Survival And Profit In Rural Java:

Survival and Profit in Rural Java Sven Cederroth, 1995 The shift from communalism to individualism in rural Java has had many effects including the creation of a landless class of people expelled from agriculture and the rise of a rural middle class In this work Cederroth aims to examine contemporary changes affecting all strata of rural Javanese society While the focus is primarily on economic change cultural and political questions are also brought into consideration *The Politics of Post-Suharto Indonesia* Adam Schwarz, Jonathan Paris, 1999 This book responds to the critical need of policymakers practitioners and scholars for current research on Indonesia **Household Strategies for Survival 1600-2000** Laurence Fontaine, Jürgen Schlumbohm, 2000 This book considers the labouring poor not simply as victims but as actively pursuing a whole range of strategies for survival These strategies included many economic activities Building and maintaining networks of kinship and neighbourhood was equally important as was negotiating support from institutions Sometimes strategies were successfully integrated within a household while in other instances the domestic group was split and members preferred to pursue individual strategies This illuminating book examines the European past using case studies from present day situations in Asia and Africa The Java that Never was Hans Antlöv, Jörgen Hellman, 2005 This book is about how cultures and societies on Java over the past century have been perceived and socially constructed by scholars inside and outside of Indonesia It is a reflective book how on the one hand academic theories have shaped our view of Java and on the other hand how the study of Java has influenced theoretical developments within a number of disciplines including anthropology development studies religious studies political science gender studies and the arts **BOOK JACKET** Modern Trends in Islamic Theological Discourse in 20th Century Indonesia Fauzan Saleh, 2001-12-01 Aiming to trace the development of Islamic theological discourse in Indonesia from the early 1900s to the end of the 20th century the author focusses on how modernist Muslims have constructed their theological thought throughout the century which in turn reflects their religious understanding in response to the particular demands of their age The theological thought constructed so far signifies a continuum of progress developing from one stage to the next Implicitly this progress also indicates the improvement of Indonesian Muslims understanding of their own religion which may suggest the betterment of their commitment to doctrinal beliefs and religious practices Therefore this study will also examine the ways in which Indonesian Islam noticeably grows more orthodox through these forms of religious commitment Drawing upon an Indonesian term the growth of orthodox Islam is known as the santri cultural expansion which has been characterized by the vertical and horizontal mobility of devout Muslims in political cultural and economic enterprises A discussion of the theological thought underlying that santri cultural expansion is also included **Asian Entrepreneurial Minorities** Christine Dobbin, 2013-01-11 Advances the theoretical understanding of the behaviour of entrepreneurial minorities and draws a vivid picture of how various imperial powers came to rely on local entrepreneurial minorities to establish their hegemony in Asia Fishing Villages in Tokugawa, Japan Arne

Kalland,1995-01-01 What is more Japan s fishing villages played a significant role in Japan s economic development In particular during the Tokugawa period 1600 1868 they acted as key commercial links between the castle towns and dispersed farming communities *Managing Marital Disputes in Malaysia* Sven Cederoth Cederroth,Sharifa Zaleha Syed Hassan,2012-12-06 A trend found in many Islamic societies in recent years has been the increasing regulation of family life by Islamic law and a corresponding move away from customary law and informal conflict resolution procedures The situation in Malaysia particularly in urban Malay society is no exception here Several studies already exist of the nature and extent of Malaysia s Islamic judicial system but the general tendency has been to ignore the actual operation of the syariah courts and related institutions This study addresses this need with an in depth analysis of the key area of intra family conflict and demonstrates that although formally the counsellor kadi and judge have defined roles for conflict resolution in practice much flexibility is evident in the use of consultation conciliation mediation arbitration and adjudication techniques This study will be of special interest to legal anthropologists and those scholars interested in the increasing application of Islamic law in many different countries **Islam Outside the Arab World** Ingvar Svanberg,David Westerlund,2012-12-06 Today about 85 per cent of the world population of Muslims live in areas outside the Arab world and due to population growth missionary endeavours and migration the number of Muslims in these areas is rising rapidly This volume presents the spread and character of Islam in many non Arab countries focusing particularly on the contemporary situation The book deals with the great variety and complexity that characterize Islam outside the Arab world with Sufism the predominant form of Islam in most non Arab Muslim countries and with the growing significance of Islamism which challenges secularism and Sufi forms of Islam *Islam & Politics Afghanistan* N Asta Olesen,2013-01-11 The years 1978 and 1979 were dramatic throughout south and western Asia In Iran the Pahlavi dynasty was toppled by an Islamic revolution In Pakistan Zulfikar Ali Bhutto was hanged by the military regime that toppled him and which then proceeded to implement an Islamization programme Between the two lay Afghanistan whose Saur Revolution of April 1978 soon developed into a full scale civil war and Soviet intervention The military struggle that followed was largely influenced by Soviet US rivalry but the ideological struggle followed a dynamic of its own Drawing on a wide range of sources including such previously unused archival material as British Intelligence reports this is a detailed study of the Afghan debate on the role of Islam in politics from the formation of the modern Afghan state around 1800 to the present day
