Targeting Immigrants Government Technology And Ethics:

Targeting Immigrants Jonathan Xavier Inda, 2005-11-11 This book is concerned with the government of illegal immigration since the passage of the U S Immigration Act of 1965 exploring how certain mentalities and intellectual machineries have rendered illegal immigrants as targets of government Examines how various authorities have created knowledge about and constructed illegal immigration as an ethical problem Analyzes the tactics that have been deployed to govern immigration particularly at the US Mexico border Using an ethnographic approach draws on primary source materials including government publications archival documents newspapers and popular magazines Studies measures e g Operation Gatekeeper and Operation Hold the Line for reforming the conduct of illegal immigrants in order to forestall illicit border crossings Frames the study of immigration within Foucauldian theories of governmentality Highlights the role of numbers and statistics in constructing the illegal immigrant

Multicultural America Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America This distinction is important considering the following NPR report by Eyder Peralta Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations Both non Hispanic whites and blacks are getting older as a group These groups are tending to fade out he added Another demographer William H Frey with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors

Power and the

State Martin J. Smith, 2009-08-14 In this important new text Martin Smith reassesses traditional debates about power and how they understand the nature and impact of the state He develops an analysis of the new forms of state power that have developed in response to the perceived challenges of globalization and governance Migrant Crossings Annie Isabel Fukushima, 2019-07-09 Migrant Crossings examines the experiences and representations of Asian and Latina o migrants trafficked in the United States into informal economies and service industries Through sociolegal and media analysis of court records press releases law enforcement campaigns film representations theatre performances and the law Annie Isabel Fukushima questions how we understand victimhood criminality citizenship and legality Fukushima examines how migrants legally cross into visibility through frames of citizenship and narratives of victimhood She explores the interdisciplinary framing of the role of the law and the legal system the notion of perfect victimhood and iconic victims and how trafficking subjects are resurrected for contemporary movements as illustrated in visuals discourse court records and policy Migrant Crossings deeply interrogates what it means to bear witness to migration in these migratory times and what such migrant crossings mean for subjects who experience violence during or after their crossing **The Paradox of Citizenship in American Politics** Mehnaaz Momen, 2017-08-28 This remarkable book does the unusual it embeds its focus in a larger complex operational space The migrant the refugee the citizen all emerge from that larger context The focus is not the usual detailed examination of the subject herself but that larger world of wars grabs contestations and importantly the claimers and resisters Saskia Sassen Professor of Sociology Columbia University USA This thought provoking book begins by looking at the incredible complexities of American identity and ends with the threats to civil liberties with the vast expansion of state power through technology A must read for anyone interested in the future of the promise and realities of citizenship in the modern global landscape Kevin R Johnson Dean UC Davis School of Law USA Momen focuses on the basic paradox that has long marked national identity the divide between liberal egalitarian self conception and persistent practices of exclusion and subordination The result is a thought provoking text that is sure to be of interest to scholars and students of the American experience Aziz Rana Professor of Law Cornell Law School USA This book is an exploration of American citizenship emphasizing the paradoxes that are contained normalized and strengthened by the gaps existing between proposed policies and real life practices in multiple arenas of a citizen s life The book considers the evolution of citizenship through the journey of the American nation and its identity its complexities of racial exclusion its transformations in response to domestic demands and geopolitical challenges its changing values captured in immigration policies and practices and finally its dynamics in terms of the shift in state power vis vis citizens While it aspires to analyze the meaning of citizenship in America from the multiple perspectives of history politics and policy it pays special attention to the critical junctures where rhetoric and reality clash allowing for the production of certain paradoxes that define citizenship rights and shape political discourse

Can Human Rights and National Sovereignty Coexist? Tetsu Sakurai, Mauro Zamboni, 2023-03-31 Looking at two of

the key paradigms of the post Cold War era national sovereignty and human rights this book examines the possibilities for their reconciliation from a global perspective The real or imagined fear of a flood of immigrants has caused and fuelled the surge of an amalgam of populist political forces anti immigrant movements and exclusionist nationalism in many developed countries In the last decade we have witnessed the emergence of two phenomena in the political and legal spheres On the one hand there are liberal globalists asking for respect and the protection of the basic human rights of migrants and asylum seekers and arguing for their civic and social integration into host societies On the other hand there are growing calls for a tougher stance on immigration and powerful populist politicians and governments have emerged in many developed countries How can the idea of universal human rights survive exclusionist nationalism that uses a populist unscrupulous approach to its advantage The contributors to this book explore the meaning of and possible solutions to this dilemma using a wide range of approaches and seek appropriate ways of dealing with these normative predicaments shared by many developed societies Scholars and students of human rights migration nationalism and multiculturalism will find this a very valuable resource

Undocumented Fears Jamie Longazel, 2016-03 This book is about the politics surrounding Hazleton Pennsylvania's 2006 passage of the Illegal Immigration Relief Act IIRA a local ordinance that laid out penalties for renting to or hiring undocumented immigrants and declared English the city's official language Preface

Boundaries within: Nation, Kinship and Identity among Migrants and Minorities Francesca Decimo, Alessandra Gribaldo, 2017-04-20 This volume investigates the relationship between migration identity kinship and population It uncovers the institutional practices of categorization as well as the conducts and the ethics adopted by social actors that create divisions between citizens and non citizens migrants and their descendants inside national borders The essays provide multiple empirical analyses that capture the range of politics debates regulations and documents through which the us them distinction comes to be constructed and reconstructed At the same time the authors reveal how this distinction is experienced reinterpreted and reproduced by those directly affected by governmental actions This perspective grants equal attention to both the logics of national governmentality and the myriad ways that individuals and collectivities entangle with categories of identity Featuring case studies from countries as varied as the Netherlands French Guiana South Tyrol Eritrea and Ethiopia New York City Italy and Liangshan China this book offers unique insights into the production of identity boundaries in the contested terrain of migration and minorities It outlines how the process of producing national identity is enacted not only through impositions from above but also when individuals themselves embody and deploy identities and kinship bonds More so than lines of division boundaries within are understood as an ongoing process of identity construction and social exclusion taking place among the various actors levels and spaces that make up the national fabric

Turkish Origin Migrants and Their Descendants Ayhan Kaya, 2018-07-04 This book analyses Muslim origin immigrant communities in Europe and the problematic nature of their labelling by both their home and host countries The author challenges the ways in which both

sending and receiving countries encapsulate these migrants within the religiously defined closed box of Muslim and or Islam Transcending binary oppositions of East and West European and Muslim local and newcomer Kaya presents the multiple identities of Muslim origin immigrants by interrogating the third space paradigm Turkish Origin Migrants and Their Descendants analyses the complexity of the hyphenated identities of the Turkish origin community with their intricate religious ethnic cultural ideological and personal elements This insight into the life worlds of transnational individuals and local communities will be of interest to students and scholars of the social sciences migration studies and political science especially those concerned with Islamization of radicalism populism and Islamophobia in a European context
