Najih,Jady Zaidi Hassim,Dewa Gede Sudika Mangku,Hasnan Bachtiar,Fifik Wiryani,Hikmahanto Juwana,Sonny Zulhuda,Muhammad Fauzan,2025-02-27 This book is an open access Law is a set of rules made to foster regularity and guarantee safety and certainty for citizens The existence of Law is intended to maintain social order and control societal changes into something as expected Both law and humanity are inextricable and they work in harmony Therefore the formulation and enforcement must take place simultaneously This view is relevant to the idea of Prof Satjipto Raharjo in his progressive legal theory believing that law is born for human beings not the other way around In other words the law should keep moving to maintain the people s welfare and to ensure that the certainty justice and utility of the law are guaranteed Recently the world has been faced with seemingly unstoppable humanitarian crises Prolonged conflict has caused severe losses affecting physical economic and psychological conditions and no diplomatic and repressive actions have managed to stop this issue In such a situation the law should play its role in protecting those affected by this inhuman conflict However international and national laws seem to be left as nothing but mere meaningless written rules that fail to address this existing problem In such a situation humanity is being disrupted which it sees a change of meaning triggering a critical situation and blurring it This situation also indicates that these days humanity is facing challenges Departing from this perspective the Faculty of Law Universitas Muhammadiyah Malang holds the 5th International Conference of Law and Call for Papers with the Theme Redefining Humanity Values as the Basis of Legal Reasoning Challenges in the Disruption Era From this conference we expect to welcome more ideas of redefining the significance of humanity toward the law in the existing challenges **Proceedings of the International Conference On Law, Economics, and Health (ICLEH 2022)** Anggraeni Endah Kusumaningrum,Widyorini Indriasti Wardani,Edi Pranoto,Rohmad Pujiyanto,2023-04-16 This is an open access book ICLEH will bring the theme of Recover Together Stronger Together Through the Development of Law Economy and Health as our commitment to continuously sharing and disseminating the development of knowledge in the field of Social Science and Law Through this conference therefore we do encourage international collaboration idea sharing and networking among experts and participants in the respected field of law economy and health discipliners **Proceedings of the International Conference on Education, Humanities, Social Science (ICEHoS 2022)** Prasetyo Hartanto,Joko Suprapmanto,2023-07-31 This is an open access book The International Conference on Education Humanities and Social Science ICEHoS is an activity in the form of an international conference by presenting new studies and research results in the fields of Education Humanities and Social Sciences The

Nelson, Istvan Schreiner, Christopher J. Lennings, Tony Butler, 2008 Offending behaviour in childhood is a significant predictor of subsequent offending in adulthood and chronic offending Intervention provided at an early age and stage of offending is more effective than that provided later in the offending history This research aimed to advance understanding of juvenile crime its health and substance abuse patterns cognitive correlates and offence trajectories thereby facilitating effective policies and practices to reduce recidivism improve health and create prosocial alternatives for young Australians at risk of a criminal career Proceedings of the 5th Legal International Conference and Studies (LICS 2022) Faruk Kerem Giray, Henning Glaser, Sri Endah Wahyuningsih, 2023-06-26 This is an open access book In the era of globalization and economic liberalization the free trade applies and begins to be implemented such as the Asian Economic Community AEC the inflow and outflow of food beverage drug and cosmetic products circulating in the world community is increasing rapidly Indeed the halal products circulated and traded cannot be confirmed so that they do not give a sense of peace security comfort and are suitable for consumption by Muslim consumers The circulation of various products on the market both in the form of finished products and raw materials especially those sourced from animals either directly or derived from animals has made it difficult for the Muslim community to trace the halalness of a product People are also weak in understanding the ingredients and the production process of a food product Thus efforts to provide consumer protection especially Muslim consumers are very important and urgent Therefore it is the duty of the state to protect its citizens according to the mandate of the constitution above With this condition the need for halal certification is getting stronger considering that Muslim consumers are increasingly critical and need certainty of the halalness of the food products they consume both in terms of materials and production processes to packaging and distribution For this reason halal certification of food beverage drug and cosmetic products is very important Halal certification is a necessity to provide certainty about the halalness of a product so that the rights and interests of Muslim consumers to carry out their religious sharia not to consume non halal products will be guaranteed This regulation on the protection of Muslim consumer rights has also been mandated in Law Number 18 of 2012 concerning Food Furthermore food safety quality nutrition and halal are the rights of Muslim
