

William Stafford

John Belchem

Socialism, Radicalism, and Nostalgia William Stafford,1987-04-24 The years of the first industrial revolution saw a remarkable flowering of radical social criticism in Britain This is a study of the ideas that emerged then and of the social and intellectual conditions from which they developed Dr Stafford begins in Part I by presenting what will be seen as a very valuable general account of the historical and cultural setting showing how the language of social debate had been affected by intellectual developments and the increasingly rapid transformations of society Then in Part II he discusses ten major critics of British society from Thomas Spence to William Cobbett who represent a wide range of political opinion from anarchism to Tory radicalism Dr Stafford takes a key text by each author sets out its argument and analyzes it both critically and historically showing the particular influences that shaped it and revealing the ways in which the social thought of the time resembles or diverges from our own This book will help to recover from unwarranted neglect this important tradition of writing that did much to form subsequent thinking about society It will make a valuable contribution to the study of the literature and the social and intellectual history of the period Socialism, Radicalism, and Nostalgia William Stafford,1987-04-24 An account of the flowering of radical social criticism in Britain during the first industrial revolution

Early British Socialism and the 'Religion of the New Moral World' Edward Lucas, 2023-04-26 This book challenges existing accounts of the role of religion in early nineteenth century British socialism Against scholarly interpretations which have identified Owenite socialists as anti religious or as imitating Christianity this book argues that Owenites offer a re conception of the nature of religion as advanced through knowledge of the natural and social world as a prospective source of solidarity which could serve as the unifying bond for communities and as constituted by ethical conduct It shows how this re conception was formed through a sincere and considered reflection upon the problem of religious truth and was shaped by the particular religious context of early nineteenth century Britain It then demonstrates the importance of this reimagination of religion to their understanding of socialism Their religious interests were not an eccentric adornment to their socialism an outdated residue yet to be shed and encumbering the development of a mature socialism or merely instrumental to their temporal goals Instead Owenite ambitions of religious reform were grounded in the philosophical preoccupations which animated their socialism Imagining Socialism Mark A. Allison, 2021 Socialism names a form of collective life that has never been fully realized consequently it is best understood as a goal to be imagined So this study argues and thereby uncovers an aesthetic impulse that animates some of the most consequential socialist writing thought and practice of the long nineteenth century Imagining Socialism explores this tradition of radical activism investigating the diverse ways that British socialists from Robert Owen to the mid century Christian Socialists to William Morris marshalled the resources of the aesthetic in their efforts to surmount politics and develop non governmental forms of collective life Their ambitious attempts at social regeneration led some socialists to explore the liberatory possibilities afforded by cooperative labor women s

emancipation political violence and the power of the arts themselves Imagining Socialism demonstrates that far from being confined to the socialist revival of the fin de si cle important socialist experiments with the emancipatory potential of the aesthetic in Britain may be found throughout the period it calls the socialist century and may still inspire us today

Contemporary Thought on Nineteenth Century Socialism Ophélie Siméon, 2020-12-14 This first volume will showcase the richness and diversity of the Owenite movement which spanned decades from Owen's first published books in 1813 16 to the late 1840s political allegiances genders and continents This volume therefore calls for a variety of sources not easily available elsewhere including books pamphlets correspondence and newspaper articles and a variety of often overlapping voices from Chartists to early co operators secularists non British Owenites and proponents of women's rights The sheer range of Owenite ventures intentional communities co operatives labour exchanges and experiments in popular education will be covered thus blending social and political history The attempt to map the Owenite movement will eventually lead to the identification of its shared core principles and values internationalism co operation concepts of political change and above all the ideal of community Popular Radicalism in Nineteenth-Century Britain John Belchem, 1995-12-18 In offering a wide ranging overview of radicalism throughout the long nineteenth century from the mid eighteenth century to the aftermath of the First World War this study contests the methods and findings of recent revisionist interpretations Radical movements faced a more difficult task than other political formations since they sought not merely to construct an audience to find a language which resonated with people s material needs and greivances but to mobilise for change Options were limited as radicals had to conform to rhetorical organisational and cultural norms to ensure popular legitimacy and support This volume pays particular attention therefore to contextual factors to the changing codes and conventions of political culture and public space Through critical engagement with revisionist and post modernist interpretations it throws new light on factors which often divided liberals from radicals and indeed radicals from themselves This is an accessible and much needed introduction to the new linguistic and cultural approaches to nineteenth century popular politics

