Wilson, 2009-11-01 According to conventional historical wisdom Irish nationalism in Canada was a marginal phenomenon overshadowed by the more powerful movement in the United States and eclipsed in Canada by the Orange Order The nine contributors in this book argue otherwise and in doing so make a major and original contribution to our understanding of the Irish experience in Canada and the place of Irish Canadian nationalism within an international context Focusing on the period 1820 to 1920 they examine political religious and cultural expressions of Irish Canadian nationalism as it responded to Irish events and Canadian politics They also look at tensions within the movement between those who argued that Ireland should share the same freedom that Canada enjoyed within the British Empire and revolutionary republicans who wanted to liberate both Ireland and Canada from the yoke of British imperialism Irish Nationalism in Canada sheds light on questions such as transference of old world political traditions into North America the dynamics of ethno religious conflict and state responses to a revolutionary minority within an ethno religious group Contributors include Donald Harman Akenson Queen's University Kingston Sean Farrell Northern Illinois University Mark G McGowan St Michael's College University of Toronto Frederick J McEvoy Independent Scholar Michael Peterman Trent University Garth Stevenson Brock University Peter M Toner University of New Brunswick Rosalyn Trigger University of Aberdeen and David A Wilson University of Toronto      **The Canadian Monthly and National Review**, 1873

Houston,William J. Smyth,1990-12-15 In mid nineteenth century Canada the Irish outnumbered the English and Scots two to one Yet they have been much less studied than their US counterparts even though their experience was very different Irish settlers arrived earlier in Canada formed a larger proportion of the founding communities and were largely rural based more than half were Protestant The Famine provided only a rather late part of the Irish emigration to Canada which took place principally between 1816 and 1855 The authors evaluate both emigration and settlement and present as well revealing personal documents about intense often painful experiences of the settlers Part I explores the geographical links particularly

the phenomenon of chain migration that shaped decisions to leave Ireland Part II examines patterns of settlement in the new land Part III with biographies of immigrants and collections of letters written home chronicles personal and social life in the new land and the abiding interest in family and friends in Canada and back in Ireland The documents illustrate links and patterns revealed in the earlier analysis of emigration and settlement they also offer an additional intimate perspective on a key phase in the cultural history of Canada and Ireland
