Juliet Sophie Duncan, 2023-06-06 The enduring cultural legacy of Shakespeare's Juliet Capulet a history as vital and provocative as the character herself Literary Review Romeo and Juliet may be the greatest love story ever told but who is Juliet Demure ingénue Or dangerous Mediterranean madwoman From tearstained copies of the First Folio to Civil War era fanfiction Shakespeare's star-crossed heroine has long captured our collective imagination Juliet is her story traced across continents through four centuries of history theatre and film As Oxford Shakespeare scholar Sophie Duncan reveals Juliet's legacy stretches beyond her literary lifespan into a cultural afterlife ranging from enslaved African girls in the British Caribbean to the real-life Juliets of sectarian violence in Bosnia and Belfast She argues that our dangerous obsession with the beautiful dead teenager and Juliet's meteoric rise as a defiant sexual icon have come to define the Western ideal of romance Wry and inventive Juliet is a tribute to fiction's most famous teenage girl who died young but who lives forever

Scent and Subversion Barbara Herman, 2013-11-05 Let Scent and Subversion take you for a whiff on the wild side of 20th century perfume Perfume has been and continues to be subversive By playing with gender conventions highlighting the ripe smells of the human body or celebrating queer and louche identities 20th century perfume broke free from the assumptions of the

prior century and became a largely unrecognized part of the social and style revolutions of the modern era In *Scent and Subversion Decoding a Century of Provocative Perfume* Barbara Herman continues her irreverent poetic and often humorous analysis of vintage perfumes and perfume ads that she began on her popular blog YesterdaysPerfume.com The book features descriptions of over 300 perfumes starting with Foug re Royale 1882 and ending with Demeter s Laundromat 2000 Lavishly illustrated with more than 100 vintage perfume ads it will also regale you with essays on scent appreciation a glossary of important perfume terms and ingredients and tips on how to begin your own foray into vintage and contemporary perfume Herman also looks to the future through interviews with scent visionaries such as odor expert and professional provocateur Sissel Tolaas punk perfumer Antoine Lie and Martynka Wawrzyniak the artist behind Smell Me the world s first olfactory self portrait The perfect book for perfume aficionados aka perfumistas as well as connoisseurs of modern fashion and design feminist and LGBTQ historians and fans of vintage advertising

Writing from the Hearth Mildred Mortimer,2007-11-01 If space is important in the realm of imagination and a key theme in feminist theory cross cultural studies of social maps reveal that men and women s spatial experiences differ women rarely control physical or social space directly Positing the thesis that women s writing of Francophone Africa and the Caribbean offers important perspectives on the relationship of gender to space Writing from the Hearth proposes close readings of Francophone women writers of Africa Aoua KZita Mariama B% Ken Bugul Calixthe Beyala and Aminata Sow Fall and the Caribbean Marie Chauvet Simon Schwarz Bart Maryse Condé and Edwidge Danticat As critical readings of postcolonial African and Caribbean literature show that tropes of confinement appear frequently in female authored texts_where home is often depicted as a place of alienation_this critical study examines ambiguities associated with domestic space as enclosure as it explores the relationship between the female protagonist and the inner and outer spaces of her world domestic imaginative and public space Writing from the Hearth probes the hypothesis that the female protagonist can move toward empowerment by entering public space from which she has been excluded by indigenous patriarchs and European colonizers and by establishing a new relationship to domestic space or securing a liberating alternative space within it Flexible and multipurpose alternative space

Front Cover Iconography and Algerian Women's Writing Pamela A. Pears, 2015-10-29 The front covers of books written by Algerian women serve as the primary source of investigation in *Front Cover Iconography and Algerian Women Writers* These covers have implications that extend beyond selling the book What we see on one side of the page or in this case the cover recto controls what we read on the reverse in this case the text itself verso Using theories of the paratext including those of Gérard Genette and Jonathan Gray this book determines how four dominant iconographies used on the covers of Algerian women's writing Orientalist art the veil the desert and the author portrait work with and against the texts they represent These images have an impact on the initial reception of the book but beyond that book covers determine how both the informed and uninformed reader categorize and interpret francophone Algerian women's writing in France and beyond As the covers help to sell the works they also produce messages represented via their iconographies that embed themselves into the texts A sometimes explicit and at the very least implicit dialog between the visual paratextual representation and the written textual one is created a dialog that extends beyond the life of the physical book to a sort of canonical paradigm for reading these authors works Thus even if the cover image appears ephemeral it never truly disappears Its powerful control over critical reception and ultimately interpretation of francophone Algerian women's writing remains

Echo's Voice Mary Noonan, 2017-07-05 Helene Cixous 1937 distinguished not least as a playwright herself told *Le Monde* in 1977 that she no longer went to the theatre it presented women only as reflections of men used for their visual effect The theatre she wanted would stress the auditory giving voice to ways of being that had previously been silenced She was by no means alone in this Cixous's plays along with those of Nathalie Sarraute 1900-99 Marguerite Duras 1914-96 and Noelle Renaude 1949 among others have proved potent in drawing participants into a dynamic space of the voice If as psychoanalysis suggests voice represents a transitional condition between body and language such plays may draw their audiences in to understandings previously never spoken In this ground breaking study Noonan explores the rich possibilities of this new audio vocal form of theatre and what it can reveal of the auditory self
