Centurion Living Dr. Justin Thompson, 2012-11-07 Did you ever ask What is the meaning of life Find out what Scripture has to say about the answer to this question as you develop a strategic life plan that is centered on God's purpose and vision for your life Learn to see your entire life and all the everyday things that you do as divine assignments given to you by God Himself You may change your perspective on life and gain a whole new passion for living To begin this process we must understand our origin Where do we come from Why are we here What is the meaning of life What or who defines our purpose These are the most fundamental questions for a business to answer before creating a business plan and they are the most fundamental foundational knowledge that an individual must acquire and define before any meaningful plan for life can be developed The intent of this book is to be a guide to a stronger understanding of God's purpose for you and to apply this understanding to the defining of values and a vision for your life In later chapters you will see how applying the foundation of purpose values and vision through ALL of the missions in your life with a clear strategy that maintains focus on your original purpose will help reveal God's purpose for your life When asked to define their purpose in life people often state that they were meant to be an engineer or accountant or doctor or clergymen or parent or whatever Someone may be called to one of these specific missions but a mission in life is different from life's purpose A mission is a life role or assignment Purpose is a fundamental meaning or reason for being

Being Mindful, Being Christian Joanna Collicutt, Roger Bretherton, Jennifer Brickman, 2016-11-18 Given the rapid spread of mindfulness programmes for issues as wide ranging as depression pain employee engagement and character development this book is aimed at the numerous Christians who are wondering what to make of all this Ultimately it will allow questioning Christians to get to grips with mindfulness in a way that is both discerning and sympathetic By offering background information about being mindful the book will allow readers to disconnect mindfulness from the background of Buddhism in which it is frequently framed This then allows them to decide the extent to which they wish to learn and practice mindfulness without feeling the need to embrace Eastern philosophy in its

entirety In addition by profiling the rich Christian tradition of mindful like practice it offers a distinctively Jesus centred approach to non judgemental awareness and then applies this beneficially to many different areas of faith On putting the book down the reader will be encouraged not to be fearful of the widespread teaching of mindfulness emboldened to discern the point at which they politely part company with Eastern meditative practices and equipped to use all that is good in the practice of mindfulness to develop their relationship with Jesus and with others
