**Spies in the Promised Land: Isser Harel and the Israeli Secret Service** Michael Bar-Zohar, 2024-02-13 For 15 years the name of Isser Harel the man in charge of all the intelligence branches of Israel was top secret in Israel Even when he resigned from office in March 1963 his name and picture remained undisclosed Only in 1965 when he was appointed special adviser on intelligence and security to Prime Minister Levi Eshkol were his name and picture revealed But most of his past feats were still kept secret even when stories about underground activities the capture of a spy or a mission abroad were disclosed Alan Dulles head of the CIA declared at the time the Israeli services are the best in the world For what operations did the Israeli services deserve such credit What was their modus operandi How had they been established and developed How did they conceive rules of ethics and morality These questions and many more are answered in this book which reveals the life story and operations of Isser Harel whom David Ben Gurion called the guardian of Israel s secrets and honor

*Israeli Secret Services* Frank Clements, 2017-07-05 The Israeli Institute for Intelligence and Special Services the Mossad is probably the best known of the world s intelligence services one of the most suspected and certainly one of the most intriguing However despite its fame the available literature other than Hebrew is limited and scattered amongst a variety of subject areas because the tentacles of the Mossad are similarly varied The aim of this volume is to document the range of English language material available on f Mossad from its pre official origins in Europe during the Second World War to e present period of the Middle East peace process The organization had its origins in the aftermath of the Holocaust being the agency responsible for organizing the illegal Jewish immigration into Palestine before becoming officially constituted in 1951 Since its formation the Mossad has been intimately involved in each of the significant events in Israel s history including actions against its Arab neighbors the hunting of wanted Nazis spectacular actions such as the raid on Entebbe to free the hostages counter terrorist activities and high technology espionage against friend and foe alike This bibliography will be of interest to researchers covering intelligence activities and to students scholars and librarians interested in the history of Israel and its relations with its Arab neighbors The early material on the Mossad will also be of special concern to students of the Holocaust and its aftermath

**The Israeli Secret Service** Richard Deacon, 1978      [The Israeli Secret Services and the Struggle Against Terrorism](#) Ami Pedahzur, 2010

**Mossad: The Greatest Missions of the Israeli Secret Service (The Stories You Haven't Heard of Israel's Most Effective Secret Service)** Shelton Branch, 101-01-01

The Israeli Mossad is known for its covert operations and intelligence gathering capabilities In this book we reveal the behind the scenes story of Mossad's greatest triumph the operation to expose Iran's nuclear weapons program Through in depth research and interviews with key players the author delves into the tactics and techniques used by Mossad to gather evidence of Iran's covert nuclear activities From infiltrating Iranian nuclear facilities to recruiting insider sources this book is a fascinating look at the inner workings of Mossad and the lengths it will go to protect the safety and security of Israel Israel since its formation as a country has been seen as a usurper of the land formerly owned by its neighbor Palestine An argument that will continue until one of the countries is either destroyed or disarmed Palestine being an Arab nation has many allies in the surrounding areas giving them a geographical advantage Be that as it may the drive and mercilessness of the Mossad is able to keep Israel's head above water and their interests intact however Israel's national intelligence agency's reach is far greater than just the Middle East They have a global network The Mossad is one of the most well known intelligence agencies in the world It has been involved in some of the most high profile covert operations in history from the capture of Nazi war criminal Adolf Eichmann to the assassination of Iranian nuclear scientists Despite its reputation as a secretive organization the Mossad has captured the imagination of people all over the world This book takes a comprehensive look at the Mossad from its origins in the early days of Israel's intelligence community to its current operations and challenges

*The Israeli Secret Services and the Struggle Against Terrorism* Ami Pedahzur, 2009-02-04

While Mossad is known as one of the world's most successful terrorist fighting organizations the state of Israel has more than once and on many levels risked the lives of its agents and soldiers through unwise intelligence based intervention The elimination of Palestinian leaders and militants has not decreased the incidence of Palestinian terrorism for example In fact these incidents have become more lethal than ever and ample evidence suggests that the actions of Israeli intelligence have fueled terrorist activities across the globe An expert on terror and political extremism Ami Pedahzur argues that Israel's strict reliance on the elite units of the intelligence community is fundamentally flawed A unique synthesis of

memoir academic research and information gathered from print and online sources Pedahzur's complex study explores this issue through Israel's past encounters with terrorists specifically hostage rescue missions the first and second wars in Lebanon the challenges of the West Bank and Gaza Palestinian terrorist groups and Hezbollah He brings a rare transparency to Israel's counterterrorist activities highlighting their successes and failures and the factors that have contributed to these results From the foundations of this analysis Pedahzur ultimately builds a strategy for future confrontation that will be relevant not only to Israel but also to other countries that have adopted Israel's intelligence based model Mossad: The Secret History of Israel's Intelligence Agency (How the Israeli Secret Service Recruit and Train Its Officers) Frank

Gaughan, 2011-01-01 The Mossad is one of the most well known intelligence agencies in the world It has been involved in some of the most high profile covert operations in history from the capture of Nazi war criminal Adolf Eichmann to the assassination of Iranian nuclear scientists Despite its reputation as a secretive organization the Mossad has captured the imagination of people all over the world This book takes a comprehensive look at the Mossad from its origins in the early days of Israel's intelligence community to its current operations and challenges It explores the agency's successes and failures its methods and techniques and its role in shaping Israel's security policy The Mossad has always been shrouded in mystery and much of what it does is still unknown to the public But through extensive research and interviews with former Mossad agents this book provides a unique glimpse into the inner workings of one of the world's most powerful intelligence agencies Since its inception in 1949 the Mossad has been credited with incredible rescues violent assassinations and the clever sabotage of enemy operations Whether nefarious or essential both critics and supporters of Mossad recognize that its estimated 1,200 employees have the unique ability to adapt to uncertain and hostile circumstances accomplish large scale objectives with limited resources and persevere when seemingly hopelessly outnumbered The History of Mossad

