Taking Issue Debates In Guidance And Counselling In Learning

Roger Mills, Alan Tait

Taking Issue Debates In Guidance And Counselling In Learning:

Taking Issue Megan Crawford, Richard Edwards, Lesley Kydd, 1998 This OU Reader looks at how guidance and counselling in the context of learning is developing It focuses on the different types of guidance and counselling in learning available to students and practitioners alike

Taking Issue Megan Crawford, Richard Edwards, Lesley Kidd, 2013-10-18 The partner to *Telling Tales* this reader looks at a range of perspectives on a number of key issues emerging from the area of guidance and counselling in education Questions of ethics equality and impartiality and their relationship to guidance and counselling in the context of learning are explored The book also examines the trend towards group work and the role of technology in creating strategies for guidance Written for a new module on the Open University's MA in Education

Psychological Guidance And Counselling Dr. B. Lakshman, This comprehensive text explores the theory and practice of psychological guidance and counselling offering essential insights for educators counselors psychologists and mental health professionals Designed for both academic and practical application the book integrates key psychological principles with effective counselling techniques to help individuals navigate personal educational and career challenges Foundations and types of guidance educational vocational personal Major counselling theories humanistic cognitive behavioral psychoanalytic etc Techniques for active listening empathy and building rapport Ethics in counselling and confidentiality Assessment and intervention planning Role of counselling in schools colleges and clinical settings Guidance for students with special needs or at risk populations

Rethinking Learner Support in Distance Education Roger Mills, Alan Tait, 2004-08-02 Distance learning is becoming an increasingly popular way of studying and most universities now provide courses using these methods Today's students though are demanding high quality consumer focused and flexible courses as well as learning resources and active learner support This means that providers of distance education need to reconsider key issues about their learner support systems ensuring that this is delivered appropriately and effectively Considering the changing needs and demands of distance education students this book draws together contributions from the UK USA Hong Kong Australia Japan South Africa and Botswana to offer an international perspective on the challenges and opportunities of Information and Communication Technologies ICT quality assurance commercialisation and the learner as consumer the impact on learners of cultural differences on internationalised curricula the implications for learner support of a wider range of learners This book should be read by all those involved in developing and delivering distance education courses

International Handbook of Career Guidance James A. Athanasou, R. van Esbroeck, 2008-08-02 The International Handbook of Career Guidance represents a project of international professional cooperation It is intended as a catalyst for reform and was designed to support the development of career guidance in the years to come Working for over four years from Belgium and Australia we had the privilege to collaborate with over 50 colleagues throughout the world to produce this Handbook In every instance we selected key researchers who have an established reputation in the field of career development They agreed to be involved

and we are grateful for their support in this major effort In this handbook we have tried to bring together a collection that summarises the diverse aspects of career guidance It is a synthesis of the domain of career and vocational guidance firstly for an international readership and secondly it is designed to act as a reference for academics researchers and professionals in the expanding field of career development For this reason the Handbook includes coverage of the background and history of guidance right through to poignant issues relating to careers in the modern world of work Policy issues relating to the provision of careers services as well as professional issues relating to career education career counselling career assessment program evaluation and research methodologies are covered

Online Learning and Teaching in Higher Education Shirley Bach, Philip Haynes, Jennifer Lewis Smith, 2006-11-16 What are the links between theory and practice in the area of online learning in higher education What are the strengths and weaknesses of the online approach How can online learning be used to enhance the student experience This book provides the first critical evaluation of theory and practice in online learning and teaching in higher education It also provides a critique of online learning for all those working in a higher education setting It examines the online approach in the context of the internet age and global higher education examining changes in distance learning as well as how online learning is affecting mainstream mass higher education Practical examples throughout the book allow the reader to Understand quality issues with regard to online learning Design appropriate courses Create stimulating online learning environments Transform learning methods Adapt and develop strategies to enhance online teaching practice Online Learning and Teaching in Higher Education is key reading for lecturers managers and policy makers in the higher education sector

Modern Day Challenges in Academia Marilena Antoniadou, Mark Crowder, 2020-03-28 Examining the modern day challenges faced by academics throughout their working lives this timely book investigates the ways in which academic careers are changing the reasons for these changes and their potential future impacts Contributors with insider experience of both traditional research focussed universities and newer institutions with an emphasis on teaching utilise theoretical and empirical methods to provide international perspectives on the key issues confronting modern day academics

Reflective Teaching in Further and Adult Education Yvonne Hillier, 2002-05-01 This textbook for in service and pre service training uses the reflective teaching approach as popularized by Andrew Pollard The book is written to coincide with the introduction of Further Education National Training Organisation FENTO standards every tutor will have to demonstrate that s he can meet these standards Covering both further and adult education the textbook is written in a variety of styles to suit different kinds of readers each chapter contains narrative description of typical issues and incidents theoretical explanation practical advice with checklists and questions It is designed to suit both course adoption and individual learning

Telling Tales Richard Edwards, Roger Harrison, Alan Tait, 2013-12-16 Guidance and counselling in the context of learning is an area that is growing rapidly and attracting a lot of interest within the field of education This reader presents a range of different perspectives those of the user practitioner professional manager policy

maker and academic By offering these various tales the book aims to encourage a more beneficial interchange of dialogue between the people involved whether they be in the role of the counsellor or the counselled Written for a new module on the Open University s MA in Education E839 *Handbook of Research on Creating Spaces for African Epistemologies in the Inclusive Education Discourse* Maguvhe, Mbulaheni Obert,Masuku, Mfundo Mandla,2021-12-31 Students with disabilities who are not able to perform to the best of their abilities often find themselves learning in inaccessible environments and subjected to increased stress levels due to the haphazard provisioning of education characterized by physical communicative and unsuitable teaching and learning approaches Very often this is a result of various shortcomings including unfair assessment practices Misconceptions and a lack of knowledge with regard to the implementation of inclusive education detract from the successful admission of students with disabilities and their retention and active participation The Handbook of Research on Creating Spaces for African Epistemologies in the Inclusive Education Discourse explores the concept of inclusive education in an African context It advocates for the monitoring and evaluation of inclusive education and proposes interventions where reasonable accommodation or lack of accessibility is a reason for students with disabilities to not benefit from this system Covering topics such as barriers to learning rural schools and student support this major reference work is an essential resource for administrators advocates for students with disabilities policymakers researchers pre service teachers educators academicians and students
