The Forgotten Trinity:

The Forgotten Trinity James R. White, 2019-11-05 While many of us struggle to understand it the Trinity is one of the most important teachings of the Christian faith It defines God's very essence and describes how he relates to us And while it can be a difficult concept to get our heads around it is crucial for believers to understand how God explains his triune nature in his Word In this book James R White offers a concise understandable explanation of what the Trinity is and why it matters While refuting the distortions of God presented by various cults Dr White shows how understanding this teaching leads to renewed worship and a deeper understanding of what it means to be a Christian And amid today's emphasis on the renewing work of the Holy Spirit *The Forgotten Trinity* is a balanced look at all three persons of the Trinity May this book deepen your understanding of this important doctrine while also drawing you closer to the triune God himself *The Forgotten Trinity* The British Council of Churches, 1989 *The Forgotten Trinity* Alasdair I. Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton s work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works The One the Three and the Many and The Promise of Trinitarian Theology 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton s later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton s trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton s account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church s particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton s theology with the social sciences to critique ableism and consider the politics of the church s belonging in community
