The Journey Why Are Their Lost Sheep The Journey:

The Lucan Journey Maria Yen Thi Do, 2010 This work investigates the Lucan journey motif from a literary and theological perspective It starts by examining the indications of movement in the narrative sequence of the Gospel Using the historical critical method the author continues with a study of the Transfiguration Luke 9 28 36 and the Ascension Acts 1 6 11 narratives and presents a comparison between them The work concludes with an investigation of the Lucan journey in the two volume work of Luke On the literary level the author suggests that the Transfiguration and the Ascension narratives are composed as an architectural pair and in turn serve as the respective starting points for the parallel journeys in Luke Acts On the theological level she shows that the two journeys are in fact two stages of the one unique journey namely the journey of the Salvific Message Thus the author provides a further confirmation of the unity of the two volume work of Luke

Her Gates Will Never Be Shut Brad Jersak,2010-01-01 Everlasting hell and divine judgment a lake of fire and brimstone these mainstays of evangelical tradition have come under fire once again in recent decades Would the God of love revealed by Jesus really consign the vast majority of humankind to a destiny of eternal conscious torment Is divine mercy bound by the demands of justice How can anyone presume to know who is saved from the flames and who is not Reacting to presumptions in like manner others write off the fiery images of final judgment altogether If there is a God who loves us then surely all are welcome into the heavenly kingdom regardless of their beliefs or behaviors in this life Yet given the sheer volume of threat rhetoric in the Scriptures and the wickedness manifest in human history the pop universalism of our day sounds more like denial than hope Mercy triumphs over judgment it does not skirt it Her Gates Will Never Be Shut endeavors to reconsider what the Bible and the Church have actually said about hell and hope noting a breadth of real possibilities that undermines every presumption The polyphony of perspectives on hell and hope offered by the prophets apostles and Jesus humble our obsessive need to harmonize every text into a neat theological system But they open the door to the eternal hope found in Revelation 21 22 the City whose gates will never be shut where the Spirit and Bride perpetually invite the thirsty who are outside the city to Come drink of the waters of life

Mellor, 2025-04-28 This book addresses the effects of the changed and changing contexts of Catholic Education in the contemporary world These include the social educational and ecclesial contexts Meaning structures shaped by these past contexts have broken down and the greatest but often unarticulated context is the anthropological context The understanding of humanity and the meaning of human existence today is beset by a marked lack of clarity and consistent direction Catholic Education today exists within contextual fields which are almost unrecognizable from those which existed at the close of the Second World War Each succeeding decade since has wrought stark and dynamic change socially educationally and religiously As such Catholic Education today looks for a direction forward and a sense of purpose into the future This book proposes that the major purpose of contemporary Catholic Education is to provide an educational context that nurtures the true holistic growth of students within its care The focus upon Christian Humanism in contemporary Papal and Magisterial teaching sets the ground for this developing understanding
