Then and Now Robert Vaughn, 2014-12-08 It may not be out of place to explain how this book came to find its way into print It was written for my little daughter in the form of letters at various times and not intended for publication but many friends after reading them insisted that they should be published One said You must not wait until you are dead before these letters are given to the world As my desire is by the grace of God to live many years yet I now present these letters to the reader supplemented by others from old time friends who braved the perils and dangers of pioneer life and as they are intended to be a part of the history of this great state care has been taken to keep strictly to the truth It is hoped that a line here and there will be appreciated by those who ride in palace cars as well as the old pioneers who came west in prairie schooners **Army and Navy Journal**, 1926 **Still Life with Crows** Douglas Preston, Lincoln Child, 2003-07-01 When a series of murders strikes small town Kansas FBI Special Agent Pendergast must track down a killer or a curse either way no one is safe A small Kansas town has turned into a killing ground Is it a serial killer a man with the need to destroy Or is it a darker force a curse upon the land Amid golden cornfields FBI Special Agent Pendergast discovers evil in the blood of America's heartland No one is safe **Little Bighorn Remembered** Herman J. Viola, 1999 On the morning of June 25 1876 soldiers of the elite U S Seventh Cavalry led by Lieutenant Colonel George Armstrong Custer attacked a large Indian encampment on the banks of the Little Bighorn River By day's end Custer and more than two hundred of his men lay dead It was a shocking defeat or magnificent victory depending on your point of view and more than a century later it is still the object of controversy debate and fascination What really happened on that fateful day Now thanks to the work of Herman J Viola Curator Emeritus of the Smithsonian Institution we are much closer to answering that question Dr Viola a leader in the preservation of Native American culture and history has collected here dozens of dramatic never before published accounts by Indians who participated in the battle accounts that have been handed down to the present day often secretly and accompanied by oaths of silence from one generation to the next These remarkable eyewitness recollections provide a direct link to that day's events together they constitute an unprecedented oral history of the battle from the Native American point of view and the most comprehensive eyewitness description of Little Bighorn we have ever had Here are the dramatic stories of the Cheyenne and Lakota warriors who rode into battle against Custer the yellow haired Son of the Morning Star an adversary whose valor they admired but who became a mortal enemy after breaking his peace pipe oath a scene described vividly in these pages Here in their own words are the stories of the Crow scouts allies of Custer who advised against attacking Sitting Bull's village on the Little Bighorn Here are tales of valor told by the Arikara scouts who fought side by side with Custer's men against the Lakota and Cheyenne although the Great Father in Washington rewarded their heroism with

silence it is celebrated to this day in tribal stories and songs that come to us from beyond the grave with hair raising immediacy and power Lavishly illustrated with more than two hundred maps photographs reproductions and drawings this remarkable book also includes An account of the battle including startling descriptions of Custer s conduct collected from the Crow scouts by the famed photographer Edward S Curtis in 1908 Curtis never published this report President Theodore Roosevelt advised him not to and it remained a secret until his ninety year old son recently gave the material to the Smithsonian New archaeological evidence from the battlefield that casts fresh light on the Seventh Cavalry s movements along with discoveries from the site of Sitting Bull s village including the complete skeleton of a cavalry horse with its rider s well preserved saddlebags and personal items A series of illustrations made soon after the battle by Red Horse a remarkable tableau that is reproduced here in its entirety for the first time Three letters written by Lieutenant William Van Wyck Reilly just days before he died at Little Bighorn that provide key and potentially controversial insights into the conduct of the cavalry under Custer s command In short this landmark book takes us much closer to knowing what really happened on that June day in 1876 when Custer died and a legend was born

Utley, 1998-01-01 An oral history of the Cheyenne Indians from legendary times to the early reservation years. North American Indian Jewelry and Adornment Lois Sherr Dubin, 1999-05 This splendid reference is the result of the author's ten years spent researching in archives, photographing artifacts, and conducting interviews with elders and artists. Excerpts of which are interspersed throughout the information-packed text. Jewelry, beadwork, and ceremonial regalia are presented in 1,200 plus illustrations, about 820 in color, including three-eight page gatefolds, diagrams of jewelry techniques, and regional maps are also included. Though it makes no claim to be comprehensive, the scope is expansive, extending from the Arctic Circle to northern Mexico and from the Atlantic to the Pacific, and including a full spectrum of ornamental artwork. The author's previous work, *The History of Beads*, is well-regarded, and this authoritative and beautiful reference will no doubt stand equal to it. Annotation copyrighted by Book News Inc. Portland, OR. *Spaces of the Mind* Elaine Jahner, 2004-01-01 *Spaces of the Mind* reveals how both immigrant European and modern Native communities and individuals use oral and written narratives to define and center themselves in time and space. Elaine A. Jahner skillfully weaves together years of fieldwork among the Standing Rock Sioux in North Dakota, her own memories of growing up in a German-Russian town across the Missouri River from the Standing Rock Sioux, and an illuminating set of narrative concepts. *Spaces of the Mind* proposes a theory of cognitive style that emphasizes the ways in which distinct cultural identities are expressed through the structure of a narrative and the unfolding of its performance. Themes of creativity and survival amid loss pervade the stories told by Natives about themselves and their past. When discussing the inundation of the original Standing Rock Sioux village during the Oahe Dam construction in the 1950s, Immigrant Germans and Alsatians struggled to reconcile the hardships of the northern Plains with what they left behind in the Old World, and the narratives of a German-Russian community reflect and encourage survival in the face of transition. Jahner also studies how two prominent novelists, James Welch, a member of the Blackfeet community, and Mildred Walker, who left her native New England for the West, perceive a single landscape, the state of Montana, and how it has influenced their thought and narratives. *Spaces of the Mind* provides a fresh understanding of Western literature and culture, encourages a reconsideration of the formation and

modern character of the American West and contributes to a fuller appreciation of the significance of narrative
