

The background of the entire cover is a dark, atmospheric illustration. A large, dark, hooded figure with large, staring eyes and a thick beard-like texture on its face stands prominently on the right side. It holds a long spear in its right hand. To the left of this figure, two skeletons are depicted in a dynamic, dancing or dancing pose. In the foreground, another skeleton lies on the ground, and a small, pale human figure is visible in the lower right corner. The overall tone is somber and historical, reflecting the theme of the famine.

poverty and famine and our main sites for engaging with their loss are visual news and social media In a reappraisal of the viewer's role in representations of displacement Niamh Ann Kelly examines a wide range of commemorative visual culture from the mid nineteenth century Great Irish Famine Her analysis of memorial images objects and locations from that period until the early 21st century shows how artefacts of historical trauma can affect understandings of enforced migrations as an ongoing form of political violence This book will be of interest to students and researchers of museum and heritage studies material culture Irish history and contemporary visual cultures exploring dispossession Ireland's History Kenneth L. Campbell, 2013-12-05 Ireland's History provides an introduction to Irish history that blends a scholarly approach to the subject based on recent research and current historiographical perspectives with a clear and accessible writing style All the major themes in Irish history are covered from prehistoric times right through to present day from the emergence of Celtic Christianity after the fall of the Roman Empire to Ireland and the European Union secularism and rapprochement with the United Kingdom By avoiding adopting a purely nationalistic perspective Kenneth Campbell offers a balanced approach covering not only social and economic history but also political cultural and religious history and exploring the interconnections among these various approaches This text will encourage students to think critically about the past and to examine how a study of Irish history might inform and influence their understanding of history in general Teaching Global History Alan J. Singer, 2019-10-28 This updated edition of Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why This essential text explains how to organize curriculum around broad social studies concepts and themes as well as student questions about humanity history and the contemporary world All chapters feature lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps This new edition includes connections to the C3 framework updates throughout to account for the many shifts in global politics and a new chapter connecting past to present through current events and historical studies in ways that engage students and propel civic activism Offering an alternative to pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate on what the global history curriculum should be and how to teach it **Famine Politics in Maoist China and the Soviet Union** Felix Wemheuer, 2014-06-24 During the twentieth century 80 percent of all famine victims worldwide died in China and the Soviet Union In this rigorous and thoughtful study Felix Wemheuer analyzes the historical and political roots of these socialist era famines in which overambitious industrial programs endorsed by Stalin and Mao Zedong created greater disasters than those suffered under prerevolutionary regimes Focusing on famine as a political tool Wemheuer systematically exposes how conflicts about food among peasants urban populations and the socialist state resulted in the starvation death of millions A major contribution to Chinese and Soviet history this provocative analysis examines the long term effects of the great famines on the relationship between the state and its citizens and argues that the

lessons governments learned from the catastrophes enabled them to overcome famine in their later decades of rule

Charles Trevelyan and the Great Irish Famine Robin F. Haines, 2004 Charles Trevelyan the assistant secretary to the Treasury during the Famine years has received the bulk of the blame for the government's parsimonious response to the catastrophe This book examines history's condemnation of Trevelyan It reveals how and why he came to be demonized as the architect of policies aimed according to some commentators at the deliberate depopulation of Ireland Drawing extensively on Trevelyan's original correspondence and also on that of his political masters his colleagues subordinates and others in the field Robin Haines restores the portrait of a dedicated civil servant an opinionated man caught up in the tensions of Westminster Whitehall and Dublin yet determined to deliver relief to a country to which he was attached by ties of affection sympathy and ancestry **BOOK JACKET**

The Great Famine in Tralee and North Kerry Bryan MacMahon, 2017-06-12 Bryan MacMahon focuses on human stories rather than statistics as he depicts the unprecedented events upheavals and challenges of the famine years through the eyes of those who were there and reveals information which has lain hidden and untapped for 170 years This book gives an account of incidents in Tralee and North Kerry It gives a detailed overview and a moving insight into the suffering endured by thousands in the area The contemporary accounts allow the reader to relive the shocking events and to understand the stark dilemmas faced by those who were not themselves directly affected by hunger or disease Here too are the names and inquest details of some of the dead and poignant descriptions of life in the workhouses of Tralee and Listowel Included are stories of scandals and possible sexual abuse in the workhouse but also many examples of selfless humanitarian work **The Kerry Girls** Kay Moloney Caball, 2014-05-05 As part of the controversial Earl Grey

Scheme this is the true story of the Kerry girls who were shipped to Australia from the four Kerry workhouses of Dingle Kenmare Killarney and Listowel in 1849 and 1850 Leaving behind scenes of destitution and misery the girls some of whom spoke only Irish set off to the other side of the world without any idea of what lay ahead This book tells of their selection and their transportation to New South Wales and Adelaide their subsequent apprenticeship and finally of their marriages and attempts to rebuild a life far from home ***Borders of Belief*** Gregory J. Goalwin, 2022-07-15 Why have modern nationalists built religious identity as the foundational signifier of nationality in an increasingly secular world The cases of 20th century Ireland and Turkey reveal the answer religious nationalism is not a knee jerk reaction to secular modernization but a tool that forges new and independent national identities ***Historical Dictionary of Ireland*** Frank A. Biletz, 2013-11-14 All places undergo change but in few has this change been quite as sweeping as Ireland both the independent Republic of Ireland and dependent Northern Ireland so it is good to see where it is heading at present Obviously that has to be judged on the background of where it is coming from not only over the past decade or so but over centuries and indeed millennia This new edition of *Historical Dictionary of Ireland* is an excellent resource for discovering the history of Ireland This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 600 entries

on significant persons places and events political parties and institutions including the Catholic church with period forays into literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Ireland **Whose Hunger?** Jenny Edkins, **The Politics of Identity in Irish Drama** George Cusack,2009

The Removal of Irish Paupers from Britain Lewis Darwen,Donald MacRaild,2024-11-29 During the nineteenth century local officials sought to deal with their Irish pauper problem by removing these poor migrants back to Ireland under the laws of settlement and removal Over the course of the century hundreds of thousands of Irish paupers were forcibly repatriated in this way Even though the settlement rights of Irish immigrants gradually improved over time removals were still taking place into the twentieth century The system was widely recognised as being cruel and unfair especially in Ireland where the removal of Irish paupers from Britain garnered considerable political and press attention Much was made of the illegality of some removals and of harsh removals involving widowed women children and the elderly This book which is the first sustained study of repatriation from Britain demonstrates a persistent theme the marginal nature of Irish life on the larger island Drawing on extensive research from newspaper sources and parliamentary papers it presents an original and richly detailed perspective on Irish immigration poverty and pauperism in nineteenth century Britain **Elizabeth's Irish Wars** Cyril Falls,1997 The reign of Elizabeth I will always be remembered for the Armada But it was the Irish not the Spanish who came closest to destroying the security of the Elizabethan state Between 1560 and 1602 only superior military force allied with ruthless subjugation preserved England s throne against a succession of rebellions and uprisings throughout Ireland This classic work by renowned military historian Cyril Falls is the crucial account of the half century that changed the course of Anglo Irish history The Elizabethan wars in Ireland involved the collision of two civilizations Falls s critical work gives a vital perspective to the broad sweep of Anglo Irish relations
