The Journal Of A Colonial Lady:

The Journal of a Colonial Lady Jessie Augusta Francis, 1985 **The Journal of Esther Edwards Burr, 1754-1757** Esther Edwards Burr, 1984-01-01 Daughter of Jonathan Edwards and mother of Aaron Burr Mrs Burr describes her experiences in colonial America **The Ladies' Home Journal** Louisa Knapp, Edward William Bok, 1895 Women Making News Michelle Elizabeth Tusan, 2005 Starting in the mid nineteenth century female editors and journalists created a new genre of political journal they proclaimed to be both for and by women Specialized periodicals like Women's Penny Paper and Shafts fostered the proliferation of diverse political agendas aimed at reimagining women's status in society At the same time the institutional infrastructure of the women's press provided women with job opportunities in a nontraditional field Michelle Tusan tells two stories First she examines alternative print based political cultures that women developed during the late nineteenth and early twentieth centuries Second she explores how British female subjects forged a wide range of new political identities through the pages of their press Tusan employs social and cultural historical analysis in the reading of popular printed texts as well as rare and previously unpublished personal correspondence and business records from archives throughout Britain Insightful and filled with fascinating detail Women Making News uncovers how the relationship between print culture and gender politics provided a vehicle for women's mobilization in the political culture of modern Britain *Women in Early America* Dorothy Auchsler Mays, 2004-11-23 This volume fills a gap in traditional women's history books by offering fascinating details of the lives of early American women and showing how these women adapted to the challenges of daily life in the colonies Women in Early America Struggle Survival and Freedom in a New World provides insight into an era in American history when women had immense responsibilities and unusual freedoms These women worked in a range of occupations such as tavernkeeping printing spiritual leadership trading and shopkeeping Pipe smoking beer drinking and premarital sex were widespread One of every eight people traveling with the British Army during the American Revolution was a woman The coverage begins with the 1607 settlement at Jamestown and ends with the War of 1812 In addition to the role of Anglo American women the experiences of African French Dutch and Native American women are discussed The issues discussed include how women coped with rural isolation why they were prone to superstitions who was likely to give birth out of wedlock and how they raised large families while coping with immense household responsibilities **Women's History in Global Perspective** Bonnie G. Smith, 2004 This second volume is concerned with issues that have shaped the history of women in particular places and during particular eras It examines women in ancient civilisations including women in China Japan and Korea women and gender in South Asia and Latin America medieval women and the history of women in the US until 1865 The Palgrave International Handbook of Women and Journalism Carolyn M. Byerly, 2016-01-12 Now in paperback for the first time the Handbook is an academic adaptation of information contained in the Global Report on the Status of Women in News Media a study commissioned by the International Women's Media

Foundation The book's editor was the principal investigator of the original study This text draws together the most robust data from that original study presenting it in 29 chapters on individual nations and three additional theoretical chapters The book is the most expansive effort to date to consider women's standing in the journalism profession across the world Contents organize nations in relation to their progress within newsrooms with those most advanced in gender equality representing diversity in terms of region and national development Contributing authors are in most cases the original researchers for their respective nations in the Global Report study

Social Origins of Private Life Stephanie Coontz, 2016-02-23 A highly original account of the evolution of the family unit Current debates about the future of the family are often based on serious misconceptions about its past Arguing that there is no biologically mandated or universally functional family form Stephanie Coontz traces the complexity and variety of family arrangements in American history from Native American kin groups to the emergence of the dominant middle class family ideal in the 1890s Surveying and synthesizing a vast range of previous scholarship as well as engaging more particular studies of family life from the seventeenth to the nineteenth centuries Coontz offers a highly original account of the shifting structure and function of American families Her account challenges standard interpretations of the early hegemony of middle class privacy and affective individualism pointing to the rich tradition of alternative family behaviors among various ethnic and socioeconomic groups in America and arguing that even middle class families went through several transformations in the course of the nineteenth century The present dominant family form grounded in close interpersonal relations and premised on domestic consumption of mass produced household goods has arisen Coontz argues from a long and complex series of changing political and economic conjunctures as well as from the destruction or incorporation of several alternative family systems A clear conception of American capitalism's combined and uneven development is therefore essential if we are to understand the history of the family as a key social and economic unit Lucid and detailed *The Social Origins of Private Life* is likely to become the standard history of its subject
