Taking Journalism Seriously Objectivity As A Partisan Cause:

Taking Journalism Seriously Richard H. Reeb Jr., 1998-12-30 *Taking Journalism Seriously* provides a groundbreaking analysis of the adequacy of the standard of objectivity in journalism using the journalistic principles of the Founding Fathers of America as the point of comparison The author traces the present controversy back to the start of the consistent controversy that surrounds the press coverage of politics when in 1969 Vice President Spiro Agnew charged the nation's television networks and newspapers with distorting political events and hampering the functioning of the government He exposes the gradual shift of the press away from the objective reporting of facts into a partisan instrument for safeguarding the public's right to know The line between editorial writing and reporting has virtually disappeared Since objectivity provided its most dominant proof of integrity the public trust of this institution has diminished The author draws on major incidents that demonstrate this shift including a prominent CBS documentary the New York Times reporting on the Pentagon Papers and the writers who influenced this evolution in journalism while balancing this situation against the ideas of the Founding Fathers on journalism

David Sloan,Jenn Burleson Mackay,2016-03-24 In this book scholars examine the many prevailing arguments about media bias from a non polemical perspective Essays cover individual forms of bias including ideology politics television photography religion abortion homosexuality gender race crime environment region military corporate ownership labor and health Each essay introduces the topic presents arguments for and against the specific bias assesses the evidence for all arguments and includes a list of suggested readings Two additional essays discuss the broader aspects of the bias debate and give a personal perspective on reporting the controversial Israeli Palestinian conflict Instructors considering this book for use in a course may request an examination copy here *Objectively Engaged Journalism* Stephen J.A. Ward,2020-04-16 A timely call for a new ethic of journalism engagement for today s troubled media sphere Objectively Engaged Journalism argues that media should be neither neutral nor partisan but engaged in protecting egalitarian democracy It shows how journalists professional or citizen can be both objective in method and dedicated to improving a global public sphere toxic with disinformation fake

news and extremism Drawing from history ethics and current media issues Stephen Ward rejects the ideals of neutrality and just the facts objectivity showing how they are based on invalid dualistic thinking with deep roots in Western culture He presents a theory of pragmatic objectivity and applies it to journalism Journalism s role in interpreting culture he argues needs a form of objectivity that embraces human strengths and limitations Defining responsible journalism as situated imperfect inquiry Objectively Engaged Journalism is one of the first systematic studies of the ethical foundations of engaged journalism for a media that is increasingly perspectival and embedded in society Invention of Journalism Ethics Stephen J.A. Ward,2005-02-08 Does objectivity in the news media exist In The Invention of Journalism Ethics Stephen Ward argues that given the current emphasis on interpretation analysis and perspective journalists and the public need a new theory of objectivity He explores the varied ethical assertions of journalists over the past few centuries focusing on the changing relationship between journalist and audience This historical analysis leads to an innovative theory of pragmatic objectivity that enables journalists and the public to recognize and avoid biased and unbalanced reporting Ward convincingly demonstrates that journalistic objectivity is not a set of absolute standards but the same fallible but reasonable objectivity used for making decisions in other professions and public institutions **Choice** ,1999