Democratic Socialism in Britain David Reisman, 2021-05-19 Socialists are united far more by their shared opposition to anomic individualism than by their commitment to any single interpretative scheme or body of beliefs However the 42 texts by the 27 socialists represented in this collection show that in spite of the striking differences there are certain crucial similarities and points of convergence These volumes show that in Britain at least in the years from 1825 1952 the democrats who called themselves socialists tended to concentrate their discussion around four common themes that served as the core of their common cause quest for community the institution of equality the rehabilitation of the state and transition by consent The classic texts contained in these ten volumes which encompass the Ricardian socialists the Christian socialists and the Fabian socialists seek to make human interaction and social responsibility the centrepiece of economic debate from a variety of ideological perspectives These key contributions to British thought between 1825 and 1952 are still a source of stimulus to

students of political economy even as they have acquired the status of great historical works **The Immigrants** Tony Simpson, 2012-08-01 The fascinating social economic and political story of nineteenth century immigration to New Zealand In the nineteenth century several hundred thousand left their homeland bound for New Zealand In this fascinating book Tony Simpson describes what is one of the most astonishing periods of migration in history Against the social economic and political background in both countries he presents the human story the harrowing experiences of the journey and life in a new country and looks at the importance of immigration to New Zealanders The Postsecular Restoration and the Making of Literary Conservatism Corrinne Harol, 2022-12-22 This book reveals a synergy between postsecularity as a critique of emergent liberal secular ideals and practices and the modern literary sphere in which conservative writers feature prominently Corrinne Harol argues boldly yet compellingly that influential literary forms and practices including fiction mental freedom worlding reading narration and historical fiction are in fact derived from these writers responses to secularization Interrogating a series of concepts faith indulgence figuring reading passivity revolution and nostalgia central to secular culture this study also engages with works by Aphra Behn John Dryden Margaret Cavendish and Walter Scott as well as attending to the philosophies of Thomas Hobbes David Hume and Edmund Burke Countering eighteenth century studies current overreliance on the secularization narrative as content and method fact and norm this book models how a postsecular approach can help us to understand this period and secularization itself more fully **Popular Politics in** Nineteenth Century England Rohan McWilliam, 2012-11-12 Popular Politics in Nineteenth Century England provides an accessible introduction to the culture of English popular politics between 1815 and 1900 the period from Luddism to the New Liberalism This is an area that has attracted great historical interest and has undergone fundamental revision in the last two decades Did the industrial revolution create the working class movement or was liberalism which transcended class divisions the key mode of political argument Rohan McWilliam brings this central debate up to date for students of Nineteenth Century British History He assesses popular ideology in relation to the state the nation gender and the nature of party formation and reveals a much richer social history emerging in the light of recent historiographical developments Romanticism. Radicalism, and the Press Stephen C. Behrendt, 1997 Although literature has traditionally been conceived in terms of a real or implied association with a cultural elite a body of work exists that does not deliberately try to associate itself with that audience that may in fact purposely oppose or resist that audience but which nevertheless exerts a strong influence on what comes to be regarded as literature This work specifically examines the relations that developed among British authors of the Romantic period and the Radical culture whose oppositional discourse both in written text and in extra literary material is one of the most striking aspects of the political and social life of the period The volume broadens the field of materials to include other aspects of writing culture including reviews trial transcripts philological studies propaganda and verbal and visual satire and parody Citizens and Saints Gregory Claeys, 2002-05-02 This book examines the emergence of early

