The Living Word An Intro To Old Testament Theology:

The Living Word: an Introduction to Old Testament Theology Edgar DeWitt JONES, 1967 The Living Word Edgar Jones, 1970 *Introduction to Old Testament Theology* John H. Sailhamer, 2010-12-21 The author's purpose for *Introduction to Old Testament Theology* is to show how different approaches to the Old Testament can be brought together into a single theology. The author develops his own distinctive approach which he calls canonical theology.

Old Testament Theology Ben C. Ollenburger, 2004-06-30 In this extensively revised and updated edition of *The Flowering of Old Testament Theology* Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works. This textbook has been reissued with a new title *Old Testament Theology Flowering and Future* and is now divided into five convenient sections: Part 1 The Background; Part 2 Old Testament Theology's Renaissance; Walther Eichrodt through Gerhard von Rad; Part 3 Expansion and Variety Between Gerhard von Rad and Brevard Childs; Part 4 From Brevard Childs to a New Pluralism; and Part 5 Contexts, Perspectives, and Proposals. Selected essays include key theological statements of Otto Eissfeldt, Walther Eichrodt, Theodorus C. Vriezen, George E. Wright, Gerhard von Rad, Walther Zimmerli, John L. McKenzie, Ronald E. Clements, Walter C. Kaiser Jr., Samuel L. Terrien, Claus Westermann, Brevard S. Childs, Rolf Knierim, Horst D. Preuss, Walter Brueggemann, Paul R. House, Bernhard W. Anderson, Erhard S. Gerstenberger, Hartmut Gese, Phyllis Trible, Jon D. Levenson, John H. Sailhamer, Gunther H. Wittenberg, James Barr, R. W. L. Moberly, and Mark G. Brett. An appendix contains Johann P. Gabler's 1787 seminal essay on biblical theology. An extensive bibliography and indexes of authorities and Scripture references conclude the volume.

The Living Word Gustaf Wingren, 2002-04-24 *An Introduction to the Old Testament, Third Edition* Walter Brueggemann, Tod Linafelt, 2021-01-05 In this updated edition of the popular textbook *An Introduction to the Old Testament*, Walter Brueggemann and Tod Linafelt introduce the reader to the broad theological scope of the Old Testament, treating some of the most important issues and methods in contemporary biblical interpretation. This clearly written textbook focuses on the literature of the Old Testament as it grew out of religious, political, and ideological contexts over many centuries in Israel's history. Covering every book in the Old Testament arranged in canonical order, the authors demonstrate the development of theological concepts in biblical writings from the Torah through postexilic Judaism. Incorporating the most current scholarship, this new edition also includes concrete tips for doing close readings of the Old Testament text and a chapter on ways to read Scripture and respond in light of pressing contemporary issues such as economic inequality, racial and gender justice, and environmental degradation. This introduction invites readers to engage in the construction of meaning as they venture into these timeless texts.

Old Testament Theology Robin Routledge, 2020-05-21 Numerous useful books on Old Testament theology are now available. However, they often give too much information or too little. Some can seem large and daunting to the ordinary student or pastor, and because of their

layout information may be hard to access Others take a more introductory approach and do not deal with many of the theological issues and questions that the Old Testament raises Robin Routledge s aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today **The Living Word of God** Ben Witherington (III),2007 A provocative examination of the Bible in Christian tradition and contemporary culture Culture and Biblical Hermeneutics William J. Larkin,2003-08-05 No issue now occupies contemporary evangelicals more than the role of culture in biblical interpretation In Culture and Biblical Hermeneutics the author not only analyzes the current debate but also makes a significant contribution to it This volume grapples with what the author calls the challenge that historical and cultural relativism poses to the hermeneutical process when applied to the authoritative Scripture He accomplishes his goal admirably by exploring both the origin and the current state of biblical hermeneutics and by developing a biblical theology of hermeneutics and culture **The Living Church** ,1956
