Civilization: The Renaissance; a history of civilization in Italy from 1304-1576 A.D Will Durant, 1935 **Shengren**

Thorsten J. Pattberg, 2012-10-01 The shengren is the single most important concept in Chinese history Since the Europeans had not anything like it but refused to hold the candle to China instead they withheld the shengren and talked about some lesser versions of Greek philosophers or Christian holy men The English soon found a slightly better translation they called the shengren sages The Germans however the descendants of the Holy Roman Empire of German Nation never had a concept for sages or sagehood In their effort to christen China the Germans called the shengren saints Few people realize how the fate of the shengren was inextricably linked to the German obsession with Holiness The European imperialists soon engaged in a fierce battle over China s most valuable possessions its names **Deciphering the Proto-Sinaitic Script** Paul D.

LeBlanc, 2017-12-01 Egypt Judaism and the history of the alphabet intersect in Deciphering The Proto Sinaitic Script From its initial appearance in around the 18th century BC the origins of proto Sinaitic writing can be traced back to Egypt s Middle Kingdom period when it was somehow derived from the hieroglyphs its parent system The importance of proto Sinaitic lies in the fact that it represents the alphabet s earliest developmental period a kind of missing link between the hieroglyphs and these early Semitic alphabets from which our own Latin one descends by way of the Phoenician and Greek However up until now proto Sinaitic has remained for the most part undeciphered The intriguing possibility of giving voice to a lost culture or civilization from thousands of years ago is tantalizing Representing one of the most enticing problems in modern archaeology the enigmatic allure surrounding ancient languages and the undeciphered scripts in which they are encoded is truly vexing In his bold and original research LeBlanc argues convincingly to have solved the mystery and uncovers some incredibly

enthralling information about the people who invented it The epigraphic evidence suggests that the Egyptianized Canaanites who first devised the proto Sinaitic script were surprisingly instrumental in the formation of early Israelite culture and proto Judaism
