The Invisible World and the Visible World Sukoun Choe, 2015-10-29 We have been living according to the legacy formed by our old ancestor for long era but as we know many our customs and ways to live had specificity of selfish thought More over a greed to live long only belonging to the human being have made mistake to understand natural law by the identity of God which was built up as they want Now truly we have to criticize our civilization have been made for thousands years by ourselves with the wisdom of modern and critical rationalism Our science become developed enough to understand the origin of cosmos materials and lives but we have lived with the mind of state hanging to the thought of decades centuries ago We have live with fixed thought that God is never changing being But if we agree God is the another name of natural itself though its identity is not changed with the point of one of its identity is alternation and so we have to get new idea of our changing will be most adaptable to God With this book you can meet new idea of new Gods identity which is in your heart through cosmos so you can understand you are the most important existence in this cosmos

Insights to the invisible world of Elemental Forces Helena Petrovna Blavatsky, 2018-04-30 The Christian Fathers applied the sacred name Daimonia of the Greeks the divine Egos of man to their devils a fiction of diseased brains and thus dishonoured the anthropomorphized symbols of wise antiquity and made them all loathsome in the sight of the ignorant and the unlearned Daimonium was ascribed by the ancients to all kinds of spirits whether good or bad human or otherwise but the term was often synonymous with gods or angels The Indian Daimonia and Deities are thirty three millions The two most important Elemental classes as well as the least understood by the Orientalists are the Devas Shinning Ones and the Pitris Ancestors Deva Yonis such as gnomes sylphs fairies djinns etc belong to the three lower kingdoms of elementals and pertain to the Mysteries on account of their dangerous nature The Pitris or Lunar Ancestors are not the forefathers of the present living men but those of the first human race Pitris are Devas Lunar and Solar It is the Lunar Pitris who gave images of their astral body chhayas as models of the first race in the Fourth Round while the Solar Pitris informed and endowed man with intellect a Great Sacrifice The Pitris have naught to do with juggling tricks and other phenomena nor are the spirits of the departed concerned in them There are three main classes of Elementaries 1 of the spiritually dead 2 of the spiritually poor but materially rich and 3 of those whose bodies perished by violence The ancients taught that while man is a septenary trinity of body astral spirit and immortal soul the animal has only five instead of seven principles in him Apes have as much intelligence as some men Why then should these men who are no way superior to the apes have Immortal Spirits and the

apes none One may search for months and never find the demarcation in the Comte de Gabalis between the spirits of the s
ance rooms and the Sylphs and Undines of the French satire Theosophists believe in spirits no less than Spiritualists do but
as dissimilar in their variety as are the feathered tribes in the air Countless generations of buffoons appointed to amuse
Majesties and Highnesses had the inestimable privilege of speaking truth at the Courts yet those truths have always been
laughed at A strict rule common to both Right and Left Paths is the renunciation of carnal commerce with male or female
Elementals Certain mediums boast of Spirit husbands and wives Consultation and deliberation with spirits spells the end of
wisdom The truthfulness of Spiritualists is always tempered by enthusiasm The only character of Truth is its capability of
enduring the test of universal experience and coming unchanged out of every possible form of fair discussion Spiritualism is
a philosophy of yesterday But the philosophy of the East comes to us from an immense antiquity Theosophists share only the
product of corroborated experience hoary with age Spiritualists hold to their own views that are based on their unflinching
enthusiasm and emotionalism Holy spirits will not visit promiscuous s ance rooms nor will they intermarry with living men
and women Monotheism proclaiming in one place God whom no man shall see and live shows him at the same time so petty a
god as to concern himself with the breeches of his chosen people Polytheism is based upon a fact of nature Spirits mistaken
for gods have been seen in every age by men hence the universal belief in many and various gods who are the personified
powers of nature Man is made up of a spiritual and of a fleshly body Angels are pure spirits but are created and finite in all
respects whereas God is infinite and uncreated Therefore the masses are well justified in believing in a plurality of gods
While Pagans are sincere in calling their religion Polytheism the Churches put a mask on theirs by claiming for it the title of a
monotheistic Church Christian angel worship is plainly idolatrous The Devas are the embodied powers of states of matter
Every Deva has a direct connection with its bodily fabric in invisible atoms and visible molecules and also physical and
chemical particles Although gods are superior to man in some respects it must not be concluded that the latent potencies of
the human spirit are inferior to those of the Devas Their angelic faculties are more expanded than those of ordinary men but
with the ultimate effect of prescribing a limit to their expansion to which the human spirit is not subjected There are high
Devas and lower ones higher Elementals and those far below man and even animals But all these have been or will be men
and the former will again be reborn on higher planets and in future manvantaras Dugpas are the Brothers of Shadow
possessed by earth bound Elementaries A highly developed Intellectual Soul manas is quite compatible with the absence of
Spiritual Soul Buddhi The Sorcerer who always performs his rites on the day of the new moon when the benign influence of
the Pitris is at its lowest ebb crystallizes some of the satanic energy of his predecessors in evil while the Brahman pursues a
corresponding benevolent course with the energy bequeathed him by his Pitris The only difference between the spirits of
other Societies and ours lies in their names and in dogmatic assertions with regard to their natures In those whom the
Spiritualists call the Spirits of the Dead and in whom the Roman Church sees the Devils of the Host of Satan we see neither

We call them Dhyani Chohans Devas Pitris Elementals imperfect at times but never wholly imperfect With a 36 page extended conversation about Elementals and Elementaries with a Student of Occultism **Invisible Worlds** ,2013-10-14 To investigate the unexplained laws of Nature and the powers latent in humanity is one object of the Theosophical Society Annie Besant 1847 1933 outspoken feminist political activist and early president of the TS thought that psychic and spiritual development should be available to everyone not just a chosen few In her many books and articles providing guidelines her goal was not to help students develop supernormal powers but to help them increase consciousness in order to receive instruction from the ascended Masters Besant believed this work had positively changed her life and wanted others to enjoy the same benefit Although penned a century ago Besant s wisdom on the subject is still germane Her prose is clear and inspiring and Kurt Leland s introduction and notes are well informed He helpfully divides Besant s writings into four parts Occultism Light and Dark Higher Life Training the Investigation of Different Worlds and the Science of the Superphysical
