Apocalyptic Transformation Elizabeth K. Rosen, 2008-01-01 Apocalyptic Transformation explores how one the oldest sense making paradigms the apocalyptic myth is altered when postmodern authors and filmmakers adopt it It examines how postmodern writers adapt a fundamentally religious story for a secular audience and it proposes that even as these writers use the myth in traditional ways they simultaneously undermine and criticize the grand narrative of apocalypse itself

**The Evangelicals** Frances FitzGerald, 2017-04-04 Winner of the 2017 National Book Critics Circle Award National Book Award Finalist Time magazine Top 10 Nonfiction Book of the Year New York Times Notable Book Publishers Weekly Best Books of 2017 This epic history The Boston Globe from Pulitzer Prize winning historian Frances FitzGerald is the first to tell the powerful dramatic story of the Evangelical movement in America from the Puritan era to the 2016 election We have long needed a fair minded overview of this vitally important religious sensibility and FitzGerald has now provided it The New York Times Book Review The evangelical movement began in the revivals of the eighteenth and nineteenth centuries known in America as the Great Awakenings A populist rebellion against the established churches it became the dominant religious force in the country During the nineteenth century white evangelicals split apart first North versus South and then modernist versus fundamentalist After World War II Billy Graham attracted enormous crowds and tried to gather all Protestants under his big tent but the civil rights movement and the social revolution of the sixties drove them apart again By the 1980s Jerry Falwell

and other southern televangelists such as Pat Robertson had formed the Christian right. Protesting abortion and gay rights, they led the South into the Republican Party and for thirty five years they were the sole voice of evangelicals to be heard nationally. Eventually a younger generation proposed a broader agenda of issues such as climate change, gender equality and immigration reform. Evangelicals now constitute twenty five percent of the American population but they are no longer monolithic in their politics. They range from Tea Party supporters to social reformers. Still, with the decline of religious faith, generally FitzGerald suggests that evangelical churches must embrace ethnic minorities if they are to survive. A well written, thought provoking and deeply researched history that is impressive for its scope and level of detail. *The Wall Street Journal*. Her brilliant book could not have been more timely, more well researched, more well written or more necessary. *The American Scholar*. *Overcoming Racism Through the Gospel* M. L. Johnson, 2007-08. Johnson asserts that racism can only be overcome when it is understood and recognized as a spiritual cancer. He maintains that racism exists to the extent that it does today because the church has abdicated its position as the only earthly representative authorized by God to provide the real examples of love, unity and fellowship. *Social Issues*. *Christo-Fiction*, 2015-05-05. Francois Laruelle's lifelong project of nonphilosophy or nonstandard philosophy thinks past the theoretical limits of Western philosophy to realize new relations between religion, science, politics and art. In *Christo Fiction*, Laruelle targets the rigid self-sustaining arguments of metaphysics rooted in Judaic and Greek thought and the radical potential of Christ whose crossing disrupts their circular discourse. Laruelle's Christ is not the authoritative figure conjured by academic theology, the Apostles or the Catholic Church. He is the embodiment of generic man, founder of a science of humans and the herald of a gnostic messianism that calls forth an immanent faith. Explicitly inserting quantum science into religion, Laruelle recasts the temporality of the cross, the entombment and the resurrection, arguing that it is God who is sacrificed on the cross so equals in faith may be born. Positioning itself against orthodox religion and naive atheism alike, *Christo Fiction* is a daring heretical experiment that ties religion to the human experience and the lived world. **The Publishers Weekly**, 1891. **The Jesus of Our Fathers** John Walter Good, 1923.
