The Haunting Of Sylvia Plath:

The Haunting of Sylvia Plath Jacqueline Rose, 1993 Since her death in 1963 at the age of thirty Sylvia Plath has become a strange icon an object of intense speculation of fantasy repulsion and desire Few twentieth century Western writers have inspired such a range of deeply felt responses not even her tombstone is allowed to rest in peace Admirers exalt Plath as a priestess of high art in a degenerate culture or see her work as an indictment of patriarchal society as she painfully experienced it in her relationships with her family her analysts and her husband poet Ted Hughes Detractors however see Plath as a seductive destructive death figure whose solipsistic negative rantings offend conventional mores and values In both popular and scholarly circles there seem to be no middle ground Jacqueline Rose stands back from the debates and looks instead at the swirl of controversy recognizing it as a phenomenon in itself one with much to tell us about how a culture selects and judges writers how we hear women's voices and how we receive messages from to and about our unconscious selves Rose frees Plath from the rigid opposition between psychoanalytic and feminist agendas and offers a new way of understanding Plath and ourselves jacket

Rose, 1992-04-16

The Other Sylvia Plath Tracy Brain, 2014-07-22 Despite being widely studied on both undergraduate and postgraduate courses the writing of Sylvia Plath has been relatively neglected in relation to the attention given to her life and what drove her to suicide Tracy Brain aims to remedy this by introducing completely new approaches to Plath's writing taking the studies away from the familiar concentration to reveal that Plath as a writer was concerned with a much wider range of important cultural and political topics Unlike most of the existing literary criticism it shifts the focus away from biographical readings and encompasses the full range of Plath's poetry prose journals and letters using a variety of critical methods

Beyond Blood Identities Jason D. Hill, 2009-10-28 Beyond Blood Identities uncovers the social psychology of those who hold strong blood identities In this highly original work Jason D Hill argues that strong racial ethnic and national identities which he refers to as tribal identities function according to a separatist logic that does irreparable damage to our moral lives Drawing on scholarship in philosophy sociology and cultural anthropology Hill contends that strong tribalism is a form of pathology Beyond Blood Identities shows how a particular understanding of culture could lead to a new theoretical approach to enriched human living Hill develops a new version of cosmopolitanism that he calls post human cosmopolitanism to solve a number of challenges in contemporary society From the problem of defining culture the failure of multiculturalism the question of who owns native culture the identification of Jews as post human people and the problem of their status as chosen people in a modern world the author applies a cosmopolitan analysis to some of the major problems in our global and interdependent world He posits a world in which community has been dispensed with and replaced by its successor term sociality the broad unmarked space in which creative social intercourse takes place Hill applies a new cosmopolitanism to ideate a new post humanity for the twenty first century

Hearts and Minds Michael Bibby, 1996 The early 1960s to the mid 1970s was one of the most turbulent periods in American history The U S military was engaged in its longest costliest overseas conflict while the home front was torn apart by riots protests and social activism In the midst of these upheavals an underground and countercultural press

emerged giving activists an extraordinary forum for a range of imaginative expressions Poetry held a prominent place in this alternative media The poem was widely viewed by activists as an inherently anti establishment form of free expression and poets were often in the vanguards of political activism Hearts and Minds is the first book length study of the poems of the Black Liberation Women s Liberation and GI Resistance movements during the Vietnam era Drawing on recent cultural and literary theories Bibby investigates the significance of images tropes and symbols of human bodies in activist poetry Many key political slogans of the period black is beautiful off our backs foreground the body Bibby demonstrates that figurations of bodies marked important sites of social and political struggle Although poetry played such an important role in Vietnam era activism literary criticism has largely ignored most of this literature Bibby recuperates the cultural historical importance of Vietnam era activist poetry highlighting both its relevant contexts and revealing how it engaged political and social struggles that continue to motivate contemporary history Arguing for the need to read cultural history through these underground texts Hearts and Minds offers new grounds for understanding the recent history of American poetry and the role poetry has played as a medium of imaginative political expression *Shakespeare and the Modern Poet* Neil Corcoran,2010-04-01

Shakespeare is a major influence on poets writing in English but the dynamics of that influence in the twentieth century have never been as closely analysed as they are in this important study More than an account of the ways in which Shakespeare is figured in both the poetry and the critical prose of modern poets this book presents a provocative new view of poetic interrelationship Focusing on W B Yeats T S Eliot W H Auden Ted Hughes and Sylvia Plath Neil Corcoran uncovers the relationships combative as well as sympathetic between these poets themselves as they are intertwined in their engagements with Shakespeare Corcoran offers many enlightening close readings fully alert to contemporary theoretical debates This original study of influence and reception beautifully displays the nature of poetic influence both of Shakespeare on the twentieth century and among modern poets as they respond to Shakespeare *Invented Lives, Imagined Communities*

William H. Epstein,R. Barton Palmer,2016-06-06 Biopics films that chronicle the lives of famous and notorious figures from our national history have long been one of Hollywood s most popular and important genres offering viewers various understandings of American national identity *Invented Lives Imagined Communities* provides the first full length examination of US biopics focusing on key releases in American cinema while treating recent developments in three fields cinema studies particularly the history of Hollywood national identity studies dealing with the American experience and scholarship devoted to modernity and postmodernity Films discussed include Houdini Patton The Great White Hope Bound for Glory Ed Wood Basquiat Pollock Sylvia Kinsey Fur Milk J Edgar and Lincoln and the book pays special attention to the crucial generic plot along which biopics traverse and showcase American lives even as they modify the various notions of the national character

Suicide Century Andrew Bennett,2017-10-05 *Suicide Century* investigates suicide as a prominent theme in twentieth century and contemporary literature Andrew Bennett argues that with the waning of religious and legal prohibitions on

suicide in the eighteenth and nineteenth centuries and the increasing influence of medical and sociological accounts of its causes and significance in the twentieth century literature responds to the act and idea as an increasingly normalised but incessantly baffling phenomenon Discussing works by a number of major authors from the long twentieth century the book explores the way that suicide makes and unmakes subjects assumes and disrupts meaning induces and resists empathy and insists on and makes inconceivable our understanding of ourselves and of others Post-Romantic Consciousness J.

