Teachings of Silver Birch Silver Birch (Spirit),1998 *TEACHINGS OF SILVER BIRCH* Silver Birch,2013-07-30 Yes it is necessary to keep on spreading the teachings of Spiritualism even in Italy Throughout the centuries Spiritualism has always been hindered yet with different definitions from the one we use today it is the oldest movement known in the world it is always the same force of the Spirit that is in operation The philosophy of teachings like the ones you will find in this book reveals a true knowledge of the concept of God one that does not need intermediaries like churches or theology It reveals the bond of mediumship with God it brings back to us the instruments we need to reason on religiosity The demonstration mediumship gives us that life is eternal that the spirit and the soul are immortal has the purpose of bringing us back to the authentic knowledge of God as Jesus already did But Jesus Christ s teaching has been lost in many of its aspects by churches and by theology themselves The teachings of Spiritualism lead us to understand why each form of mediumship is a sacred gift at God s service always whose purpose is not only to prove us that life is eternal but also to make us aware that everything is in communion with God we are all part of the infinite Spirit of God The book is available with English text and Italian translation **Silver Birch Companion** Silver Birch (Spirit),Tony Ortzen,1999-12-01 **Philosophy of Silver Birch**

Spiritualism and mediumship are often regarded as the product of lingering superstition in the Victorian era and as having limited relevance in modern Anglo American society Scholarship to date which has considered Spiritualism as a distinct religious tradition has focussed on analysing the phenomenon in terms of spirit possession only This volume analyses the development of shamanism communication with the spiritual world as a concept within North American English speaking scholarship with particular focus on Mircea Eliade s influential cross cultural presentation of shamanism By re examining the work of Sergei Shirokogoroff one of Eliade s principal sources the traditional Evenki shamanic apprenticeship is compared

and identified with the new Spiritualist apprenticeship The author demonstrates that Spiritualism is best understood as a traditional shamanism as distinct from contemporary appropriations or neo shamanisms He argues that shamanism is the outcome of an apprenticeship in the management of psychic experiences and which follows the same pattern as that of the apprentice medium In doing so the author offers fresh insights into the mechanisms that are key to sustaining mediumship as a social institution **Guidance from Silver Birch** Anne Dooley,1966 **River of Life** Marilyn J. K. Nelson,2013-10-18 First published in 1969 this title explores the origins of Spiritualism as a religious movement The first part is a history of Spiritualism with a focus on its origins within America and the development of the organisation within itself Next Nelson considers the rise of Spiritualism in Britain using evidence taken from contemporary journals other publications and interviews Finally the Spiritualist movement is analysed in terms of sociological theory looking at the Church and the definition of a Cult as well as concepts of authority and leadership This is a fascinating work which will be of great interest to students researching the origins and development of the movement of Spiritualism and its relationship with society *Spectral Evidence* N. Quarterly Transactions ,1939 **The Third Path** Bud Carroll,2013-08-01 When I finished reading this book all I could say was WOW What a stunning piece of literary work It is concise brilliantly written backed by scientific findings with clear human logic and intelligence If this doesn't awaken the masses to delve into who and what they truly are I can't imagine what will Jerry Issa teacher of metaphysics Trenton Michigan This book will change your life if you let it If we are accidental beings on a remote planet in a vast universe existing for merely a blip in cosmic time what's the point of living at all Until we learn life is too significant to be a short lived brilliance that rises out of nothing and ends in nothing we will continue to live out our lives in what Thoreau saw as quiet desperation We sense the materialistic wall when we ask the question Is that all there is Without resorting to miracles or magic this book provides compelling evidence of life beyond the physical world by logically investigating the limitations of matter in the universe by examining the gaps in scientific theories and by analyzing what the mystics already know about a spiritual existence It takes a dedicated seeker with no preconceived ideas and no intent on arriving to see beyond the materialistic wall This book is intended to expand your awareness of life here and hereafter hopefully providing the spark that will start you on your own personal pilgrimage The mystics tell us we will be guided to the next step along our spiritual path when we are ready Are you ready AWARENESS The following might be the thoughts of those at different levels of awareness as they walk through a rose garden I want I wonder how much I could get for these roses I believe God created roses when He created the world and everything in it I doubt Roses evolved from wild flowering shrubs but most garden varieties are hybrids I seek How could anything as beautiful as a rose happen purely by chance I know Roses like all life on Earth are physical manifestations of spirit **The Spirit Book** Raymond
