Williams, 2004-12 The Secret Sayings of Ye Su A Silk Road Gospel provides a translation of introduction to and commentary upon an extraordinary previously unknown manuscript This Christian gospel though written in koine Greek was obviously influenced by both Buddhist and Daoist ideas and probably derives from Tang dynasty China 8th or 9th century The account of how the manuscript emerged in 1994 and how it came to be translated by Dr Jay G Williams is in itself quite fascinating The author also describes the nature of the text and why he thinks it should be placed in the Tang dynasty period He provides a concise introduction not only to the history of Buddhism and the indigenous religions of China during this period but also to the Religion of Light a form of Christianity that entered China in 638 A D The work ends with a line by line commentary on each of the seventy two verses of this gospel Although undoubtedly ancient the work seems amazingly contemporary in its ideas offering a unique and quite radical vision of Ye Su Jesus and his teachings Neither orthodox nor gnostic The Secret Sayings comments about such topics as the place of women and gays within the community the nature of the kingdom and the source of Christian hope in the Source Although faith is emphasized doctrines and dogmas are not A place is found for both the Heavenly Father and the Earthly Mother but alone neither is regarded as ultimate The fellowship of believers is emphasized but value of the Church as an institution is seriously questioned The Leader who is Hardly Known Steven Simpson, 2003 **The Zen of Cat** Carla Francis, 2023-06-27 There's no doubt cats are a meaningful feature of Japanese life from folklore to fashion they've left a giant paw print on the culture It's believed that felines first appeared in Japan with the arrival of Buddhism via China in around 552 when their main role was to stop vermin from damaging scriptures But what can we learn from these philosophical felines Surely they can teach us a thing or two through the wisdom gleaned over the centuries residing in ancient temples and co existing with artists courtesans monks and writers The Zen of Cat is interwoven with stories and facts about cats Japan and Zen philosophy Carla Francis includes discussions with Japanese cat lovers and invites reflection and mindful mewsings on life through an A Z of Japanese words to inspire Cats are unburdened by worry They maintain an enviable equilibrium Maybe we can too
