Teens and territory in 'post-conflict' Belfast Madeleine Leonard, 2017-08-15 This book provides a thought provoking and comprehensive account of teenagers perceptions and experiences of the physical and symbolic divisions that exist in post conflict Belfast By examining the micro geographies of young people from segregated areas and drawing attention to the social practices discourses and networks that directly or indirectly shape how teenagers make sense of and negotiate life in Belfast the book provides a timely response to the neglect of the experiences of young people growing up in post conflict societies The voices of these young people need to be heard alongside the often partial accounts of young people who live in communities that have benefitted from the peace process While both are part of the post conflict generation how this plays out in the daily practices and experiences of those who continue to reside in segregated communities needs to be articulated and understood before Belfast can truly claim its post conflict status

Social Conflict in the Age of Justinian Peter N. Bell, 2013-04-04 Social Conflict in the Age of Justinian explores a range of often violent conflicts across the whole empire during AD 527-565 These conflicts were reflected at the ideological level and lead to intense persecution of intellectuals and Pagans as an ever more robust Christian ideological hegemony was established

Unionists, Loyalists, and Conflict Transformation in Northern Ireland Lee A. Smithey, 2011-08-31 In Northern Ireland a once seemingly intractable conflict is in a state of transformation Lee A Smithey offers a grassroots view of that transformation drawing on interviews documentary evidence and extensive field research He offers essential models for how ethnic and communal based conflicts can shift from violent confrontation toward peaceful co existence Smithey focuses particularly on Protestant unionists and loyalists in Northern Ireland who maintain varying degrees of commitment to the Protestant faith the Crown and and Ulster

British identity He argues that antagonistic collective identities in ethno-political conflict can become less polarizing as partisans adopt new conflict strategies and means of expressing identity Consequently the close relationship between collective identity and collective action is a crucial element of conflict transformation Smithey closely examines attempts in Protestant unionist loyalist communities and organizations to develop more constructive means of expressing collective identity and pursuing political agendas that can help improve community relations Key leaders and activists have begun to reframe shared narratives and identities making possible community support for negotiations demilitarization and political cooperation while also diminishing out group polarization As Smithey shows this kind of shift in strategy and collective vision is the heart of conflict transformation and the challenges and opportunities faced by grassroots unionists and loyalists in Northern Ireland can prove instructive for other regions of intractable conflict
