

David in Medieval Jewish Thought

Judah Halevi's Book of the Kuzari as a Reconciliation Project

Marzena Zawadowska

1 Introduction

King David is one of the most complex, rich, and ambivalent characters in the Hebrew Bible.¹ He is described as a brave warrior and an efficient ruler, but also as a vassal of the Philistine king – a sort of a mercenary soldier – and a sinner, criticized in Scripture itself for his morally reprehensible dealings with Bathsheba. Notwithstanding this mixed legacy (or perhaps because of it), he became a central figure in all of the monotheistic traditions. Each of these traditions significantly reinterpreted him and his life story to the effect that, with time, he has become chiefly associated with the (albeit more imagined than real) idyllic past of the United Kingdom of Judah and Israel and with messianic hopes for ultimate redemption in the future. In addition, all these traditions rendered him the pious author of the entire book of Psalms, despite the fact that the Bible makes no such claim, and in fact overtly attributes some of the psalms to different authors. This last aspect of David's character was of particular importance for the medieval Jewish poets who lived in the Iberian Peninsula and wished to revive the Hebrew language and to imitate its beauty in their own poetical oeuvre. One of them, Shmuel ha-Nagid, went so far as to see a new incarnation of David in himself.²

1 The paper was prepared within the framework of the research project, "The Karaites and Karaism as Portrayed in Medieval Rabbanite Sources. A Comparative Study and Translation of Judah Halevi's *Kuzari*," sponsored by the National Science Centre (NCN; grant Opus 10) awarded to Dr. Marzena Zawadowska (2015/19/B/HS2/01284). I wish to express my gratitude to Ms. Tamar Cohen for her careful reading of this text and all the corrections and suggestions. Throughout the paper, I follow Barry S. Kogan's and Lawrence V. Berman's translation of *The Book of the Kuzari* with slight modifications and minor adjustments when necessary. I am very grateful to Prof. Kogan for having shared with me this translation prior to its publication. All the italicized phrases within the citations are in the original, while passages in bold as well as additions of Arabic words in brackets are my own.

The Jewish Factor In Medieval Thought:

The Jewish Factor in Medieval Thought Charles Singer, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **The Jew in the Medieval World** Jacob R. Marcus, 1999-12-31 To gain an accurate view of medieval Judaism, one must look through the eyes of Jews and their contemporaries. First published in 1938, Jacob Rader Marcus's classic source book on medieval Judaism provides the documents and historical narratives which let the actors and witnesses of events speak for themselves. The medieval epoch in Jewish history begins around the year 315 when the emperor Constantine began enacting disabling laws against the Jews, rendering them second-class citizens. In the centuries following, Jews enjoyed or suffered under legislation either chosen or forced by the state, which differed from the laws for the Christian and Muslim masses. Most states saw the Jews as simply a tolerated group, even when given favorable privileges. The masses often disliked them. Medieval Jewish history presents a picture wherein large patches are characterized by political and social disabilities. Marcus closes the medieval Jewish age for Western Jewry in 1791 with the proclamation of political and civil emancipation in France. The 137 sources included in the anthology include historical narratives, codes, legal opinions, martyrologies, memoirs, polemics, epitaphs, advertisements, folk tales, ethical and pedagogical writings, book prefaces, and colophons, commentaries, and communal statutes. These documents are organized in three sections. The first treats the relation of the State to the Jew and reflects the civil and political status of the Jew in the medieval setting. The second deals with the profound influence exerted by the Catholic and Protestant churches on Jewish life and well-being. The final section presents a study of the Jew at home, with four sub-divisions which treat the life of the medieval Jew in its various aspects. Marcus presents the texts themselves, introductions, and lucid notes. Marc Saperstein offers a new introduction and updated bibliography. **The Jewish Contribution to Civilization**

Jeremy Cohen, Richard I. Cohen, 2007-12-27 This book investigates the idea of a distinct Jewish contribution to civilization as it has been understood from the seventeenth century to the present. Offering a broad spectrum of academic opinion, it explores the role that the concept has played in Jewish self-definition and how it has influenced the history of the Jews and of others. It also considers the centrality of the concept in modern Jewish culture and for modern Jewish studies.

A Treasury of Jewish Quotations Joseph L. Baron, 1996-06-01 The quotations contained in this monumental volume consist of aphorisms, maxims, proverbs, and comments of Jewish authorship or on Jewish themes. Here is a rich treasury compiled from over 2,500 years of Jewish writings—from the Talmud, the Mishnah, the Zohar, and the Bible through excerpts from Rashi, Maimonides, the Baal Shem Tov, as well as Spinoza, Disraeli, Herzl, Freud, Einstein, and many others.
