true till the latter end of November or the beginning of December 1664 when two men said to be Frenchmen died of the plague in Long Acre or rather at the upper end of Drury Lane The family they were in endeavoured to conceal it as much as possible but as it had gotten some vent in the discourse of the neighbourhood the Secretaries of State got knowledge of it and concerning themselves to inquire about it in order to be certain of the truth two physicians and a surgeon were ordered to go to the house and make inspection This they did and finding evident tokens of the sickness upon both the bodies that were dead they gave their opinions publicly that they died of the plague
