#### The Judas Factor:

**The Judas Factor** Karl Evanzz,1992 Uses interviews and declassified government documents to argue that the CIA conspired to monitor manipulate and finally silence the Black nationalist leader The Judas Factor Roger Elwood,2002

The Judas Factor Ted Allbeury,1984 The Judas Factor Jack Shelynn,1980 The Judas Factor Dwight Jones,2015 Our national leaders want to normalize relations with the sworn enemies of Israel For pastor and author Dwight Jones this troubling development is a clear signal that America's longstanding friendship with the nation is hanging by a thread Changes in our American foreign policy led the author to earnestly petition God for clarity and understanding The words he received were horrifying As Judas betrayed Christ with a kiss and sold him to his enemies so America will betray Israel and sell her to her enemies What will happen if America plays the Judas card Will this bring the wrath of God upon our land Is there still time for a faithful remnant to emerge Jones has written The Judas Factor as a prophetic word to America Readers can follow the author as he treks through the events in the Scriptures from the Last Supper through the betrayal of Christ See what lies ahead for the church as we approach midnight in America

Islam in the African-American Experience, Second Edition Richard Brent Turner, 2003-11-20 Sure to become a classic in the field Highly recommended Library Journal full of surprises and intrigues and written in a beautiful style a breath of fresh air on the African Islamic American connection Journal of the American Academy of Religion The involvement of black Americans with Islam reaches back to the earliest days of the African presence in North America Part I of the book explores these roots in the Middle East West Africa and antebellum America Part II tells the story of the Prophets of the City the leaders of the new urban based African American Muslim movements in the 20th century Turner places the study of Islam in the context of the racial ethical and political relations that influenced the reception of successive presentations of Islam including the West African Islam of slaves the Ahmadiyya Movement from India the orthodox Sunni practice of later immigrants and the Nation of Islam This second edition features a new introduction which discusses developments since the earlier edition including Islam in a post 9 11 America The Judas Factor Bob Monahan, 2011-04 In The Judas Factor Thank You for Delivering Me Bob Monahan investigates the misunderstood relationship between Jesus Christ and Judas Iscariot He proposes that Judas was one of Jesus closest friends not the Betrayer From the perspective of Jesus could Judas have been HIS Deliverer and a vital part of HIS ultimate plan of sacrifice Considering this loving relationship Bob reflects on his own life of relationships and trials while seeking to find Christ in others The Hidden Truth, Or, 'The Judas Factor' Stanley Livingston, 1996 Betrayal by Blood and Demons: The Judas Factor Ian McBride, 2015-01-27 On leave following her last case and her mother's death Detective Megan McGinn finds herself drawn back into an investigation when a judge in the New Jersey town where she is staying is murdered and his secret vice is exposed and someone attempts to kill her Race and US Foreign Policy Mark Ledwidge, 2012-02-06 African Americans analysis of and interest in foreign affairs represents a

rich and dynamic legacy and this work provides a cutting edge insight into this neglected aspect of US foreign affairs In addition to extending the parameters of US foreign policy literature to include race and ethnicity the book documents case specific analyses of the evolutionary development of the African American foreign affairs network AAFAN Whilst the examination of race in regard to the construction of US foreign policy is significant this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy Including analysis of original archival evidence this theoretically informed work seeks to transcend the standard mono disciplinary approach which overestimates the separation between domestic and foreign affairs The unique approach of this work will add an important dimension to a newly emerging field and will be of interest to scholars in ethnic and racial studies American politics US foreign policy and US history

The Sound of Bells Norah Moore, 2013 This book brings together the teachings of Meher Baba and the teachings of Carl Gustav Jung for the first time Many people would wish to bring together their inner experience of spirituality and psychological development Meher Baba did not come to bring a new religion but a philosophy that brought all religions together In this first book The Sound of Bells and Eastern Mysticism I looked at C G Jung's Analytical Psychology in the light of Meher Baba's book God Speaks In the second book of the trilogy Glowing Embers for the New Humanity God can only be Lived I brought a more detailed account of how this might be accomplished In the final book of the trilogy I turned to a more personal account of how I followed this path myself and summed up how the path has been followed throughout all the **Mysteries in History** Paul D. Aron, 2005-11-07 This work is an engaging exploration of the process of avataric ages historical research following historians as they search for solutions to the greatest mysteries of all time Award winning author Paul Aron takes readers on a journey through great historical mysteries through the ages Entertaining in themselves the stories also show that history is not merely living but lively. The reader who comes to the book thinking history is boring will leave with a changed outlook with regard to both the subject matter and the process of writing history Each chapter is a carefully and thoroughly researched presentation not of popularized accounts but of valid historical scholarship Chronologically arranged the essays show the historical process in action For each disputed historical point theories arise become standard wisdom and then are revised as additional information becomes available This book reveals the mechanics of that process including spirited debate swashbuckling archaeology and the application of modern science to ancient questions Explorations in Theology Hans Urs Von Balthasar, 2014-05-26 The last volume in this theological series these works present a rare opportunity to experience Balthasar's synthetic and comprehensive treatment of major themes in theology without having to make one s way through more extensive works which cover a much wider scope Each volume focuses on a specific aspect of theology or spirituality and presents it with all the richness which comes from his immense

