Cleon Skousen,1964-01-01

From the days of Father Abraham to the rise of King David were ten turbulent centuries filled with pathos and drama These

were the times of many notable personalities from the Old Testament This is the epoch of the famous patriarchs Abraham Isaac and Jacob Their exemplary lives as they stood true and faithful in the midst of adversity are especially poignant today They were followed by the exciting and tumultuous life of Joseph who rose to become prime minister of Egypt and saved that nation from starvation and ruin through his prophetic gifts From the desert and thundering slopes of Mount Sinai then came the amazing life of Moses who rose out of his own fear to become one of the greatest prophets and leaders ever known who used the power of the priesthood to unleash an astonishing flood of miracles that exceeded any other epoch until the ministry of Jesus Christ He was soon followed by the great Ephraimite general Joshua who in his old age lead the children of Israel forth in battle as they conquered the land of Palestine which had been promised to them by the Lord However Israel s rise to greatness was short circuited by several hundred years of iniquity as they turned from the Lord and wallowed in sin Fortunately the Lord did not forsake them as he sent messages of light and hope to many prophets and judges such as Gideon Deborah Ruth and Samuel whose lives still inspire us today Eventually the children of Israel began to see glimpses of a new golden epoch of righteousness and prosperity through the influence of the prophet Samuel and the rise of King Saul and King David All of these great names belong to the thrilling third thousand years of human history The Third Thousand Years like its predecessor The First 2 000 Years makes the Old Testament come alive with new understanding Obscure and misunderstood passages of scripture can now be understood through the additional light of modern revelation The text is carefully documented so that every important point is correlated with appropriate passages in the scriptures Helpful maps charts and illustrations are also included to enhance our understanding of this fascinating and dynamic epoch of history This eBook includes the original index illustrations footnotes table of contents and page numbering from the printed format

**Secret Scrolls** Robert M. Price, 2010-12-27 Secret Scrolls is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven t bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one s religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one s faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board Secret Scrolls assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown s notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine

romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will Secret Scrolls Book of Mormon Student Manual (Religion 121-122) The Church of Jesus Christ of Latter-day Saints,1981 The Book of Mormon testifies of Jesus Christ and teaches us how to become His disciples The Prophet Joseph Smith 1805 44 affirmed that a man would get nearer to God by abiding by its precepts than by any other book History of the Church 4 461 Book of Mormon introduction As you study the Book of Mormon and are prayerful the Holy Ghost continually bears witness to your heart and mind of the Savior s divine role as the Redeemer of mankind The Book of Mormon exerts a powerful influence on the hearts of those who receive it and ponder its message Elder Parley P Pratt 1807 57 an early convert of the Restoration and an eventual member of the Quorum of the Twelve Apostles related the following regarding the first time heread the Book of Mormon I opened it with eagerness and read its title page I then read the testimony of several witnesses in relation to the manner of its being found and translated After this I commenced its contents by course I read all day eating was a burden I had no desire for food sleep was a burden when the night came for I preferred reading to sleep As I read the spirit of the Lord was upon me and I knew and comprehended that the book was true Autobiography of Parley P Pratt ed Parley P Pratt Jr 1938 37 Modern prophets have continually emphasized the need for every Latter day Saint to read and reread the Book of Mormon President Gordon B Hinckley 1910 2008 declared I promise you that if each of you will read the Book of Mormon regardless of how many times you previously may have read the Book of Mormon there will come into your lives and into your homes an added measure of the Spirit of the Lord a strengthened resolution to walk in obedience to His commandments and a stronger testimony of the living reality of the Son of God A Testimony Vibrant and True Ensign Aug 2005 6 President Boyd K Packer President of the Quorum of the Twelve Apostles shared how he learned that studying the Book of Mormon leads to personal revelation I found the Book of Mormon to be plain and precious I learned that anyone anywhere could read in the Book of Mormon and receive inspiration Some insights came after reading a second even a third time and seemed to be likened to what I faced in everyday life in Conference Report Apr 2005 6 or Ensign May 2005 7 Inspiration as President Packer testified will come as you consistently read from the Book of Mormon
