Social Work In Focus Clients And Social Workers Perception In Long Term Social Work

Ian Shaw

Social Work In Focus Clients And Social Workers Perception In Long Term Social Work:

Social Work and the Third Way Bill Jordan, 2000-10-23 This lively book critiques New Labour assumptions and implementation of policies related to citizenship communities and welfare reform and the implications of current developments for social work Focusing explicitly on the UK the book nevertheless draws on examples and comparisons from other countries including notably Australia and the US but also countries in the EU and Central and Eastern Europe and some of the concerns and arguments will be appreciated by readers elsewhere International Social Work This book is a well written contribution to both the British Third Way debate and the welfare state literature The book will appeal to upper level undergraduates as well as scholars of British politics and the welfare state Political Studies Jordan begins by establishing New Labour's suspicion of local government framing its policy on welfare Fundamentally there exists a need for social workers to educate themselves as to the nature of this social experiment which New Labour has embarked upon It challenges social workers to be aware This is an interesting and at times challenging book reiterating the history and roots of current ideology within government The work is grounded in a contemporary context of social services and social work practice challenging the withdrawal of social work behind a barrier of managerialism budget control form filling into office based assessment and rationing Finally it offers a satisfying critique to the dominant hegemonic of evidence based practice arguing for research at the level of means rather than the technical Jordan similarly argues in his conclusion that all of the government white papers guidelines etc indicate a lack of clarity of purpose and method social work should retain its belief in a human and creative activity which engages with people's emotions as well as their rights and obligations British Journal of Social Work The New Labour government in the UK is committed to a programme of reform of the welfare state that will pull away safety nets and replace them by trampolines to bounce citizens back into active participation Its regime of tough love will make more demands on those claiming benefits and services as well as clamping down on dependency fraud and crime This will be done by changing the culture of welfare agencies towards promoting achievement and independence as well as meeting genuine need In *Social Work and the Third Way* Bill Jordan provides an accessible and lively analysis of the tensions between toughness and love in the Third Way's political philosophy and the problems of implementing New Labour's programme He looks at the government's reliance on face to face methods for activating citizens and changing their behaviour in many of its initiatives On the one hand New Labour places a surprising amount of faith in the ability of counsellors and advisers to bring about the changes it requires yet it is highly suspicious of the public sector in general and local authorities in particular as part of the forces of conservatism in the UK Hence it spawns new agencies and projects often with a strong enforcement ethos and regulates the whole implementation process through strict top down surveillance In all this professional social work and local authority social services are relegated to a tightly circumscribed role in social care The author argues for a new more generous and expansive approach to practice which can do justice to the challenges

of change under New Labour's regime and in doing so Social Work and the Third Way provides an important and topical contribution to the debate on the future of the Welfare State and will be essential reading for students and researchers in social work social policy and politics *Social Work in Focus* Eric Sainsbury, Stephen Nixon, David Phillips, 1982

Practising Social Work Christopher Hanvey, Terry Philpot, 2002-08-26 Practising Social Work provides a systematic exploration of a range of social work approaches Each chapter focuses on a single theme and explains the practice implications of a particular method *Appraising and Using Social Research in the Human Services* Michael Sheppard, 2004 This accessible introduction provides social work students and practitioners with the knowledge they need both to evaluate research and to apply it to their own practice Exploring a range of research methodologies the author discusses the strengths and limitations of each and shows the reader how to identify the assumptions underlying them **Evaluating Social Work Effectiveness** Cheetham, Juliet, Fuller, Roger, McIvor, Gill, 1992-10-01 Social work has an impact on large numbers of citizens through its services for children and families elderly people those with mental or physical health problems and offenders It also provokes much criticism its effectiveness is questioned and there are increasing demands for this to be demonstrated This text discusses how this task may be tackled and explores possibilities for evaluative research in contexts which are often not considered feasible for such enquiry Paying particular attention to the diverse and complex functions of social work the book reviews the implications for choosing and adapting research methodologies emphasizes the importance of identifying the process of social work as well as its outcomes and distinguishes between the identification of effectiveness and its evaluation It also describes the various means of dissemination which are necessary if research is to influence policy and practice The book which gives many examples of research in action draws on evaluative research in Britain and the US and also on the experience of the Social Work Research Centre It has been written for researchers managers practitioners and students with responsibilities to undertake or to understand the systematic evaluation of social work **Social Work Education and Training** Joyce Lishman, 2011-09-15 This volume provides an overview of social work education including the background and current context It covers the key debates surrounding social work education such as the evaluation of Social Work Education the use of IT research mindedness and the effectiveness of interdisciplinary education *Social Work Ethics* Chris Clark, 1999-12-06 This book offers a critical introduction to professional ethics for social workers It recognises that social work is largely a state sponsored activity and therefore poses issues in political theory The traditional values and rules of practice ethics are explained using plentiful examples The critique is followed by an innovative concept of social work and its relationship to the state A new approach to practice ethics is developed based on four cardinal principles of respect justice citizenship and discipline *The Emotionally Intelligent Social Worker* David Howe, 2008-04-25 Winner of the CHOICE Outstanding Academic Titles this key textbook offers an insight on the theory of emotional intelligence and its vital practical value Elegantly and succinctly written it makes a powerful case for the importance of understanding and