socialist ideas focusing on British Owenite socialism British Economic and Social History R. C. Richardson, William Henry Chaloner, 1996 Loyalism and Radicalism in Lancashire, 1798-1815 Katrina Navickas, 2009-01-15 Katrina Navickas provides a lively and detailed account of popular politics in Lancashire in this period She offers fresh insights into the complicated dynamics between radicalism loyalism and patriotism explaining how this heady mix created a politically charged region where both local and national affairs played their part **Charles Knight** Valerie Gray, 2017-11-30 Charles Knight Educator Publisher Writer is the first modern book length study of this important nineteenth century educational reformer author and publisher Though he made significant contributions during his lifetime to the cause of popular education providing inexpensive but quality reading material for the newly literate working classes Knight has been largely ignored by scholars This neglect the author suggests may be related to Knight's association with the controversial Society for the Diffusion of Useful Knowledge and to the use scholars make of Knight's Penny Magazine and his two volumes on political economy to support their arguments on theories of social control and other issues The author argues that Knight's reputation has suffered as a result She reexamines the evidence to offer fresh assessments of Knight's life and work that illuminate his genuine achievements She concludes with an evaluation of Knight's role as an innovative publisher who used the latest techniques to provide the emerging mass readership with unique combinations of text and image in his many pictorial books Religion, Revolution and English Radicalism James E. Bradley, 2002-06-20 This book examines the and periodicals social and political activities of the English Dissenters in the age of the American Revolution By comparing sermons political pamphlets and election ephemera to poll books city directories and baptismal registers this book offers an integrated approach to the study of ideology and behavior Medicine and Charity in Georgian Bath Anne Borsay, 2019-07-09 First published in 1999 this rewarding volume offers a close and systematic analysis of the General Infirmary at Bath which was founded in 1739 to grant lepers and cripples and other indigent strangers access to the spa waters Four main themes are pursued in order to locate the hospital within its economic socio cultural and political contexts arrangements for management and finance under the conditions of a prospering commercial economy the rewards and restrictions experienced by the physicians and surgeons who donated their professional services free of charge and the constructions of an integrated social and political lite around the physical and moral rehabilitation of the sick poor In this way the example of Bath a stylish resort whose visitors and residents exemplified the dynamic of fashionable philanthropy is used to open up issues of significance to our understanding of Georgian Britain as a whole Left in the Past Alastair Bonnett, 2010-05-06 Alastair Bonnett persuades us that the left can come to terms with nostalgia because nostalgia if the left did but realize it is both a fact and an underutilized quality of leftist thought and to prove it Left in the Past conspires an unexpected rendezvous between early socialism post colonialism and situationism The book s novel readings of renowned cultural theories on the one hand and exposes of arcane psycogeography on the other will intrigue scholars activists and students alike in virtually any

area of politics the arts the humanities and social sciences Simon Sadler Professor of Architectural and Urban History University of California Davis In Left in the Past Alastair Bonnett re assesses the place of nostalgia within radical politics and in doing so provides a new introduction to the history and politics of the left Left in the Past argues that nostalgia has been an important but repressed aspect of the socialist imagination The book begins by showing the centrality and repression of nostalgia in both 19th century radicalism and anti colonial radicalism This is followed by an examination of the consequences of this inheritance amongst revolutionary intellectuals in the twentieth century Bonnett shows that today in our post socialist era the relationship between radicalism and a sense of loss and the ambivalent position of socialism in and against modernity can and must be re examined Bonnett's unique approach to the left makes Left in the Past a provocative but necessary resource for anyone interested in the history and politics of the left and radicalism The Routledge Companion to Britain in the Eighteenth Century Jeremy Gregory, John Stevenson, 2012-11-12 Enormously rich and wide ranging The Routledge Companion to Britain in the Eighteenth Century brings together in one handy reference a wide range of essential information on the major aspects of eighteenth century British history The information included is chronological statistical tabular and bibliographical and the book begins with the eighteenth century political system before going on to cover foreign affairs and the empire the major military and naval campaigns law and order religion economic and financial advances and social and cultural history Key features of this user friendly volume include wide ranging political chronologies major wars and rebellions key treaties and their terms chronologies of religious events approximately 500 biographies of leading figures essential data on population output and trade a detailed glossary of terms a comprehensive cultural and intellectual chronology set out in tabular form a uniquely detailed and comprehensive topic bibliography All those studying or teaching eighteenth century British history will find this concise volume an indispensable resource for use and reference the Bobbies Elaine A. Reynolds, 1998-06-17 Historians legal scholars sociologists and crime readers will learn from this book that modern policing emerged long before Scotland Yard Police reform developed over decades the work of local authorities motivated more by fears of property crime than radicalism or riots Local and national officials cooperated at many levels to provide relatively effective policing for London culminating in Sir Robert Peel's centralized Metropolitan Police in 1829 The early modern British state was thus more responsive to urban problems than previously has been acknowledged

Whispering the Secrets of Language: An Mental Journey through **Socialism Radicalism And Nostalgia Social Criticism**In Britain 1775 1830

In a digitally-driven earth where monitors reign great and quick interaction drowns out the subtleties of language, the profound secrets and mental nuances hidden within words usually go unheard.
