Proceedings of the Sixth International Symposium on Interaction of Nonnuclear Munitions with Structures, Panama City Beach, Florida, May 3-7, 1993, 1993 **Human Development and Interaction in the Age of Ubiquitous Technology**

Rahman, Hakikur, 2016-06-27 The human condition is affected by numerous factors in modern society In modern times technology is so integrated into culture that it has become necessary to perform even daily functions Human Development and Interaction in the Age of Ubiquitous Technology is an authoritative reference source for the latest scholarly research on the widespread integration of technological innovations around the globe and examines how human computer interaction affects various aspects of people s lives Featuring emergent research from theoretical perspectives and case studies this book is ideally designed for professionals students practitioners and academicians *The Art of Funding and Implementing Ideas* Arnold R. Shore, John M. Carfora, 2010-04-07 Takes the reader to a new level in proposal writing The authors have captured the gestalt of grant writing in a lucid fashion In short I think students would appreciate the clarity and insights this book offers Robert J Hard University of Texas at San Antonio As a research scientist who is frequently involved in proposal development myself it is clear to me that the authors have travelled the grant writer s path before John V Stone Michigan State University This resource provides a step by step approach to turning a research idea into a proposal worthy of funding demystifying the process as a result The authors present a proven approach to the development of research ideas alongside a systematic treatment of proposals section by section and project management function by function Highly accessible this book gives examples for each aspect of the proposal development and works through sketches of ideas to fully developed proposal sections Key Features Contains idea development linked to specific proposal sections Supports creativity that can be captured effectively and systematically one step at a time Uses sketches to facilitate idea development and make enhancement and revisions easy Allows for ease in trying out alternative formulations and revising preliminary approaches Provides international research proposals Key to understanding resources for proposing international research collaborations Shows how to manage a funded project Guides researchers and research staff in effectively implementing a funded project This book is appropriate for all graduate students across the health social and behavioral sciences who need guidance on writing successful compelling funding proposals **Strengthening International Fisheries Law in an Era of Changing**

Oceans Richard Caddell, Erik J Molenaar, 2019-04-04 This collection addresses the central question of how the current international framework for the regulation of fisheries may be strengthened in order to meet the challenges posed by changing fisheries and ocean conditions in particular climate change International fisheries law has developed significantly since the 1990s through the adoption and establishment of international instruments and bodies at the global and regional levels Global fish stocks nevertheless remain in a troubling state and fisheries management authorities face a wide array of internal and external challenges including operational constraints providing effective management advice in the face of

scientific uncertainty and non compliance by States with their international obligations This book examines these challenges and identifies options and pathways to strengthen international fisheries law While it has a primarily legal focus it also features significant contributions from specialists drawn from other disciplines notably fisheries science economics policy and international relations in order to provide a fuller context to the legal policy and management issues raised Rigorous and comprehensive in scope this will be essential reading for lawyers and non lawyers interested in international fisheries regulation in the context of profoundly changing ocean conditions