managing emotions for effective professional practice Written for students and practitioners alike across a range of human services and caring professions Howe s work on attachment theory has been hugely influential With a highly regarded reputation for setting the agenda in social work teaching the author s skills in communicating important theory in an engaging language make of this essential textbook a must have for all current and future practitioners of the field Social Work Skills and Knowledge: a Practice Handbook Pamela Trevithick,2011-11-16 What a sensible book a book born of much wisdom and practical experience Pamela Trevithick takes the reader on a wonderfully clear but thorough journey of social work s knowledge skills and values in which theories are elegantly put into practice The whole enterprise is reassuringly held together by a strong commitment to organised thinking and the value of the social work relationship For those who want to sharpen their ideas while keeping their practical feet firmly on the ground this is the book for you Professor David Howe University of East Anglia UK This new edition is an excellent resource for practitioners students and indeed managers in social work and social care who are committed to effective practice and service delivery Trevithick provides a comprehensive knowledge and skills framework and excellent practice examples to enable the reader to apply the knowledge to undertaking skilled and effective practice This is a clear readily understandable and comprehensive text which also integrates the complexity of practising social work I highly recommend it Professor Joyce Lishman recently retired as Head of School of Applied Social Studies Robert Gordon University UK A fantastic guide to social work practice and one I would recommend for the bookshelf of any social work student It has a user friendly style that presents issues in an accessible way Kate Grant Social Work Student University of Bristol UK A brilliant MUST BUY book for all social workers It covers an amazing range of issues which are easy to find using the index I will use it constantly throughout my career Amanda Moorcroft Social Work Practitioner UK Since its first publication in 2000 this best selling text has been an invaluable resource for thousands of social workers preparing for life in practice Written by an influential academic practitioner it is widely regarded as the leading book in its field The third edition has been thoroughly updated to include sections on theoretical factual and practice knowledge Key features include 4 new chapters that integrate theory and practice in a Knowledge and Skills Framework or map of professional practice 80 social work skills and interventions 12 appendices describing a range of different social work approaches A wide range of practice examples linking theory and practice Social Work Skills is essential reading for all social work students and a valuable reference tool for practising social workers social services managers and human service professionals *Virtue Ethics in Social Work Practice* Richard Hugman,Manohar Pawar,A. W. (Bill) Anscombe,Amelia Wheeler,2020-08-09 Using evidence from research with practitioners integrated with wider material about virtue ethics in the helping professions this book explores important types of virtue that are central to developing and sustaining excellence in social work Comprised of ten chapters and drawing on extensive research with social workers as well as wider debates and analysis the discussion carefully concentrates on everyday experiences and achievements This approach enables the book to

avoid an idealized and prescriptive approach by making clear that virtues vary between contexts and individuals while at the same time clearly marking out qualities and characteristics of social work that are foundational to the development of practitioners and of the profession as a whole It will be required reading for students on all BSc BSW and MSc MSW courses on professional ethics or preparation for practice It will also be of interest to practitioners in other professions including human services health education and social development or development studies **Applied Research for Better**

