The Laws of the Island of Antigua, 1805 **Surviving the Island of Grace** Leslie Leyland Fields, 2008 As a twenty year old newlywed transplanted from New Hampshire to a remote island in the immense Gulf of Alaska Fields must learn to live communally with her new family in primitive conditions without running water electricity or contact with the outside world

The Island of Zoe Dino Hajiorgi, Christos Sourligas, 2023-06-27 A young Greek American woman travels to the island of Petra bearing precious cargo her late grandmother's body to be buried on the land where the old woman spent her youth But when Zoe arrives on Petra she finds that her grandmother Maria has left her an opulent villa and old family secrets hidden in the mystery of the island Zoe

notices how spry and fit the island's elderly residents are. In fact, no one has miraculously died in over seventy years and time actually stands still on Petra. After Stefanos, a dapper older gentleman, ends his life the night of Grandma's funeral, Zoe learns that Stefanos and her grandmother were lovers and realizes there's much more to the island than meets the eye. Zoe sets out to discover the island and uncovers strange happenings there: isn't a single working clock or telephone; rich migrants from all over the world live clandestinely in the hills; the island is on permanent lock down by the Greek Navy; and the main residents are subjected to repeated medical tests. Manos, the raki-loving bon vivant who runs the local general store, hints that the islanders are paying a price for what they did to Grandma Maria and Stefanos but refuses to reveal more. Hoping to sell her grandmother's house and use the money to help her troubled retail business back in America, Zoe inadvertently falls for the local priest's son, Paris, who will soon be a priest in his own right. As romantic tension mounts between them, he admits his reluctance to become a priest. Believing Zoe is a threat to their immortality, several islanders gang up on Zoe and try to expel her from Petra when more truths come to light.

The Island of Menstruating Men Ian Hogbin, 1996-02-27 Ian Hogbin belongs to anthropology's heroic age. He was a member of the brilliant between-the-wars generation that included Raymond Firth, Reo Fortune, Margaret Mead, Gregory Bateson, and Hortense Powdermaker, all of whom pioneered modern field research in the insular South Pacific. *The Island of Menstruating Men* was a path-breaking exploration of gender in Wogeo when first published. Today it remains an important full-length study of a Melanesian religion, examining it in relation to other facets of culture: mythology, beliefs about illness and death, growth and maturity, magic, social structure, and morality. It is an articulate, insightful examination of the meaning of tradition and of the integration of culture. It is also a captivating account of ethnocentrism and the Wogeo's justification for it, exemplifying in miniature what appears to be one of the great problems of the human species.

The Island of Extraordinary Captives Simon Parkin, 2022-11-01 The riveting, truly shocking *The New York Times* Book Review story of a Jewish orphan who fled Nazi Germany for London only to be arrested and sent to a British internment camp for suspected foreign agents on the Isle of Man alongside a renowned group of refugee musicians, intellectuals, artists, and possibly genuine spies. Following the events of Kristallnacht in 1938, Peter Fleischmann evaded the Gestapo's roundups in Berlin by way of a perilous journey to England on a Kindertransport rescue, an effort sanctioned by the UK government to evacuate minors from Nazi-controlled areas. But he could not escape the British police, who came for him in the early hours and shipped him off to Hutchinson Camp on the Isle of Man under suspicion of being a spy for the very regime he had fled. During Hitler's rise to power in the 1930s, tens of thousands of German and Austrian Jews like Peter escaped and found refuge in Britain. After war broke out and paranoia gripped the nation, Prime Minister Winston Churchill ordered that these innocent asylum seekers, so-called enemy aliens, be interned. When Peter arrived at Hutchinson Camp, he found one of history's most astounding prison populations: renowned professors, composers, journalists, and artists. Together, they created a thriving cultural community complete with art exhibitions, lectures, musical performances, and poetry readings.

The artists welcomed Peter as their pupil and forever changed the course of his life Meanwhile suspicions grew that a real spy was hiding among them one connected to a vivacious heiress from Peter s past Drawing from unpublished first person accounts and newly declassified government documents award winning journalist Simon Parkin reveals an extraordinary yet previously untold true story Daily Express that serves as a testimony to human fortitude despite callous hypocritical injustice The New Yorker and an example of how individuals can find joy and meaning in the absurd and mundane The Spectator
