The Isle Of Voices:

The Isle of Voices by Robert Louis Stevenson Robert Stevenson, 2017-09-29 *The Isle of Voices* by Robert Louis Stevenson **South Seas Encounters** Richard Fulton, Peter Hoffenberg, Stephen Hancock, Allison Paynter, 2018-08-06 *South Seas Encounters* examines several key types of encounters between the many faceted worlds of Oceania Britain and the United States in the formative nineteenth century The eleven essays collected in this volume focus not only on the effect of the two powerful industrialized colonial powers on the cultures of the Pacific but the effect of those cultures on the Western cultural perceptions of themselves and the wider world including understanding encounters and exchanges in ways which do not underemphasize the agency and consequences for all participating parties The essays also provide insights into the causes unfolding and consequences for both sides of a series of significant ethnographic political cultural scientific educational and social encounters This volume makes a significant contribution to increasing scholarly interest in Oceania s place in British and American nineteenth century cultural experiences *South Seas Encounters* investigates these significant interactions and how they changed the ways that Oceanic British and American cultures reflected on themselves and their place in the wider world *Oceania and the Victorian Imagination* Peter H. Hoffenberg, 2016-05-23 *Oceania or the South Pacific* loomed large in the Victorian popular imagination It was a world that interested the Victorians for many reasons all of which suggested to them that everything was possible there This collection of essays focuses on Oceania s impact on Victorian culture most notably travel writing photography international exhibitions literature and the world of children Each of these had significant impact The literature discussed affected mainly the middle and upper classes while exhibitions and photography reached down into the working classes as did missionary presentations The experience of children was central to the Pacific s effects as youthful encounters at exhibitions chapel home or school formed lifelong impressions and experience It would be difficult to fully understand the Victorians as they understood themselves without considering their engagement with Oceania While the contributions of India and Africa to the nineteenth century imagination have been well documented examinations of the contributions of Oceania have remained on the periphery of Victorian studies *Oceania and the Victorian Imagination* contributes significantly to our discussion of the non peripheral place of Oceania in Victorian culture **The Isle of Voices** Robert Louis Stevenson, 2004-06-01 As soon as the leaves caught the sorcerer leaped like a deer out of the circle and began to race along the beach like a hound that has been bathing As he ran he kept stooping to snatch shells and it seemed to Keola that they glittered as he took them The leaves blazed with a clear flame that consumed them swiftly and presently Keola had but a handful left and the sorcerer was far off running and stopping **The Short Stories of Robert Louis Stevenson** Robert Louis Stevenson, 1923 **Island Nights' Entertainments** Robert Louis Stevenson, 2014-01-21 The title of the volume which includes *The Beach of Falesa* *The Bottle Imp* and *The Isle of Voices* *The Beach* turns on the native dread of the

spirit devils in the woods interwoven with which is the island life of natives and whites viewed through the eyes of a commonplace trade It is a picture of the South Seas very different from the idylls of Hermann Melville In *The Bottle Imp* the protagonist buys a bottle with an imp inside that grants wishes However the bottle is cursed if the holder dies bearing it their soul is forfeit to hell *The Isle of Voices* is a fairytale of magic treasure

Cruising with Robert Louis Stevenson Oliver S. Buckton, 2007 *Cruising with Robert Louis Stevenson Travel Narrative and the Colonial Body* is the first book length study about the influence of travel on Robert Louis Stevenson's writings both fiction and nonfiction Within the contexts of late Victorian imperialism and ethnographic discourse the book offers original close readings of individual works by Stevenson while bringing new theoretical insights to bear on the relationship between travel authorship and gender identity in the Victorian fin de siècle Oliver S. Buckton develops cruising as a critical term linking Stevenson's leisurely mode of travel with the striking narrative motifs of disruption and fragmentation that characterize his writings Buckton traces the development of Stevenson's career from his early travel books to show how Stevenson's major works of fiction such as *Treasure Island*, *Kidnapped* and *The Ebb Tide* draw on innovative techniques and materials Stevenson acquired in the course of his global travels Exploring Stevenson's pivotal role in the revival of romance in the late nineteenth century *Cruising with Robert Louis Stevenson* highlights Stevenson's treatment of the human body as part of his resistance to realism arguing that the energies and desires released by travel are often routed through disturbingly resistant or darkly comic corporeal figures Buckton gives extensive attention to Stevenson's writing about the South Seas arguing that his groundbreaking critiques of European colonialism are formed in awareness of the fragility and desirability of Polynesian bodies and island landscapes *Cruising with Robert Louis Stevenson* will be indispensable to all admirers of Stevenson as well as of great interest to readers of travel writing Victorian ethnography gender studies and literary criticism
