## **Social Conflict In Ancient Greece:**

**Social Conflict in Ancient Greece** Alexander Fuks, 2023-08-21      **Ancient Greece and Rome** Keith Hopwood, 1995  
Sir Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament's New Model Army from 1645 to 1650. Although Fairfax emerged as England's most successful commander of the 1640s, this book challenges the orthodoxy that he was purely a military figure, showing how he was not apolitical or disinterested in politics. The book combines narrative and thematic approaches to explore the wider issues of popular allegiance, puritan religion, concepts of honour, image, reputation, memory, gender, literature, and Fairfax's relationship with Cromwell. *Black Tom* delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants. It is the first modern academic study of Fairfax, making it essential reading for university students as well as historians of the seventeenth century. Its accessible style will appeal to a wider audience of those interested in the civil wars and interregnum more generally.

**Conflict in Ancient Greece and Rome** Sara Elise Phang, Iain Spence Ph.D., Douglas Kelly Ph.D., Peter Londey Ph.D., 2016-06-27. The set covers ancient Greek history from archaic times to the Roman conquest and ancient Roman history from early Rome to the fall of the Western Roman Empire in 476 CE. It features a general foreword, prefaces to both sections on Greek history and Roman history, and maps and chronologies of events that precede each entry section. Each section contains alphabetically ordered articles, including ones addressing topics not traditionally considered part of military history, such as noncombatants and war and gender, followed by cross-references to related articles and suggested further reading. Also included are glossaries of Greek and Latin terms, topically organized bibliographies, and selected primary documents in translation.
