Tar Heel Politics Myths And Realities:

Tar Heel Politics 2000 Paul Luebke, 2000-11-09 Offering an insightful analysis of North Carolina political trends and personalities Paul Luebke moves beyond the usual labels of Republican and Democrat conservative and liberal In *Tar Heel Politics 2000* he argues that North Carolina's real political battle is between two factions of the state's political and economic elite modernizers and traditionalists Modernizers draw their strength from the bankers developers news media and other urban interests that support growth he says Traditionalists in contrast are rooted in small town North Carolina and fundamentalist Protestantism tied to agriculture and low wage industries and threatened by growth and social change Both modernizers and traditionalists are linked with politicians who represent their interests An updated and revised version of Luebke's *Tar Heel Politics Myths and Realities* 1990 *Tar Heel Politics 2000* highlights the resurgence of the southern Republican Party for the first time in a century and discusses a number of significant changes that have occurred over the last decade These include the institutionalization of a viable two party system in the General Assembly the further shift of native born whites throughout the South into the Republican voting column and ideological conflict in North Carolina that parallels to some extent the post 1994 battles between the Republican Congress and the Clinton White House In addition the book provides a detailed analysis of the political appeal of Senator Jesse Helms and draws on Luebke's insights as a member of the North Carolina State House since 1991

Tar Heel Politics Paul Luebke, 1990 Discusses the conflict between change and tradition in North Carolina and looks at the major issues facing the state

The New Politics of North Carolina

Christopher A. Cooper, H. Gibbs Knotts, 2012-09-01 Political scientist V O Key in 1949 described North Carolina as a progressive plutocracy He argued that in the areas of industrial development public education and race relations North Carolina appeared progressive when compared to other southern states Reconsidering Key's evaluation nearly sixty years later contributors to this volume find North Carolina losing ground as a progressive leader in the South The new politics of the state involves a combination of new and old new opportunities and challenges have forced the state to change but the old culture still remains a powerful force In the eleven essays collected here leading scholars of North Carolina politics offer a systematic analysis of North Carolina's politics and policy placed in the context of its own history as well as the politics and policies of other states Topics discussed include the evolution of politics and political institutions the roles of governors the judicial branch interest groups and party systems and the part played by economic development and environmental policy Contributors also address how geography affects politics within the state region and nation Designed with students and interested citizens in mind this collection provides an excellent introduction to contemporary North Carolina politics and government Contributors Hunter Bacot Elon University Christopher A Cooper Western Carolina University Thomas F Eamon East Carolina University Jack D Fler Wake Forest University Dennis O Grady Appalachian State University Ferrel Guillory University of North Carolina at Chapel Hill Sean Hildebrand Western Carolina University Jonathan Kanipe Town Manager

Starnes, Glenn Feldman, 2006-08-20 Can any good thing come from Auburn John Shelton Reed Revisiting race relations in an Upland South community Lacrosse Arkansas Brooks Blevins Southern accents the politics of race and the passage of the Economic Opportunity Act of 1964 Susan Youngblood Ashmore Is there a balm in Gilead Baptists and reform in North Carolina 1900 1925 Richard D Starnes The beginnings of interracialism Macon Georgia in the 1930s Andrew M Manis Race class the Southern conference and the beginning of the end of the New Deal coalition Glenn Feldman Wallaceism is an insidious and treacherous type of disease the 1970 Alabama gubernatorial election and the Wallace freeze on Alabama politics Gordon E Harvey Divide and conquer interest groups and political culture in Alabama 1929 1971 Jeff Frederick The scholar as activist Dewayne Key Evangelist for constitutional reform Bailey Thomson The historian as public policy activist Dan T Carter

Obama and Race Richard H King, 2014-01-02 In this collection academics from both sides of the Atlantic analyze the confluence of a politician a process and a problem Barack Obama the 2008 US presidential election and the problem of race in contemporary America The special focus falls upon Barack Obama himself who appears in many guises as an individual from biracial and transnational backgrounds a skilled urban African American organizer and then politician and as intellectual and author of a bestselling autobiographical exploration There is a certain representative quality about Obama that makes him a convenient way into the labyrinth of American race relations national and regional politics including the South and Hawaii and past history particularly from the 1960s to the present Contributors also explore the role Michelle Obama has played in this process both separately from and together with her husband while one theme running through many chapters concerns the myriad ways that the American left right and centre differ on the nature and future of race in a country that daily becomes more mixed in ethnic and racial terms Race is everywhere race is nowhere The essays are grouped by their approach to the topic of Obama and race via historical analysis cultural studies political science and sociology as well as pedagogy The result is an exciting mix of perspectives on one of the most fascinating phenomena of our time This book was originally published as a special issue of the journal Patterns of Prejudice

Without Precedent Anna R. Hayes, 2008 The first woman judge in the state of North Carolina and the first woman in the United States to be elected chief justice of a state supreme court Susie Marshall Sharp 1907 1996 broke new ground for women in the legal profession