erudition but in a style that is directed and intelligible since few of these essays were intended for scholarly audiences They give an excellent overview of the writings and thought of one of the outstanding theologians of this century In this final volume Balthasar focuses on the purpose of man as created by God He begins with these words Man is created to praise reverence and serve God our Lord and by means of this to save his soul Constant repetition has made this line from the Ignatian Spiritual Exercises seem like a trite platitude What could we possibly say about these words that has not already been said before Of course scarcely anyone still remembers or is even willing to acknowledge this Ignatian insight though Ignatius himself understood it as the principle and foundation of all human and Christian truth or at least as a summary of the ABC s for people wanting an introduction to Christianity A bird s eye view of the history of Christian theology reveals an astonishing truth The seemingly banal gateway to the Spiritual Exercises turns out to be anything but traditional at least if it is the great tradition of European thinking that we have in mind Divided into two parts PRAISE REVERENCE AND SERVICE and BEFORE GOD S FACE IN GOD S HEART some of the many topics Balthasar covers in this volume include The Serenity of the Surrendered Self On the Christian s Capacity to See Health between Science and Wisdom The Person Sexuality and Death The Dignity of Women Mary and the Holy Spirit The Eternal Child How God Forgives Introspection and Self transcendence God among Us Peace in Theology The Beatitudes and Human Rights Finding God in All Things and more

Malcolm X, African American Revolutionary Dennis D. Wainstock, 2008-11-10 This biography though it covers his early life and adulthood focusses most prominently on Malcolm X s final years which were largely dominated by his departure from the Nation of Islam and his conflict with Elijah Muhammad Throughout the author addresses a number of lingering issues including the role of fellow prisoner John Elton Bembry in Malcolm s prison conversion whether Malcolm decided to leave the Nation of Islam before he was suspended by Elijah Muhammad whether he was seeking martyrdom and the extent of the role that government agencies played in Malcolm X s assassination in 1965 Black Power Jeffrey O. G. Ogbar, 2019-03-19 Exploring the profound impact of the Black Power movement on African Americans Outstanding Academic Title Choice In the 1960s and 70s the two most important black nationalist organizations the Nation of Islam and the Black Panther Party gave voice and agency to the most economically and politically isolated members of black communities outside the South Though vilified as fringe and extremist these movements proved to be formidable agents of influence during the civil rights era ultimately giving birth to the Black Power movement Drawing on deep archival research and interviews with key participants Jeffrey O G Ogbar reconsiders the commingled stories of and popular reactions to the Nation of Islam Black Panthers and mainstream civil rights leaders Ogbar finds that many African Americans embraced the seemingly contradictory political agenda of desegregation and nationalism Indeed black nationalism he demonstrates was far more favorably received among African Americans than historians have previously acknowledged It engendered minority pride and influenced the political cultural and religious spheres of mainstream African American life for the decades to come This updated edition of Ogbar s

classic work contains a new preface that describes the book s genesis and links the Black Power movement to the Black Lives Matter movement A thoroughly updated essay on sources contains a comprehensive review of Black Power related scholarship Ultimately Black Power reveals a black freedom movement in which the ideals of desegregation through nonviolence and black nationalism marched side by side **Encyclopedia of the African Diaspora** Carole Boyce Davies, 2008-07-29 The authoritative source for information on the people places and events of the African Diaspora spanning five continents and five centuries The field of African Diaspora studies is rapidly growing Until now there was no single authoritative source for information on this broad complex discipline Drawing on the work of over 300 scholars this encyclopedia fills that void Now the researcher from high school level up can go to a single reference for information on the historical political economic and cultural relations between people of African descent and the rest of the world community Five hundred years of relocation and dislocation of assimilation and separation have produced a rich tapestry of history and culture into which are woven people places and events This authoritative accessible work picks out the strands of the tapestry telling the story of diverse peoples separated by time and distance but retaining a commonality of origin and experience Organized in A Z sections covering global topics country of origin and destination country the work is designed for easy use by all Such Is the Way of the World Barbara Schiff Brisson, 1997 Good things really do come in small packages This book is one of them Just open it to any page and read You ll find tidbits of wisdom everywhere not abstract and difficult philosophical ideas but clear understandable and practical ways to deal with life s most difficult challenge grief and mourning
