Social Security And Medicare A Policy Primer:

Social Security and Medicare Eric Kingson, Edward D. Berkowitz, 1993-08-30 Social Security and Medicare are of compelling concern to virtually all Americans because they impact lives so enduringly and directly through the protection they afford and the costs they entail. It is indeed the extraordinary social welfare commitment these programs represent and their concomitant expense that provoke such determined support and such fiscal concern. Kingson and Berkowitz provide a thorough, balanced and highly accessible explanation of Social Security and Medicare. They explain the dilemmas facing policymakers and describe through historical development how the programs evolved and their present status. The authors superbly convey the complexity of issues while also clearly presenting the factual information essential to the understanding and discussion. Such key considerations as the adequacy of protection, the financing problems, issues of fairness, the response to disability and the health care needs of the elderly are particularly focused on. The authors are sensitive to the social welfare nature of the programs. A truly essential book not only for the classroom but the offices and living rooms of writers, administrators, planners, policymakers, social service practitioners and the general public. **Social Security Bulletin**, 1994

Robert Ball and the Politics of Social Security Edward D. Berkowitz, 2003 Berkowitz tells the inside story of Social Security politics including controversies during the 1970s, Congressional rescue of the program in 1983 and the ongoing debates about structure and solvency that have enveloped the program since the 1990s. He looks at how the Social Security Administration gained and nearly lost a reputation for administrative competence, how Medicare was put into operation and why campaigns to create national health insurance have failed. Jacket Social Security And Its Enemies Max J. Skidmore, 2019-07-11 This book explains the history and principles of the social security system. It explains why social security is sound and documents the covert war against social insurance that dates back to the passage of the Social Security Act in 1935, explaining how the opposition emerged with a vengeance. The Economics of Medicare Reform Andrew J. Rettenmaier, Thomas Robert Saving, 2000 Describes factors that will lead to the collapse of Medicare and gives recommendations for preserving the program's future. Examines major problems of financing Congress' penchant for expanding the scope of Medicare without committing additional revenues and the growing elderly population. Recommends trashing the current generational transfer method of financing in favor of a system that requires each age cohort to insure itself against retirement medical expenses. Rettenmaier is a research scientist and Saving is director at the Private Enterprise Research Center at Texas A&M University. Annotation copyrighted by Book News Inc. Portland, OR. **The Political Life of Medicare** Jonathan Oberlander, 2003-06 In recent years, bitter partisan disputes have erupted over Medicare reform. Democrats and Republicans have fiercely contested issues such as prescription drug coverage and how to finance Medicare to absorb the baby boomers. As Jonathan Oberlander demonstrates in *The Political Life of Medicare*, these developments herald the reopening of a historic debate over Medicare's fundamental purpose and structure. Revealing how Medicare

politics and policies have developed since Medicare's enactment in 1965 and what the program's future holds Oberlander's timely and accessible analysis will interest anyone concerned with American politics and public policy health care politics aging and the welfare state Social Security in the 21st Century Eric R. Kingson, 1997 Members of the National Academy of Social Insurance explain basic facts and offer an understanding of the complexities surrounding Social Security for educators students journalists policymakers and the general public After a historical and conceptual overview section chapters address commonly asked questions about Social Security considering issues such as means testing and the economic role of trust funds Other sections examine institutional and administrative issues and offer alternative perspectives Annotation copyright by Book News Inc Portland OR **From Nursing Homes to Home Care** Marie E Cowart, Jill Quadagno, 2013-11-26 Older people who would prefer to stay in their homes and states whose funds are being depleted by the rising costs of Medicaid payments to nursing homes find the current system of long term care unsatisfactory From Nursing Homes to Home Care arms educators policymakers public health professionals gerontologists and advocacy groups with the information they need to participate knowledgeably in the debate about aging and long term care needs The book shows readers where things are where they are going and where they need to be in changing the system of long term care From Nursing Homes to Home Care evaluates future needs for long term care by analyzing on going systems and assessing key features of proposed long term programs in the context of population aging Readers gain a thoughtful analysis of the complex dimensions of making future long term care policy and program decisions as they read about patterns of demographic aging disability and health needs intersections of formal and informal care including intergenerational equity issues long term care services needs and accessibility planning for funding quality assurance and range of services implications of shifts from the current system to a system of home and community based services Chapters in From Nursing Homes to Home Care express the collective thinking of leaders in long term care policy and research Contributors address implications for changing the current system in relation to the emerging needs of the aging population and use this as a basis for examining alternative decisions Information in the book helps readers determine how to best blend formal and informal services how to assure quality of care and quality of life in long term care policy how to finance devised programs which health needs to address and whether to use regulatory or competitive approaches Professionals educators and students and policymakers at all levels learn about factors to consider in policy planning and decision making including features of aging baby boomers trends in the growth of the aged population newly emerging trends in morbidity disability and mortality and their effect on the demand for long term care in the short and long term access issues from the perspective of the historical evolution of publicly funded long term care services the distribution of formal and informal systems of care utilization patterns of the minority and poor how to pay for care how to design an appropriate mix of services how to maintain quality with efficiency and how to mesh services with social and family values From Nursing Homes to Home Care is an invaluable