Practice Angela Everitt,Pauline Hardiker,Jane Littlewood,Audrey Mullender,1992-09-02 Addressing the alienation of practitioners from positivist and quantitative research this book shows how research can be compatible with how practitioners collect and understand data Drawing on research approaches that take account of subjectivity and employ participative methods the authors develop an approach to practice for the research minded practitioner Whilst useful for practitioners wanting to do research the primary intention of this book is to explore ways in which practitioners may be research minded in their work **On Being a Client** David Howe,1993-07-20 This book explores what clients have to say about their experience of the psychotherapeutic process David Howe observes that regardless of the therapist s theoretical orientation clients say similar things about their experience of being helped and not being helped It is the non specifics of genuineness a secure trusting atmosphere empathy and warmth that offer the vehicle for encouraging a dialogue of personal intimate material and of making sense and understanding when we are in pain puzzled or worried This is an easy and gentle read For those interested in Attachment Theory this would be a useful addition to their bookshelf Clinical Psychology Forum There is a growing interest in what clients have to say about their experiences of counselling and psychotherapy In a powerful analysis of this subject David Howe identifies a number of clear and potent messages He explores such questions as why clients say the things they say and why the therapeutic alliance holds out such promise and using the client s experience as a platform seeks to create a general theory of counselling and psychotherapy The author draws on a number of new and exciting ideas emerging in developmental psychology sociology and the brain sciences to discuss the process by which the human infant becomes an individual as well as a competent social being From the basis that the social and psychological structures which generate the client s experience underlie all psychotherapeutic encounters the book then explores how the self forms and then re forms in social relationships including those established during counselling and psychotherapy In conclusion the reader is invited to consider a number of thought provoking claims about the universal qualities that characterize good and bad practice in all schools of counselling therapy and the helping process **The SAGE Handbook**

of Social Work Research Ian Shaw,2009-12-10 This is an ambitious book It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map Ian Sinclair University of York UK This terrific

Handbook provides an essential map for navigating the complex currents of social work research today. It resists polemical and simplistic binaries to chart a course that emphasizes diversity, pluralism, and sensitivity to political contexts in many featured exemplars. As key chapters note, inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research. Rather than patch over differences, the volume invites us to understand historical roots of unresolvable tensions and live with them. The international scope of the volume is unique: scholars from more than a dozen different countries were involved, and its broad scope counters the tendency toward parochialism of much North American literature. The Handbook should be essential reading for students and academics.

Catherine Riessman, Boston University, USA

The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research, offering an original and defining statement on contemporary theory and practice within the field. The groundbreaking Handbook engages critically with the nature and role of social work research and evaluation in contemporary societies around the globe and asks four key questions: What is the role and purpose of social work research? What contexts shape the practice and purpose of social work research? How can we maximise the quality of the practice of social work research? How can the aims of social work in its varied domains be met through social work research? Ranging over local, national, and international issues and exploring questions of theory and practice, this is a diverse and constructively organized overview of the field. It will quickly be recognized as a benchmark in the expanding field of social work research, setting the agenda for future work in the arena.

The New Criminology Ian Taylor, Ian Taylor, M.B., Paul Walton, Jock Young, 2002-11. A major contribution to criminology in which Taylor, Walton, and Young provide a framework for a fully social theory of crime.

Ethics in Qualitative Research Tina Miller, Maxine Birch, Melanie Mauthner, Julie Jessop, 2012-09-13. This fresh, confident second edition expands its focus on the theoretical and practical aspects of doing qualitative research in light of new ethical dilemmas facing researchers today. In a climate of significant social and technological change, researchers must respond to increased ethical regulation and scrutiny of research. New sources, types of data, and modes of accessing participants are all challenging and reconfiguring traditional ideas of the research relationship. This engaging textbook explores key ethical dilemmas including research boundaries, informed consent, participation, rapport, and analysis within the context of a rapidly changing research environment. The book effectively covers the ethical issues related to the data collection process, helping readers to address the ethical considerations relevant to their research. This fully updated new edition maps the changing and increasingly technology-reliant aspects of research relationships and practices. Provides researchers with guidance through practical examples, enabling those engaged in qualitative research to question and navigate in ethical ways. This book is essential reading for all those engaged in qualitative research across the social sciences.

The Social Work Field Placement John Poulin, Selina Matis, Heather Witt, 2023-01-30. Helps students to integrate social work education with field placement learning experiences in a purposeful

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Social Work In Focus Clients And Social Workers Perception In Long Term Social Work full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Social Work In Focus Clients And Social Workers Perception In Long Term Social Work eBooks, including some popular titles.

FAQs About Social Work In Focus Clients And Social Workers Perception In Long Term Social Work Books

What is a Social Work In Focus Clients And Social Workers Perception In Long Term Social Work PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Social Work In Focus Clients And Social Workers Perception In Long Term Social Work PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Social Work In Focus Clients And Social Workers Perception In Long Term Social Work PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements

within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Social Work In Focus Clients And Social Workers Perception In Long Term Social Work PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Social Work In Focus Clients And Social Workers Perception In Long Term Social Work PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