Beer,2003-06-24 In this sequel to his *Romantic Consciousness* John Beer discusses further questionings of human consciousness both the degree to which Dickens's conscious dramatizing differs from the subconscious workings of his psyche and the exploration of subliminal consciousness by nineteenth century psychical researchers *Gender and the Poetics of Excess* Karen Jackson Ford,2011-02-25 The argument posed in this analysis is that the poetic excesses of several major female poets excesses that have been typically regarded as flaws in their work are strategies for escaping the inhibiting and sometimes inimical conventions too often imposed on women writers The forms of excess vary with each poet but by conceiving of poetic excess in relation to literary decorum this study establishes a shared motivation for such a strategy Literary decorum is one instrument a culture employs to constrain its writers Perhaps it is the most effective because it is the least definable The excesses discussed here like the criteria of decorum against which they are perceived cannot be itemized as an immutable set of traits Though decorum and excess shift over time and in different cultures their relationship to one another remains strikingly stable Thus nineteenth century standards for women's writing and late twentieth century standards bear almost no relation Emily Dickinson's do not anticipate Gertrude Stein's or Sylvia Plath's or Ntozake Shange's Yet the charges of indecorousness leveled at these women poets repeat a fixed set of abstract grievances Dickinson Stein Plath Jayne Cortez and Shange all engage in a poetics of excess as a means of rejecting the limitations and conventions of female writing that the larger culture imposes on them In resisting conventions for feminine writing these poets developed radical new poetics yet their work was typically criticized or dismissed as excessive Thus Dickinson's form is classified as hysterical and her figures tortured Stein's works are called repetitive and nonsensical Plath's tone is accused of being at once virulent and confessional Cortez's poems violent and vulgar Shange's work vengeful and self righteous The publishing history of these poets demonstrates both the opposition to such an aesthetic and the necessity for it **The Bronte Myth** Lucasta Miller,2007-12-18 In a brilliant combination of biography literary criticism and history *The Brontë Myth* shows how Charlotte Emily and Anne Brontë became cultural icons whose ever changing reputations reflected the obsessions of various eras When literary London learned that *Jane Eyre* and *Wuthering Heights* had been written by young rural spinsters the Brontës instantly became as famous as their shockingly passionate books Soon after their deaths their first biographer spun the sisters into a picturesque myth of family tragedies and Yorkshire moors Ever since these enigmatic figures have tempted generations of readers Victorian Freudian feminist to reinterpret them casting them as everything from

domestic saints to sex starved hysterics In her bewitching metabiography Lucasta Miller follows the twists and turns of the phenomenon of Bront mania and rescues these three fiercely original geniuses from the distortions of legend *The Concise New Makers of Modern Culture* Justin Wintle,2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms **Too Far for Comfort** Rana Tekcan,2014-08-01 The dynamic between the biographer and the subject is perhaps one of the most fascinating aspects of biography as a genre How does the biographer stage the illusion that is the narrative life the illusion that the subject assumes a living form through words In contrast to purely fictional forms biography writing does not allow total freedom to the biographer in this creative act Ideally a biography's backbone is structured by accurate historical facts But its spirit lies elsewhere The way a biographer captures the spirit of a subject is intriguingly shaped by the historical distance between the two We find three types of distance in biographical narrative First where the biographer and the subject personally know one another second where the biographer is a near contemporary of the subject and third where biographer and subject are distinctly separated in some cases by hundreds of years In this revised and expanded edition Rana Tekcan explores how some of the most accomplished biographers manage to recreate life across time and space She looks at their illusionary art through the narrative strategies in Samuel Johnson's Life of Savage James Boswell's Life of Johnson Lytton Strachey's Eminent Victorians Michael Holroyd's Lytton Strachey Park Honan's Jane Austen and Andrew Motion's Keats **Between the Sheets** Lesley McDowell,2012-02-28 The literary critic examines the love lives and career ambitions of some of the twentieth century's greatest female authors from Sylvia Plath to Ana's Nin Why did a gifted writer like Sylvia Plath stumble into a marriage that drove her to suicide Why did Hilda Doolittle H D want to marry Ezra Pound when she was far more attracted to women Why did Simone de Beauvoir pimp for Jean Paul Sartre In Between the Sheets author and feminist scholar Lesley McDowell examines nine famously troubled literary romances to arrive at a provocative insight into the motivations of these and other great female writers The list of the damages done in each of these sexual relationships is long but each provokes the same question would these women have become the writers they became without these relationships Delving into their diaries letters and journals McDowell examines the extent to which each woman was prepared to put artistic ambition before personal happiness and how dependent on their male writing partners they felt themselves to be

McDowell has culled incredibly juicy details With so many affairs and broken hearts the most surprising thing may be that anything got written in the last 100 years The New York Times Book Review
