Samuel,2017-05-25 Telling the full story of the American Way of Life or more simply the American Way in the United States over the course of the last century reveals key insights that add to our understanding of American culture Lawrence R Samuel argues that since the term was popularized in the 1930s the American Way has served as the primary guiding mythology or national ethos of the United States More than that however this work shows that the American Way has represented many things to many people making the mythology a useful device for anyone wishing to promote a particular agenda that serves his or her interests A consumerist lifestyle supported by a system based in free enterprise has been the ideological backbone of the American Way but the term has been attached to everything from farming to baseball to barbecue There really is no single identifiable American Way and never has been it becomes clear after tracing its history making it a kind of Zelig of belief systems If our underlying philosophy or set of values is amorphous and nebulous then so is our national identity and character Samuel concludes implying that the meaning of America is elastic and accommodating to many interpretations This unique thesis sets off this work from other books and helps establish it as a seminal resource within the fields of American history and American studies The Dry Goods Reporter ,1915 **The Christian Writer's Manual of Style** Zondervan,2010-05-11 An essential tool for writers editors proofreaders designers copywriters production managers and marketers too The Christian Writer s Manual of Style is an essential tool not only for writers of religious materials but for their editors proofreaders designers copywriters production managers and even marketers Rather than simply repeating style information commonly available in standard references this newly updated and expanded edition includes points of grammar punctuation

usage book production and design and written style that are often overlooked in other manuals It focuses on information relating to the unique needs and demands of religious publications such as discussions on how to correctly quote the Bible how to capitalize and use common religious terms and how to abbreviate the books of the Bible and other religious words Also included are rarely found items such as an author s guide to obtaining permissions guidelines for using American British and Mid Atlantic styles discussions of inclusive language profanity and ethnic sensitivities discussions of Internet and computer related language style a list of problem words style issues regarding words from major world religions a discussion of handling brand names in text a list of common interjections issues of type design paper copy fit This edition has been completely updated since the 1988 edition and contains more than twice as much information as the previous edition This is the most detailed and comprehensive guide of its kind **Language in the USA** Edward Finegan, John R.

Rickford, 2004-06-24 Publisher Description **Dry Goods Reporter and Midwest Merchant-economist** ,1915 The Author & Journalist ,1928 Author and Journalist ,1925 **A Centennial Commissioner in Europe, 1874-76** John Weiss FORNEY, 1876 **Food in Motion** Alan Davidson, 1983