Anna Hayes presents Sharp's career as an attorney distinguished judge and politician within the context of the social mores the legal profession and the political battles of her day illuminated by a careful and revealing examination of Sharp's family background private life and personality from publisher description *Klansville, U.S.A.* David Cunningham, 2012-10-12 In the 1960s on the heels of the Brown vs Board of Education decision and in the midst of the growing Civil Rights Movement Ku Klux Klan activity boomed reaching an intensity not seen since the 1920s when the KKK boasted over 4 million members Most surprisingly the state with the largest Klan membership more than the rest of the South combined was North Carolina a supposed bastion of southern style progressivism Klansville U S A is the first substantial history of the civil rights era KKK's astounding rise and fall focusing on the under explored case of the United Klans of America UKA in North Carolina Why the UKA flourished in the Tar Heel state presents a fascinating puzzle and a window into the complex appeal of the Klan as a whole Drawing on a range of new archival sources and interviews with Klan members including state and national leaders the book uncovers the complex logic of KKK activity David Cunningham demonstrates that the Klan organized most successfully where whites perceived civil rights reforms to be a significant threat to their status where mainstream outlets for segregationist resistance were lacking and where the policing of the Klan's activities was lax Moreover by connecting the Klan to the more mainstream segregationist and anti communist groups across the South Cunningham provides valuable insight into southern conservatism its resistance to civil rights and the region's subsequent dramatic shift to the Republican Party Klansville U S A illuminates a period of Klan history that has been largely ignored shedding new light on organized racism and on how political extremism can intersect with mainstream institutions and ideals **Conservative Bias** Bryan H. Thrift, 2016-09-27 Conservative Bias examines one of the most notorious figures of modern American politics Jesse Helms Thrift shows that Helms was not merely a right wing demagogue but rather a brilliant media mastermind who built a national movement from a little television soundstage in Raleigh Neil J Young Princeton University In this careful thoughtful and thoroughly researched study Bryan Hardin Thrift provides the first comprehensive study of Jesse Helms's long career as a conservative journalist and television ideologue prior to his long tenure as a U S senator from North Carolina William A Link author of Righteous Warrior Jesse Helms and the Rise of Modern Conservatism Traces a little known but pivotal phase of Helms's pre senatorial career and explains how the future New Right leader used the power of local television broadcasts in the 1960s to forge a new ideology that moved the nation to the right Daniel K Williams author of God's Own Party Before Bill O Reilly and Glenn Beck there was Jesse Helms From in front of a camera at WRAL TV Helms forged a new brand of southern conservatism long before he was a senator from North Carolina As executive vice president of the station Helms delivered commentaries on the evening news and directed the news and entertainment programming He pioneered the attack on the liberal media and his editorials were some of the first shots fired in the culture wars criticizing the influence of immoral entertainment Through the emerging power of the household television Helms established a blueprint and laid the foundation

for the modern conservative movement Bryan Thrift mines over 2 700 WRAL TV Viewpoint editorials broadcast between 1960 and 1972 to offer not only a portrait of a skilled rhetorician and wordsmith but also a lens on the way the various and at times competing elements of modern American conservatism cohered into an ideology couched in the language of anti elitism and traditional values Decades prior to the invention of the blog Helms corresponded with his viewers to select refine and sharpen his political message until he had reworked southern traditionalism into a national conservative movement The realignment of southern Democrats into the Republican Party was not easy or inevitable and by examining Helms's oft forgotten journalism career Thrift shows how delicately and deliberately this transition had to be cultivated Bryan Hardin Thrift teaches history at Johnston Community College

Triumph of Good Will John Drescher, 2010-01-06 In the spring of 1960 two talented capable men each with great passion and conviction opposed each other in a pivotal governor's race that was to shake North Carolina and change southern politics forever Both Terry Sanford and I Beverly Lake were Democrats in the one party South of that era Yet they were different in almost every other way Lake a middle aged law professor was committed to segregation Sanford an ambitious young politician and lawyer believed in expanding opportunities for all citizens In their run off Lake wanted the contest to be a referendum on preserving segregation Sanford's platform rested on the improvement of public schools It was a heated struggle that would bind them together for the rest of their lives With unparalleled access to both sides and an objective correspondent's hindsight view John Drescher has written the biography of a campaign that set the winning strategy for many who followed and of a winning candidate a governor rated as one of the finest of the twentieth century Sanford the moderate won and his victory is an oddity for in the civil rights period from 1957 to 1973 only twice in the South did racial moderates defeat strong segregationists in a governor's race In a gamble that almost cost Sanford the election he became the first major politician in the Bible Belt to endorse the Catholic John F Kennedy for president In the November vote he defeated his Republican opponent in what was then the closest North Carolina governor's race of the century His win validated his belief in the triumph of good will among North Carolina's people Sanford became a bold aggressive governor of unusual energy and creativity His school program added teachers and dramatically raised teacher pay He helped establish a statewide system of community colleges and started an anti poverty fund later emulated by LBJ as a model for the War on Poverty He was the first southern governor to call for employment without regard to race or creed Sanford became the model for other southern governors who stressed education and a moderate stand on race relations He influenced other gubernatorial candidates across Dixie Jim Hunt in his own state William Winter in Mississippi Dick Riley in South Carolina Bill Clinton in Arkansas The effects of that 1960 race continue to be felt in North Carolina in the South and across the nation
