Lee, 1981 The papers in this volume prepared by social scientists with different specializations address selected aspects of Hong Kong's post War development      The A to Z of the Hong Kong SAR and the Macao SAR Ming K. Chan, Sonny Shiu-Hing Lo, 2010-04-01 The Hong Kong Special Administrative Region of the People's Republic of China is located on the southeastern coast of China and the Macao SAR can be found off of China's southern coast Both regions have recently been released from European colonial rule Hong Kong from British control in 1997 and Macao from Portugal in 1999 As SARs Hong Kong and Macao retain a high degree of autonomy and they control all issues except those of state e.g diplomatic relations and national defense The A to Z of the Hong Kong SAR and the Macao SAR includes maps photographs a list of acronyms a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places and events as well as political economic and social background However unlike the rest of the series all these sections are presented in duplicate one for Hong Kong and one for Macao The authoritative analysis and informative data presented clearly elucidate the unique situation of these two territories

Carroll, 2016-08-01 The Cold War was a distinct and crucial period in Hong Kong's evolution and in its relations with China and the rest of the world Hong Kong was a window through which the West could

monitor what was happening in China and an outlet that China could use to keep in touch with the outside world Exploring the many complexities of Cold War politics from a global and interdisciplinary perspective Hong Kong in the Cold War shows how Hong Kong attained and honed a pragmatic tradition that bridged the abyss between such opposite ideas as capitalism and communism thus maintaining a compromise between China and the rest of the world The chapters are written by nine leading international scholars and address issues of diplomacy and politics finance and economics intelligence and propaganda refugees and humanitarianism tourism and popular culture and their lasting impact on Hong Kong Far from simply describing a historical period these essays show that Hong Kong's unique Cold War experience may provide a viable blueprint for modern day China to develop a similar model of good governance and may in fact hold the key to the successful implementation of the One Country Two Systems idea This is a timely collection of essays on the role of Hong Kong in a global context and its multifaceted relationship with mainland China It is emerging at a particularly appropriate moment when the local community has been provoked to reflect on its common fate under the notion of one country two systems Ray Yep City University of Hong Kong Hong Kong the Berlin of the East was transformed by the Cold War an existential conflict between capitalism and communism Consequently this fine volume is a must read for political cultural and economic historians of Hong Kong International historians should also add this collection of essays and cutting edge empirical studies to their reading lists it will enrich their understandings of the Global Cold War David Clayton University of York *China's New United Front Work in Hong Kong* Sonny Shiu-Hing Lo, Steven Chung-Fun Hung, Jeff Hai-Chi Loo, 2019-07-15 This book explores the dynamics of China's new united front work in Hong Kong Mainland Chinese penetrative politics can be seen in the activities of local pro Beijing political parties clans and neighborhood associations labor unions women and media organizations district federations and some religious groups However united front work in the educational and youth sectors of civil society has encountered strong resistance because many Hong Kong people are post materialistic and uphold their core values of human rights the rule of law and transparency China's new united front work in Hong Kong has been influenced by its domestic turn toward hard authoritarianism making Beijing see Hong Kong's democratic activists and radicals as political enemies Hong Kong's one country two systems is drifting toward one country two mixed systems with some degree of convergence Yet Taiwan and some foreign countries have seen China's united front work as politically destabilizing and penetrative This book will be of use to scholars journalists and observers in other countries seeking to reckon with Chinese influence [A Modern History of Hong Kong](#) Steve Tsang, 2007-07-30 This major history of Hong Kong tells the remarkable story of how a cluster of remote fishing villages grew into an icon of capitalism The story began in 1842 with the founding of the Crown Colony after the First Anglo Chinese war the original Opium War As premier power in Europe and an expansionist empire Britain first created in Hong Kong a major naval station and the principal base to open the Celestial Chinese Empire to trade Working in parallel with the locals the British built it up to become a focus for investment

appointees      **Roots of the State** Benjamin Read, 2012-04-11 Most social science studies of local organizations tend to focus on civil society associations voluntary associations independent from state control whereas government sponsored organizations tend to be theorized in totalitarian terms as mass organizations or manifestations of state corporatism *Roots of the State* examines neighborhood associations in Beijing and Taipei that occupy a unique space that exists between these concepts Benjamin L Read views the work of the neighborhood associations he studies as a form of administrative grassroots engagement States sponsor networks of organizations at the most local of levels and the networks facilitate governance and policing by building personal relationships with members of society Association leaders serve as the state's designated liaisons within the neighborhood and perform administrative duties covering a wide range of government programs from welfare to political surveillance These partly state controlled entities also provide a range of services to their constituents Neighborhood associations as institutions initially created to control societies may underpin a repressive regime such as China's but they also can evolve to empower societies as in Taiwan This book engages broad and much discussed questions about governance and political participation in both authoritarian and democratic regimes      *Repositioning the Hong Kong Government* Stephen Wing Kai Chiu, 2012-04-01 The relationship between government and society in Hong Kong has become an intensely debated topic as the complexities of governance grow and the old strategies of consensus building without genuine public participation fail to satisfy Increasingly interventionist yet lacking democratic credentials the Hong Kong SAR government finds itself more and more limited in its capacity to implement policies and less able to rely on traditional allies A society dissatisfied with old forms of governance has become ever more ready to mobilize itself outside of the formal political structures This collection of studies by leading scholars examines the Hong Kong government's efforts to reposition itself in the economy and society under the pressures of globalization economic and political restructuring and the rise of the civil society Drawing on changing theoretical conceptions of state market and citizenship and on comparisons with other Asian economies *Repositioning the Hong Kong Government* offers new interpretations of the problems of governance in Hong Kong and puts forward positive suggestions for resolving them      *After the Imperial Turn* Antoinette Burton, 2003-05-29 Essays in this collection assess the nation as a subject of disciplinary inquiry considering both its enduring relevance and its inadequacy as an analytical category for studying history literature and culture      *Voluntary Organizations in the Chinese Diaspora* Khun Eng Kuah-Pearce, Evelyn Du-Dehart, 2006-02-01 Do Chinese voluntary organizations continue to have a role in modern societies enmeshed in a globalizing world that questions continuation of the nation state and ethnic identity This book argues that Chinese voluntary organizations continue to play a significant role in both the established and new Chinese communities in the Diaspora They are able to do so because of their ability to transform their organizational structure and functions At the same time they are able to reinvent their own images to suit their co-ethnic community and the wider polity The uniqueness of this volume lies in its integration of historical and contemporary approaches to the study of traditional

Chinese voluntary organizations in the Diaspora The chapters explore how the Chinese voluntary organizations continue to fulfil the needs of the Chinese community in different parts of the world and do this by both localizing and globalizing their functions and roles in the countries where they have established roots The contributors cover traditional Chinese voluntary organizations from Asia to Australia North America and Europe examining not only their activities in established Chinese communities such as Singapore and Malaysia but also in the new emerging Chinese communities in Canada and Eastern Europe This allows the readers to compare and contrast the voluntary organizations across countries and across time Readership for this book includes scholars and students of Chinese Studies Asian Studies Anthropology Sociology Diaspora Studies History Social Organizations and the general educated Chinese population Streets Jason Wordie, 2007-01-01 The book starts with a district familiar to all visitors Tsim Sha Tsui but then moves into the hinterland of Kowloon taking the reader and walker far beyond the well known streets of tourist oriented shops and hotels Streets Exploring Kowloon like its companion Streets Exploring Hong Kong Island guides the reader with maps and travel information to take 45 walks throughout Kowloon each along a specific street pointing out historically and culturally important sites but also the curious and the intriguing