resource in evaluating and advocating policy changes and decisions for an improved long term care system **Civil Rights in the United States** Hugh Davis Graham,2010-11-01 *American Capitalism and the Changing Role of Government* Harry G. Shaffer,1999-07-30 The conventional wisdom has it that a balanced budget is the height of economic rationality that social security should be privatized and that most adult welfare recipients could and should get jobs All our social and economic problems we are told are due to too much government if we only left the American free enterprise system alone the free market would heal all that ails our society and lead to lasting prosperity Challenging these widespread stereotypes and myths this book starts with the fundamental theory underlying capitalist ideology showing that even in theory an unfettered free market cannot deal effectively with the many needs of a modern economy Our society has many social goals to which the great majority subscribe goals such as sustained full employment universal health care and quality education for all The free market will not the author argues bring us quality education for every American child affordable universal health care Social Security for the elderly assistance for the poor or protection of the environment Only an active participant government can affect positive change in such areas of social concern *A World Growing Old* Daniel Callahan,1996-08-01 For much of the developed world health care for a surging elderly population looms as one of the most daunting problems of the coming decade In this book contributors from diverse disciplinary backgrounds and countries discuss resource allocation for the elderly and debate plans for the years ahead Essays focus on five general issues the meaning of old age the goals of medicine and health care for the elderly the balance between the needs of the young and old the pressures of other social priorities and the role of families especially the burden on women in long term care In consideration of the difficult moral and practical issues involved the editors conclude the volume with a special report containing policy recommendations from representatives of eight countries the United States Belgium the Czech Republic Germany Hungary the Netherlands Sweden and the United Kingdom This important volume will be of interest to policymakers and a broad spectrum of health care professionals as well as to anyone interested in the fate of the elderly or in coming health care challenges Poverty Professor John Dixon,John Dixon,David Macarov,2002-01-04 This book addresses the long standing global issue of poverty An introductory chapter explores concepts and definitions of poverty the subsequent chapters providing detailed examinations of poverty in ten different countries UK USA Australia Canada Hong Kong Ireland Malta The Netherlands The Philippines and Zimbabwe Each chapter follows a consistent format to facilitate comparison and focuses on the following issues the socio economic and historical context within which poverty exists the extent and nature of poverty its causes the measures that have been taken to mitigate it This book will be essential reading for students of social policy and administration as well as development studies and anthropology Mr. Social Security Edward D. Berkowitz,1995 He played that role so well that he prompted Senator Paul Douglas s wry comment that an expert on Social Security is a person who knows Wilbur Cohen s telephone number *Medicare Program Efficiency and Integrity* United States. Congress. House. Committee on Energy and

Commerce. Subcommittee on Health,2008 Social Security Works! Nancy Altman,Eric Kingson,2015-01-21 A growing chorus of prominent voices in Congress and elsewhere are calling for the expansion of our Social Security system people who know that Social Security will not go broke and does not add a penny to the national debt Social Security Works will amplify these voices and offer a powerful antidote to the three decade long billionaire funded campaign to make us believe that this vital institution is destined to collapse It isn't From the Silent Generation to Baby Boomers from Generation X to Millennials and Generation Z we all have a stake in understanding the real story about Social Security Critical to addressing the looming retirement crisis that will affect two thirds of today's workers Social Security is a powerful program that can help stop the collapse of the middle class lessen the pressure squeezing families from all directions and help end the upward redistribution of wealth that has resulted in perilous levels of inequality All Americans deserve to have dignified retirement years as well as an umbrella to protect them and their families in the event of disability or premature death Sure to be a game changer Social Security Works cogently presents the issues and sets forth both an agenda and a political strategy that will benefit us all At stake are our values and the kind of country we want for ourselves and for those that follow **The Social Medicine**

