The Fuhrer Seed:

The Führer Seed Gus Weill, 1979 *The Epitome of Evil* M. Butter, 2009-04-27 This study explores the literary representations of Adolf Hitler in American fiction and makes the case that his figure has slowly developed from a means of left wing critique into a device of right wing affirmation **The Führer Seed** Gus Weill, 1979 *Working Towards the Führer* Anthony McElligott, Tim Kirk, 2003 Working towards the Führer brings together leading historians writing on the Third Reich in honour of Sir Ian Kershaw whose own work along with that of the contributors to this volume has done much to challenge and change our understanding of the way Nazi Germany functioned Covering issues such as the legacy of the world wars the female voter propaganda occupied lands the judiciary public opinion and resistance this volume furthers the debate on how Nazi Germany operated Gone are the post war stereotypes of a monolithic state driven forward by a single will towards war and genocide Instead there is a more complex picture of the regime and its actions one that shows the instability of the dictatorship its dependence on a measure of consent as well as coercion which recognises the constraints on political action the fickleness of popular attitudes and the ambiguous ephemeral nature of acclamation and opposition alike This is a remarkable collection of essays by leading historians in the field that will undoubtedly be welcomed by students and lecturers of German History **The Spitting Image** Paul Brauner, 2006 The Spitting Image is the inside story of Germany's descent into defeat and Hitler's attempts to keep his faltering entourage from fleeing the sinking ship The mysterious appearance of a Hitler Child is welcomed by Nazi leaders as the means to perpetuate Nazi ideals The boy is groomed to become the symbolic figurehead of the Fourth Reich and is spirited into Argentina to escape falling into the hands of the victorious allies The involvement of the Vatican and the vivid descriptions of life in the bombed cities make this gripping novel a must read for anyone interested in recent history The reader is taken on a roller coaster ride and is left wondering how much is fact and how much is fiction **Bending Spines** Randall L. Bytwerk, 2012-01-01 Why do totalitarian propaganda such as those created in Nazi Germany and the former German Democratic Republic initially succeed and why do they ultimately fail Outside observers often make two serious mistakes when they interpret the propaganda of this time First they assume the propaganda worked largely because they were supported by a police state that people cheered Hitler and Honecker because they feared the consequences of not doing so Second they assume that propaganda really succeeded in persuading most of the citizenry that the Nuremberg rallies were a reflection of how most Germans thought or that most East Germans were convinced Marxist Leninists Subsequently World War II Allies feared that rooting out Nazism would be a very difficult task No leading scholar or politician in the West expected East Germany to collapse nearly as rapidly as it did Effective propaganda depends on a full range of persuasive methods from the gentlest suggestion to overt violence which the dictatorships of the twentieth century understood well In many ways modern totalitarian movements present worldviews that are religious in nature Nazism and Marxism Leninism presented themselves as explanations for all of life culture morality

science history and recreation They provided people with reasons for accepting the status quo Bending Spines examines the full range of persuasive techniques used by Nazi Germany and the German Democratic Republic and concludes that both systems failed in part because they expected more of their propaganda than it was able to deliver **The Lamb and the Fuhrer** Ravi Zacharias,2009-02-04 Destruction and Evil Meet Life and Peace Adolf Hitler spilled the blood of millions for his own sake Jesus Christ shed his own blood for the sake of millions Hitler set himself up as a god and the masses succumbed Jesus Christ was God in the form of lowly man Hitler created a living hell for the masses Jesus endured hell to save the masses Hitler s name is synonymous with power evil and genocide Jesus name with love peace and life Put the two in a room together and you won t believe your ears The third compelling book in Ravi Zacharias Great Conversations series addresses fundamental issues of life and death the evil of violence in light of the value of human life and other tough issues in modern society Adolf Hitler Evil Hatred Pride Destruction Jesus Christ Peace Love Humility Life What could they possibly have to talk about In this compelling dialogue two men of contrasting values meet face to face They address fundamental issues of life and death the evil of violence in light of the value of human life and the timeless search for unity in diversity Dietrich Bonhoeffer the German pastor Hitler ordered hanged joins in and the heat intensifies when the three begin to weigh the value of relationships love and forgiveness You won t want to miss this imaginative discourse that will take you inside the mind of one of the most brutal tyrants of all time and the very God who made him The works of Ravi Zacharias are a vital resource around our house Frank Peretti Story Behind the Book This third book in the intriguing Great Conversations series takes Jesus out of the New Testament setting and places him in the 1900s to confront one of the world s most influential people of all time Adolf Hitler The other books in the series reveal fictitious conversations Jesus might have with Buddha and with Oscar Wilde The three books combine to attract readers who have friends practicing other religions or who admire or question contemporary figures These conversations are rich begging for eavesdroppers Fuhrer Seed Gus
