Marshall, 1983 Suggests exhibits, displays, bulletin board games, reference skill games, and other library activities designed to get children interested in reading. The Little Engine That Did It Dr. Richard John Tscherne, 2013-10-24 This book is about a journey. Every one of us is on a journey that leads us into a labyrinth. The roads we travel on are not always straight; they have curves, bumps, and cracks, and travel is not easy. Even so, we continue on that road, trusting that it will lead us to someplace that answers the questions we hold. Once we get there, we understand why the path was not straight. The detours that we took were our greatest learning lessons. My journey is one of self-love. Once I started to appreciate who I was, my life began to change. I stopped pushing against my brick wall, which was, in my case, being born with cerebral palsy and fighting it for as long as I can remember. Accepting that I have cerebral palsy has enabled my life to evolve. I became humble and empowered and began to understand love. What is your journey? Has it been a straight road or a meandering one? Reflect on that for a moment. See your truth as you read through the pages of this book and find your aha moment to lead you to your own empowerment. **The Real True Stories of the Fairy Tales** Alex Jacobson, 2014-11-12 In this book, The Old Steam Engine, who knows the real stories of what really happened in those fairy tales we all hear, tries to set the record straight. He is, in fact, the real Little Engine that Couldn't.

When a little girl named Regan happens upon the old steam engine, he is an abandoned and broken-down steam engine. But he begins to speak to her. He tells her that she has heard the wrong stories about what happened to people like Little Green Riding Hood and Snow Purple. He tells the little girl that Little Green Riding Hood was not helpless and did not need a woodsman to save her. So too, Snow Purple did not need to marry a prince. The real stories of the fairy tales tell children that real people are the heroes of the stories. The uniqueness of the stories appeals to adults as well as children, so that the adults reading the stories will find them fun to read and to discuss with the children.