Vilasi, 2014-12-04 The book is about the history of the Italian Secret Services from the pre-unitarian states to the ultimate events *The Italian Far Right from 1945 to the Russia-Ukraine Conflict* Nicola Guerra, 2023-12-19 The Italian Far Right

from 1945 to the Russia-Ukraine Conflict provides a comprehensive account of the postwar parliamentary and extra-parliamentary far right in Italy This book explores the ideology movements and activism of the extreme right and neo-fascists The recent victory in the Italian parliamentary elections of the post-fascist party Fratelli d'Italia and its leader Giorgia Meloni highlights the importance of such research The book examines why some of these movements participated with CIA backing in the Strategy of Tension in the years of the Cold War where terrorist actions aimed to keep Italy in NATO and prevent the

Communist Party from coming to power while other extreme right groups vehemently opposed this and what they considered the dangerous Americanization of the country It debunks the myth that there was a unified postwar fascist movement in Italy but instead excavates the complex battles within the extreme right as well as with their opponents from the left and the authorities This study is necessary to clarify the history and ideological dynamics of a political area still too often shrouded in mystery and whose geopolitical role is still poorly understood and generally underestimated The analysis is contextualized in the present day by looking at the different perspectives of the Italian far right on the Russian invasion of Ukraine The book will be of interest to researchers of political history the Cold War and Italian history and politics **Intelligence** Mark M. Lowenthal,2016-09-29

Mark M Lowenthal s trusted guide is the go to resource for understanding how the intelligence community s history structure procedures and functions affect policy decisions In this Seventh Edition Lowenthal examines cyber space and the issues it presents to the intelligence community such as defining cyber as a new collection discipline the implications of the Senate Intelligence Committee s staff report on enhanced interrogation techniques the rise of the Islamic State and the issues surrounding the nuclear agreement with Iran New sections have been added offering a brief summary of the major laws governing U S intelligence today such as domestic intelligence collection whistleblowers vs leakers and the growing field of financial intelligence *Encyclopedia of Cold War Espionage, Spies, and Secret Operations* R. Thiranagama,Tobias Kelly,2011-07-06 The figure of the traitor plays an intriguing role in modern politics Traitors are a source of transgression from within creating their own kinds of aversion and suspicion They destabilize the rigid moral binaries of victim and persecutor friend and enemy Recent history is stained by collaborators informers traitors and the bloody purges and other acts of retribution against them In the emergent nation state of Bhutan the specter of the antinational traitor helped to transform the traditional view of loyalty based on social relations In Sri Lanka the Tamil Tigers fear of traitors is tangled with the Tamil civilians fear of being betrayed to the Tigers as traitors For Palestinians in the West Bank simply earning a living can mean complicity with people acting in the name of the Israeli state While most contemporary studies of violence and citizenship focus on the creation of the other the cases in Traitors Suspicion Intimacy and the Ethics of State Building illustrate the equally strong political and social anxieties among those who seem to be most

alike Treason is often treated as a pathological distortion of political life However the essays in Traitors propose that treachery is a constant essential and normal part of the processes through which social and political order is produced In the political gray zones between personal and state loyalties traitors and their prosecutors play roles that make and unmake regimes In this volume ten scholars examine political ethnic and personal trust and betrayals in modern times from Mozambique to the Taiwan Straits from the former Eastern Bloc to the West Bank This fascinating collection studies the tension between close personal relationships the demands of nation states and the moral choices that result when these interests collide In asking how traitors are defined in the context of local histories contributors address larger comparative questions about the nature of postcolonial citizenship

**Germany and Israel** George Lavy,2014-01-14 In 1952 the Federal Republic of West Germany concluded a treaty with Israel whereby the Germans had to pay three billion Deutschmarks in compensation for the Holocaust However the Israelis felt that Germany owed Israel a moral as well as a financial debt and thus expected further aid and protection Although Germany made several concessions in favour of the Jewish State particularly in the domain of armament as Germany's political status increased its national interest gradually took priority over that of Israel This book examines the grounds which motivated Germany to grant aid to Israel and the change in their relations as the German economy flourished and gained influence in world affairs

**The Secret War Against the Jews** John Loftus,Mark Aarons,2017-05-16 The coauthors of Unholy Trinity uncover a wide ranging international conspiracy against the Jews from WWI to the Reagan administration Drawing on thousands of declassified documents and numerous insider accounts attorney John Loftus and investigative reporter Mark Aarons expose nearly a century of clandestine operations against Israel and the Jews carried out by Western countries such as the United

States and Great Britain Professed allies of Israel on the world stage these countries are revealed to have repeatedly spied on Palestine and Israel in pursuit of money oil and geopolitical gains Unearthing a series of scandals from Oliver North to the British royal family The Secret War Against the Jews reveals as much about political corruption inside Western intelligence as it does about the history of Israel This book transcends the realm of mere history raising grave allegations that will be the subject of debate for years to come     *Mossad* Michael Bar-Zohar,Nissim Mishal,2012 Two insiders reveal some of the more fantastic episodes in the history of Israeli intelligence operations around the world
