The Literate Mode Of Ciceros Legal Rhetoric

Robert R. Redfield

The Literate Mode Of Cicero's Legal Rhetoric:

The Literate Mode of Cicero's Legal Rhetoric Richard Leo Enos, 1988 The first book to examine closely how the relationship of Cicero's oral and written skills bears on his legal argumentation Enos argues that more than any other Roman advocate Cicero developed a literate mind which enabled him to construct arguments that were both compelling in court and popular in society Through close examination of the audience and substance of Cicero's legal rhetoric Enos shows that Cicero used his writing skills as an aid to composition of his oral arguments after the trial he again used writing to edit and re-compose texts that appear as speeches but function as literary statements directed to a public audience far removed from the courtroom These statements are couched in a mode that would eventually become a standard of literary eloquence Enos explores the differences between oral and literary composition to reveal relationships that bear not only on different modes of expression but also on the conceptual and cultural factors that shape meaning itself

Introduction to Classical Legal Rhetoric Michael H. Frost, 2017-03-02 Lawyers law students and their teachers all too frequently overlook the most comprehensive adaptable and practical analysis of legal discourse ever devised the classical art of rhetoric Classical analysis of legal reasoning methods and strategy is the foundation and source for most modern theories on the topic Beginning with Aristotle's Rhetoric and culminating with Cicero's *De Oratore* and Quintilian's *Institutio Oratoria* Greek and Roman rhetoricians created a clear experience based theoretical framework for analyzing legal discourse This book is the first to systematically examine the connections between classical rhetoric and modern legal discourse It traces the history of legal rhetoric from the classical period to the present day and shows how modern theorists have unknowingly benefited from the classical works It also applies classical rhetorical principles to modern appellate briefs and judicial opinions to demonstrate how a greater familiarity with the classical sources can deepen our understanding of legal reasoning

Cicero and Modern Law Richard O. Brooks, 2017-07-05 Cicero and Modern Law contains the best modern writings on Cicero's major law related works such as the Republic On Law On Oratory along with a comprehensive bibliography of writings on Cicero's legal works These works are organized to reveal the influence of Cicero's writings upon the history of legal thought including St Thomas the Renaissance Montesquieu and the U S Founding Fathers Finally the articles include discussions of Cicero's influence upon central themes in modern legal thought including legal skepticism republicanism mixed government private property natural law conservatism and rhetoric The editor offers an extensive introduction placing these articles in the context of an overall view of Cicero's contribution to modern legal thinking

Michael J. MacDonald,2017-09-20 Featuring roughly sixty specially commissioned essays by an international cast of leading rhetoric experts from North America Europe and Great Britain the Handbook will offer readers a comprehensive topical and historical survey of the theory and practice of rhetoric from ancient Greece and Rome through the Middle Ages and Enlightenment up to the present day **Cicero the Advocate** Jonathan Powell,Jeremy Paterson,2004-07-29 This is the first book in English to take Cicero s forensic speeches seriously as acts of advocacy i e as designed to ensure that the person he represents is acquitted or that the person he is prosecuting is found guilty It seeks to set the speeches within the context of the court system of the Late Roman Republic and to explore in detail the strategies available to Roman advocates to win the votes of jurors The volume comprises a substantial introduction fourteen chapters by prominent Ciceronian scholars in Britain North America and Germany and a final chapter by a current British Appeal Court judge who comments on Cicero s techniques from the point of view of a modern advocate The introduction deals with issues concerning the general nature of advocacy the Roman court system as compared with other ancient and modern systems the Roman profession of advocacy and its etiquette the place of advocacy in Cicero s career the ancient theory of rhetoric and argument as applied to courtroom advocacy and the relationship between the published texts of the speeches as we have them and the speeches actually delivered in court The first eight chapters discuss general themes legal procedure in Cicero s time Cicero s Italian clients Cicero s methods of setting out or alluding to the facts of a case his use of legal arguments arguments from character invective self reference and emotional appeal the last of these especially in the concluding sections of his speeches Chapters 9 14 examine a range of particular speeches as case studies In Verrem II 1 from Cicero s only major extant prosecution case Pro Archia De Domo Sua Pro Caecina Pro Cluentio Pro Ligario These speeches cover the period of the height of Cicero s career from 70 BC when Cicero became acknowledged as the leading Roman advocate to 49 BC when Caesar s dictatorship required Cicero to adapt his well tried forensic techniques to drastically new circumstances and they contain arguments on a wide range of subject matter including provincial maladministration usurpation of citizenship rights violent dispossession the religious law relating to the consecration of property poisoning bribery and political offences Other speeches including all the better known ones are used as illustrative examples in the introduction and in the more general chapters An appendix lists all Cicero s known appearances as an advocate *Encyclopedia of Rhetoric* Thomas O. Sloane,2001 The Encyclopedia of Rhetoric is a comprehensive survey of the latest research as well as the foundational teachings in this broad field Featuring

150 original signed articles by leading scholars from many different fields of study it brings together knowledge from classics philosophy literature literary theory cultural studies speech and communications The Encyclopedia surveys basic concepts speaker style and audience elements genres terms fallacies figures of speech and the rhetoric of non Western cultures and cultural movements It covers rhetoric as the art of proof and persuasion as the language of public speech and communication and as a theoretical approach and critical tool used in the study of literature art and culture at large including new forms of communication such as the internet The Encyclopedia is the most wide ranging reference work of its kind combining theory history and practice with a special emphasis on public speaking performance and communication Cross references bibliographies after each article and synoptic and topical indexes further enhance the work Written for students teachers scholars and writers the Encyclopedia of Rhetoric is the definitive reference work on this powerful discipline The Epistemic Music of Rhetoric Steven B. Katz, 1996 Katz English North Carolina State U examines the correlation between Reader Response Criticism and the philosophy of science engendered by the Copenhagen School of New Physics and assesses the scientific empiricism that controls the parameters of reading and writing theory to look at the possibility of teaching reading and writing as rhetorical music He reinterprets Cicero s rhetorical theory in light of recent revisionist scholarship and sketches a temporal model of affective response in reading and writing Annotation copyright by Book News Inc Portland OR
