Understanding and Using Research in Social Work Brian J. Taylor,Campbell Killick,Anne McGlade,2015-10-19 How do social work students learn to use research to underpin their practice decisions How do they learn that research is not an activity unconnected to their professional role and responsibilities but rather acts as a foundation for their knowledge By using the examples drawn from evidence based practice e g what is known to work and what we know about social work processes the authors deliver a text that will help support students to appraise and then integrate research into both their daily practice decisions and their assignments and assessments It will do this by defining key concepts like knowledge and evidence and then look at how these concepts include component parts from law and legislation to practice knowledge and reflective and critical practice Case examples are used to illustrate how a clear understanding of these component parts can build to a substantial evidence base from which to draw upon Identifying relevant research and appraising its quality are core aspects of the book Later chapters show students how robust knowledge of evidence based practice can develop into a

clear and confident approach to their workloads and their daily practice dilemmas **Personalisation in Social Work** Ali Gardner, 2011-03-24 The government agenda on personalisation and self directed support is fast moving and rapidly changing It is vital therefore that students and practitioners alike are aware of the key issues and debates as well as the policy that surrounds this area of practice This timely and fully revised second edition provides an overview of the personalisation agenda and looks at the recent legislation in a broad historical and theoretical perspective It considers the impact of personalisation on service users and carers and draws directly upon their experiences There are service user narratives within the book that explore how individuals feel about directing their own support and the social workers who support them This book encourages students to consider notions of choice and independence by reflecting on their own lives and experiences It contains activities and case studies to deepen reflective and critical thinking skills and provides links to the Professional Capabilities Framework for Social Work
