Based on Benjamin Whorf's hypothesis that language shapes and, in turn, is shaped by culture, this book reveals the unique language and culture that make up prison society. Utilizing over 160 hours of taped interviews with prisoners at the Washington State Penitentiary, the author correlates the life patterns of the prisoners with their language and the meaning of their vocabulary. While critical of prisons and their often dehumanizing and repressive operations, the author recognizes the efforts of persons in all areas of corrections. Correctional personnel, sociologists, linguists, and others interested in the prison system will learn from this straightforward and fascinating book.

Speaking of Crime Patricia E. O'Connor, 2000-01-01 *Speaking of Crime* explores how inmates speak of their lives and in particular how they speak of crime What is the power of speech for prisoners What do their uses of pronouns and choices of verbs reveal about them their experiences of violence their relationships with other prisoners and their likelihood for change In this fascinating book Patricia E O Connor probes beneath the surface of prison speech by examining over one hundred taped accounts of narratives of violence made by African American inmates of a U S maximum security prison The inmates manner of speaking about their lives and acts of violence not just what they talk about but how they talk about it supplies important clues to their senses of identity and feelings of agency The use of second person pronouns when speaking about themselves and a reliance on distinctive verbal devices such as irony and constructed dialogue provide important insights into the way prisoners see their world and help condition how they interact with it The Joint Inez

Bennett, 2013-01-11 Covers the rapidly developing and increasingly professionalized field of contemporary prison practice with its increased emphasis on skills and qualifications and its new set of ideas and concepts *The Prison as Metaphor*

Michael P. Marks, 2004 Whether wittingly or unwittingly scholars of international relations have peppered the field with a wide range of metaphors that serve as vehicles for theorizing about world affairs Yet as pervasive as metaphors are in international relations theory theorists efforts to employ metaphorical imagery to suggest new ways of thinking have been haphazard and sporadic In this book Michael P Marks suggests a new metaphor with which to conceptualize international relations the modern prison Many of the same questions that are asked about the so called anarchy of the international system are also frequently asked of life among prison inmates Marks finds that lessons from inmate relations can be applied to the study of international affairs This comparison between the prison and international relations reveals how the construction of human interaction in both realms is infinitely complex Prisons and Prison Systems Mitchel P.

Being and Becoming an Ex-Prisoner Diana Johns, 2017-07-20 Despite broad scholarship documenting the compounding effects and self-reproducing character of incarceration ways of conceptualising imprisonment and the post-prison experience have scarcely changed in over a century Contemporary correctional thinking has congealed around notions of risk and management This book aims to cast new light on men's experience of release from prison Drawing on research conducted in Australia it speaks to the challenges facing people leaving prison and seeking acceptance amongst the non-imprisoned around the world Johns reveals the complexity of the post-prison experience which is frequently masked by constructions of risk that individualise responsibility for reoffending and reimprisonment This book highlights the important role of community in ex-prisoner integration in providing opportunities for participation and acceptance Johns shows that the process of becoming an ex-prisoner is not simply one of individual choice or larger structural forces but occurs in the spaces in between Being and Becoming an Ex-Prisoner reveals the complex interplay between internal and external meanings and practices that causes men to feel neither locked up nor wholly free It will appeal to scholars and students interested in desistance criminology criminological or penological theory sociology and qualitative research methods