Reader Gail Henderson,1997 To meet the needs of the rapidly changing world of health care future physicians and health care providers will need to be trained to become wiser scientists and humanists in order to understand the social and moral as well as technological aspects of health and illness The Social Medicine Reader is designed to meet this need Based on more than a decade of teaching social medicine to first year medical students at the pioneering Department of Social Medicine at the University of North Carolina The Social Medicine Reader defines the meaning of the social medicine perspective and offers an approach for teaching it Looking at medicine from a variety of perspectives this anthology features fiction medical reports scholarly essays poetry case studies and personal narratives by patients and doctors all of which contribute to an understanding of how medicine and medical practice is profoundly influenced by social cultural political and economic forces What happens when a person becomes a patient How are illness and disability experienced What causes disease What can medicine do What constitutes a doctor patient relationship What are the ethical obligations of a health care provider These questions and many others are raised by The Social Medicine Reader which is organized into sections that address how patients experience illness cultural attitudes toward disease social factors related to health problems the socialization of physicians the doctor patient relationship health care ethics and the provider's role medical care financing rationing and managed care **Final Report on the Social Security "notch" Issue** United States. Commission on the

Social Security "Notch" Issue,1994 **Challenges of an Aging Society** Rachel Pruchno,Michael A. Smyer,2007-09-10 In this important and timely collection some of the best minds in gerontology and bioethics including Nancy Dubler Rick Moody Andrew Achenbaum Robert Hudson and Robert Binstock explore the ethical social and political challenges of an aging society A unique combination of disciplines and perspectives from economics to nursing psychology to theology this valuable

synthesis of theory and practice provides frameworks and analyses for considering the ethical issues of both individual and societal aging The contributors address the major policy challenges of Social Security Medicare and prescription drugs as well as ethical issues ranging from individual autonomy to family responsibility to distributive justice Specific topics covered include end of life decision making family relations across generations age based intergenerational policies and the reform of Social Security Contributors W Andrew Achenbaum Ph D University of Houston Houston Vern L Bengtson Ph D University of Southern California Los Angeles Robert H Binstock Ph D Case Western Reserve University Christine E Bishop Ph D Brandeis University Thomas R Cole Ph D University of Texas Medical School at Houston Peter A Diamond Ph D Massachusetts Institute of Technology Nancy Neveloff Dubler LL B Albert Einstein College of Medici Msgr Charles J Fahey Fordham University Lucy Feild Ph D R N Partners Human Research Quality Improvement Program Martha B Holstein Ph D DePaul University Robert B Hudson Ph D Boston University Eric R Kingson Ph D Syracuse University Ronald J Manheimer Ph D University of North Carolina at Asheville Kyriakos S Markides Ph D University of Texas Medical Branch Daniel C Marson J D Ph D University of Alabama at Birmingham H Rick Moody Ph D AARP Peter R Orszag Ph D Brookings Institution Rachel Pruchno Ph D University of Medicine and Dentistry of New Jersey School of Osteopathic Medici Norella M Putney Ph D University of Southern California Los Angeles Michael Smyer Ph D Boston College Bruce Stuart Ph D University of Maryland Melanice A Wakeman Ph D California State University Los Angeles Steven P Wallace Ph D University of California at Los Angeles John B Williamson Ph D Boston College

Social Security and the Family Melissa M. Favreault, Frank Sammartino, C. Eugene Steuerle, 2002 As the baby boom generation gets closer to retirement the debate over Social Security reform becomes more urgent Unfortunately policymakers remain fixated on individual accounts and other ways for the system to accumulate more savings This narrow focus ignores an equally important if not more important challenge how to address the needs of those who have been left out as demographics and work habits have changed the structure of the American family In this book budget experts and social scientists examine the history of family benefits in Social Security and show how changes in the retired population have affected the nature of these benefits and their ability to serve the elderly They examine the current structure of spousal and survivors benefits and evaluate a variety of reform proposals including individual accounts that could improve the living standards of the neediest Social Security beneficiaries It is essential analysis for anyone concerned about the future of America's most successful social program

Rostenkowski Richard E. Cohen, 2000-08-21 This scrupulous political biography of Dan Rostenkowski follows his rise to power from modest origins in the Democratic ward politics of Chicago's Polish northwest side through his national legislative triumphs and ultimately to his criminal conviction and imprisonment for abuses of House practice But the story offers much more than Rostenkowski's personal tragedy it's a tale of the transformation of American political life and of the fall of old fashioned congressional politics An insider's story Anybody wanting to understand Congress and its place in American politics should read it Jim Wright Masterful not just a

book on Rostenkowski Cohen has spun the tale of the entire modern period of Congress Larry Sabato
