presents children's voices in *What the Children Said: Child Lore of South Louisiana* Including over six hundred handclaps, chants, jokes, jump rope rhymes, cheers, taunts, and teases, this book takes the reader through a fifty-year history of child speech as it has influenced children's lives. *What the Children Said* affirms that children's play in south Louisiana is acquired along a network of summer camps, schoolyards, church gatherings, and sleepovers with friends. When children travel, they obtain new games and rhymes and bring them home. The volume also reveals in the words of the children themselves how young people deal with racism and sexism. The children argue and shout one another, policing their own conversations, stating their own prejudices and vying with one another for dominion. The first transcript in the book tracks a conversation among three related boys and shows that racism is part of the family interchange. Among second-grade boys and girls at a Catholic school, another transcript presents numerous examples in which boys use insults to dominate a conversation with girls, and girls use giggles and sly comebacks to counter this aggression. Though collected in the areas of New Orleans, Baton Rouge, and Lafayette, Louisiana, this volume shows how south Louisiana child lore is connected to other English-speaking places: England, Scotland, Ireland, Australia, and New Zealand, as well as the rest of the United States. [The Winslow Incident](#) Elizabeth Voss,2024-07-16 As a mysterious affliction spreads, a sleepy small town descends into madness in this strikingly original thriller. And Daphne du Maurier Award nominee Douglas Preston, 1 New York Times bestselling author of *Extinction*. Everything seems normal in Winslow, Washington, as the tourists arrive for summer fun: the carnival in Prospect Park, the ghost town tour, and the locals retreat to Ruby Creek to cool off. The only thing that's unusual is the death of Pard Holloway's cattle after a brief, strange illness. But now the disease seems to be spreading to humans. One by one, individuals deteriorate into lunacy. Seventeen-year-old Hazel Winslow, however, is perfectly healthy. That leaves her to confront the crisis on her own while her father, the sheriff, heads into the woods to hunt a fearsome creature. Her boyfriend grows delusional, and ghosts invade her grandmother's broken-down mansion. How can she reason with them when their minds aren't functioning? And what would be worse: succumbing to the sickness or being the last sane person left? Inspired by true events and informed by historical accounts, this modern Gothic tale evokes the mass hysteria of the Salem witch trials and the terror of the events in Pont Saint Esprit, France, in 1951. Plenty of thrills. [Kirkus Reviews](#)

Martin, 1928 *The Damsel* SJI Holliday, 2017-02-02 An unsolved murder. A community turned against each other. A killer close to home. The Damsel is a gripping and unnerving crime thriller. Katie Taylor is the perfect student. She's bright and funny, she has a boyfriend who adores her, and there are only a few months left of school before she can swap Banktown for the bright lights of London. Life gets even better when she has an unexpected win on a scratch card. But then Katie's luck runs out. Her tragic death instead becomes the latest in a series of dark mysteries blighting the small town. The new school counsellor Polly McAllister, who has recently returned to Banktown to make amends in her own personal life, is thrown in at the deep end as the pupils and staff come to terms with Katie's death. And it's not long before she uncovers a multitude of murky secrets. Did Katie have enemies? Is her boyfriend really so squeaky clean? And who is her brother's mysterious friend? With Banktown's insular community inflamed by gossip and a baying mob stirring itself into a frenzy on social media, DS Davie Gray and DC Louise Jennings must work out who really murdered Katie before someone takes matters into their own hands. The Damsel is the latest novel from the bestselling author of Black Wood and Willow Walk, set in the small Scottish town of Banktown. Fans of Rachel Abbott, Angela Marsons, and Peter James will love this rivetting psychological crime thriller as DS Davie Gray tries to hold together a community once again rocked by tragedy. What readers are saying about The Damsel: A compulsive read until the final breathtaking page. Elizabeth Haynes, author of Never Alone. Multi-layered, fiendishly plotted, and peopled by a cast of characters drawn with rare delicacy and skill. Eva Dolan, author of Watch Her Disappear. The Damsel is everything we've come to expect from Holliday: unnerving, compelling, and grabs tight from the start. Amanda Jennings, author of In Her Wake. Grips throughout, then stops you dead in your tracks. Beautiful writing, beautiful plotting from an entirely twisted genius of an author. LizLovesBooks. I read it in a day; this is one you won't want to put down until its heart-breaking conclusion. Jenny Blackhurst, author of Before I Let You In. Think you're in for a cosy time of it if you move in to a small town. Read this book and have a re-think. A pacy read, a fascinating ride, and one that will keep you glued to the book right to the very last word. Michael J Malone, author of A Suitable Lie. Another haunting, fast-paced thriller. The Damsel gets under the skin of teenagers, families, and the Banktown community. AK Benedict, author of The Beauty of Murder. A blaster of a plot that grips you right from the get-go. Ava Marsh, author of Untouchable. A heart-thumping thriller packed with twists and turns that left me breathless. Jane Isaac, author of Beneath the Ashes. A forceful, utterly gripping story that builds and builds the suspense until the stunning ending that will leave readers gasping. Random Things Through My Letterbox
