poet C. P. Cavafy (1863-1933) has been recognized as a central figure in European modernism and world literature. His poetry explored the conditions for animating the past and making lost worlds or people haunt the present. Yet he also described himself as a poet of the future generations. Indeed, his writings address concerns and desires that permeate the twentieth and twenty-first centuries. How does poetry concerned with the past, memory, loss, and death carry futurity? How does it haunt, and how is it haunted by future presents? *Specters of Cavafy* broaches these questions.

by proposing spectral poetics as a novel approach to Cavafy's work. Drawing from theorizations of specters and haunting, it develops spectrality as a lens for revisiting Cavafy's poetry and prose fiction and nonfiction as well as his poetry's bearing on our present. By examining Cavafy's spectral poetics, the book's first part shows how conjurations work in his writings and how the spectral permeates the entanglement of modernity and haunting and of irony and affect. The second part traces the afterlives of specific poems in the Western imagination since the 1990s in Egypt's history of debt and colonization and in Greece during the country's recent debt crisis. Beyond its original contribution to Cavafy studies, the book proposes tools and modes of reading that are broadly applicable in literary and cultural studies.

The Iron Storm Thomas Doulis, 2011-04-20

By the time of the unexpected military coup of 1967, the state and society of Greece had reached a specious political stability imposed under the tutelage of the right, the increasingly reactionary monarchy, and the American hegemony as expressed by the U.S. Embassy and the Pentagon. They dominated the armed forces and the Western-oriented elite, which agreed to the suppression of dissent from the marginalized and persecuted left. Although *The Iron Storm* appears to concentrate on the shocked and overwhelmed intelligentsia as it launched its counterattack with dissident publications, it is more accurately a large-scale study of Greek literary culture from the time of the Nazi Occupation, the Civil War, the final manifestation of the Greco-Greek War unresolved since the founding of the state, and the decades-long post-war era. Since the Greek nation was part of the European community and NATO, the Greeks assumed that these provided them with rights and privileges that could not easily be negated and ignored. But it was the Junta, brutal toward the elite as well as the left, that showed them how meaningless these were and provided them with insights into how they should go about viewing their role as a vassal state and achieve a true stability.

Irish Poets and Modern Greece Joanna Kruczkowska, 2017-09-21

This book explores the perception of modern Greek landscape and poetry in the writings of Seamus Heaney and Derek Mahon. Delving into travel writing, ecocriticism, translation, and allusion, it offers a fresh comparative link between Greek modernity and Irish poetry that counterbalances the preeminence of Greek antiquity in existing criticism. The first section, devoted to travel and landscape, examines Mahon's modern perception of the Aegean inspired by his travels to the Cyclades between 1974 and 1997, as well as Heaney's philhellenic relationship with mainland Greece between 1995 and 2004. The second section offers a close analysis of their C. P. Cavafy translations and compares George Seferis' original texts with their creative rendition in the writings of the Irish poets. The book will appeal to readers of poetry as well as those interested in the interactions between Ireland and Greece, two countries at the extreme points of Europe in times of crisis.

Egypt 1919 Heshmat Dina Heshmat, 2020-05-28

The 1919 anti-colonial revolution is a key moment in modern Egyptian history and a historical reference point in Egyptian culture through the century. This book offers a close reading of a wide range of novels, films, plays, and memoirs that feature this momentous historical event. By examining canonised as well as neglected works, Dina Heshmat highlights the processes of remembering and forgetting that have contributed to shaping a dominant imaginary about 1919.

in Egypt coined by successive political and cultural elites Informed by concepts of class and gender this book brings out a number of issues that underlie the memory of 1919 in Egypt as it is constantly evolving by ongoing social cultural and political struggles As the author seeks to understand how and why so many voices have been relegated to the margins she reinserts elements of the different representations into the dominant narrative This opens up a new perspective on the legacy of 1919 in Egypt inviting readers to meet the marginalised voices of the revolution and to reconnect with its layered emotional fabric

History and Historiography in Greece Nikos Christofis,2025-05-01 An updated guide to Greek historiography was long overdue In this comprehensive and temporally wide ranging reassessment History and Historiography in Greece examines the evolution of Greek historical scholarship by reviewing the ideas methods and schools of history shaping the field From how these developments correspond with international trends to their rate of development alongside global shifts in scholarship this volume identifies not only the ideological limitations shaping Greek academia but also the innovations that are breaking new ground In doing so the contributors illuminate how those developments yield new lessons for existing conceptual frameworks within the fields of labor gender diaspora studies and more

The Greeks and the Making of Modern Egypt Alexander Kitroeff,2019-03-22 The magnificent Robert L Tignor Princeton University story of the Greeks in Egypt from Muhammad Ali to Nasser From the early nineteenth century through to the 1960s the Greeks formed the largest most economically powerful and geographically and socially diverse of all European communities in Egypt Although they benefited from the privileges extended to foreigners and the control exercised by Britain they claimed nonetheless to enjoy a special relationship with Egypt and the Egyptians and saw themselves as contributors to the country s modernization The Greeks and the Making of Modern Egypt is the first account of the modern Greek presence in Egypt from its beginnings during the era of Muhammad Ali to its final days under Nasser It casts a critical eye on the reality and myths surrounding the complex and ubiquitous Greek community in Egypt by examining the Greeks legal status their relations with the country s rulers their interactions with both elite and ordinary Egyptians their economic activities their contacts with foreign communities their ties to their Greek homeland and their community life which included a rich and celebrated literary culture Alexander Kitroeff suggests that although the Greeks self image as contributors to Egypt s development is exaggerated there were ways in which they functioned as agents of modernity albeit from a privileged and protected position While they never gained the acceptance they sought the Greeks developed an intense and nostalgic love affair with Egypt after their forced departure in the 1950s and 1960s and resettlement in Greece and farther afield
