Tall Strangerthe:

Stranger Edward Vine, 2020-09-02 Book Delisted *Harper's Weekly* John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1885 **Cowboy Politics** John S. Nelson, 2017-11-01 The politics of popular westerns are surprising in substance and significance especially of late Cowboy Politics shows how westerns in literature cinema and television face the challenges of Western Civilization even more than the perils of American frontiers Its strategy is to compare key westerns with major theories of modern and postmodern politics So it analyzes novels from Owen Wister to Zane Grey and Larry McMurtry It focuses on films from the western revival beginning in the 1990s and featuring Clint Eastwood's *Unforgiven* while its interest in TV stretches from singing cowboys and *Gunsmoke* to David Milch's *Deadwood* Critics are apt to find in westerns the modern politics of Thomas Hobbes and John Locke They tap devices of individuality rationality contract sovereign enforcement and representation to overcome the chaotic violence of a wild zone Cowboy Politics examines how westerns often find such measures insufficient to tame the West as a culture of honor and anger that deteriorates into feudal vengeance Instead westerns see the West as the sunset land that is already growing old and moving on So westerns seek fresh starts informed by comparing civilizations more than demonizing savages Westerns worry that modern politics devolve into exploitation oppression spectacle and terror So they pursue supplements in such postmodern politics as republicanism perfectionism populism feminism and environmentalism Especially westerns explore politics of persuasive speech in action in public doing beauty and self reliance in the modes of Hannah Arendt and Ralph Waldo Emerson The first two chapters of *Cowboy Politics* explain how westerns do political theory for popular audiences by making many of our myths the symbolic stories of individuals and communities which we live daily The next three chapters trace the initially modern theories of government in many westerns Then western turns to republican honor rhetoric response ability and character tracking occupy the following four chapters And these set the stage for another four chapters on western attention to postmodern terror mythmaking celebrity spectacle and forgiveness The final two chapters analyze how late satirical and transformative westerns develop realist defenses for their surprisingly postmodern politics *The Crooks' Shadow* Joseph Jefferson Farjeon, 1927 The crook's shadow is known and feared for his silent trackless crimes It is he who steals Mr Purdell's diamonds to the distress of Rachel Meredith the old man's secretary Rachel assists Inspector Strood in his search for the crook's shadow yet curiously enough when they find him they let him go Book Review Digest 1927 *Democracy and Beauty* Robert Gooding-Williams, 2025-06-03 What is beauty and what is its political function In what ways might it help undermine white supremacy and cultivate a more democratic political culture *Democracy and Beauty* shines a light on W E B Du Bois's attempts to answer these questions during the decade surrounding the First World War and in so doing offers a groundbreaking account of the philosopher's aesthetics Robert Gooding Williams

reconstructs Du Bois's defense of the political potential of beauty to challenge oppressive systems and foster an inclusive democracy. White supremacy is a powerful force that defies rational revision, Du Bois argued, because it is rooted in the entrenched routines of its adherents. Beauty, however, has a distinctive role to play in the struggle against white supremacy. It can strengthen resolve and ward off despair by showing the oppressed that they can alter their social world, and it can unsettle and even transform the pernicious habits that perpetuate white supremacy. Gooding Williams also explores Du Bois's account of the interplay among white supremacy, Christianity, capitalism, and imperialism, as well as key tensions in his work. A rich engagement with Du Bois's philosophy of beauty, this book demonstrates the relevance of his social thought and aesthetics to present-day arguments about Black pessimism, Black optimism, and the aesthetic turn in Black studies. The Unflinching Collection Stuart G. Yates, 2022-07-08 All five books in *Unflinching*, a series of western novels by Stuart G. Yates now in one volume. *Unflinching*: In the brutal unforgiving West, a dozen years after the California Gold Rush, a lone Pinkerton detective is on the trail of two vicious killers. When a famous ex-general's daughter is kidnapped, Detective Simms is assigned with bringing her home. Forged in the Mexican War, this man of steel knows how to survive and how to kill. But he will need all of his skill and guile if he is to survive this unforgiving land and bring the General's daughter home. And then it gets personal. In *The Blood*, desperadoes are taking advantage of the fledgling railroads that cut through the endless plains, and the Pinkertons are charged with protecting the valuable cargo. After a powerful group sets their eyes on the scarcely guarded carriages, Simms begins to shadow the train robbers. But soon he realizes that someone is hunting him instead. One of them will end up six feet under by the bullet. *To Die In Glory*: Three men ride into the town of Glory, and by the look of them, they are not coming to enjoy themselves. After a brief meeting with the local law enforcement, the sheriff lies gunned down. Meanwhile, things are not going too well for Detective Simms. His only way of facing a recent loss is to seek solace from the bottom of a bottle. But soon his skills are called upon again as he hears of a telegram sent from Glory: a cry for help. Promises will be broken. People will die. And in the end, Simms will have to use all his guile and experience to survive. *A Reckoning*: Someone is hell-bent on killing Detective Simms of the Pinkerton Detective Agency. While investigating a clutch of brutal murders, Simms is dragged into a life-and-death struggle with a bunch of desperadoes, a gunfighter, and a double-crossing U.S. Marshall by the name of Dixon. This will not be the easiest time of his life, nor the most peaceful. By the end of it, a lot of people will end up dead. All Simms needs to do is make sure he isn't one of them. *Blood Rise*: After the murder of a U.S. Senator, Pinkerton Detective Simms is tasked with bringing the killer to justice. This would be a simple case for someone as determined and experienced as Simms, but shadowing him is someone far more dangerous and deadly than mere hired murderers. Across the unforgiving Territories comes a spectre of death, and once again Simms finds himself in a struggle for survival against an old enemy who will stop at nothing to achieve his goal: the death of Detective Simms. *In The Blood* Stuart G. Yates, 2022-02-01 Detective Simms of the Pinkerton Detective Agency receives orders for another mission. Desperadoes are taking advantage of

the fledgling railroads that cut through the endless plains and the Pinkertons are charged with protecting the valuable cargo After a powerful group sets their eyes on the scarcely guarded carriages Simms begins to shadow the train robbers But soon he realizes that someone is hunting him instead One of them will end up six feet under by the bullet **The School News**
