Survey Of Metaphysics And Esoterism:

Survey of Metaphysics and Esoterism Frithjof Schuon, 1986 A near complete survey of Schuon's thought in the areas of cosmology and metaphysical principles *Frithjof Schuon and the Perennial Philosophy* Harry Oldmeadow, 2010-04-16 This is the first comprehensive study of the intellectual and spiritual message of world renowned philosopher Frithjof Schuon 1907 1998 the foremost spokesman of the Perennialist or Traditionalist school of comparative religious thought Intended primarily as an introductory guide to Schuon's writings Harry Oldmeadow's book focuses on Schuon's exposition of metaphysics and the transcendent unity of religions his presentation of the religious traditions of East and West including the spiritual heritage of the American Indians his criticism of the modern world and his views on sacred art and beauty Also included is an overview of Schuon's paintings and poetry as well as his insights on prayer and virtue in the spiritual life This ground breaking work provides the general reader with a coherent and systematic account of the Perennial Philosophy and covers all aspects of Schuon's work Publisher's website **Esoterism as Principle and as Way** Frithjof Schuon, 2020-09-01 Frithjof Schuon's perspective of pure esoterism focuses on the inward and universal dimension of religion also referred to as the sophia perennis perennial wisdom His works provide invaluable keys to understanding the formal contradictions between the world's religions as well as their transcendent unity In *Esoterism as Principle and as Way* readers will discover the essential truth that lies at the heart of the world's religions as well as the role of prayer virtue and beauty in the spiritual life This revised edition of Schuon's writings on esoterism features a fully revised translation from the French original as well as over 60 pages of new material including previously unpublished selections from the author's letters and other private writings an editor's preface editor's notes a glossary of foreign terms and phrases an index and biographical notes **Frithjof Schuon** Jean-Baptiste Aymard, Patrick Laude, 2012-02-01 The first book in English devoted to the religious philosopher Frithjof Schuon 1907 1998 to appear since his death this biography also provides an analysis of his work and spiritual teachings Relying on Schuon's published works as well as unpublished correspondence and other documents the authors highlight the originality of Schuon's life and teachings in terms of his consistent focus on esoterism defined as the inner penetration of sacred forms and spiritual practices vis vis the religio perennis the eternal wisdom that lies at the core of all sacred paths Schuon's life they argue is a quest for the inner meaning of religious experience as is indicated by his connections to Christianity Hinduism Islam and Native American Shamanism Spiritual seekers from all backgrounds will appreciate this comprehensive study of this towering figure of comparative religion **The System of Antichrist** Charles Upton, 2005 *The System of Antichrist* examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant

doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet

Christian Antisemitism Jane Frances Amler,1995-06-01 In Christian Antisemitism A History of Hate Professor William Nicholls a former minister in the Anglican Church and the founder of the Department of Religious Studies at the University of British Columbia presents his stunning research stating that Christian teaching is primarily responsible for antisemitism As Nicholls states these conclusions can now be fully justified by the most up to date scholarship Christian as well as Jewish Nicholls writes Many Jewish writers have said quite simply that the Nazis chose the Jews as the target of their hate because two thousand years of Christian teaching had accustomed the world to do so Few Christian historians and theologians have been sufficiently open to the painful truth to accept this explanation without considerable qualification Nevertheless it is correct Christian Antisemitism traces over two millennia the growing domination of Western culture by the Christian myth as Nicholls calls it about the Jews and shows how it still exerts a major influence even on the secularized post Christian world Nicholls shows through scrupulous research and documentation that the myth of the Jews as Christ killers has powered anti Judaism and antisemitism throughout the centuries Nicholls clearly illustrates that this myth is present in the New Testament and that it has not yet died under the impact of modern critical history Also included in this remarkable volume is Nicholls research regarding the Jewishness of Jesus He writes Historical scholarship now permits us to affirm with confidence that Jesus of Nazareth was a faithful and observant Jew who lived by the Torah and taught nothing against his own people and their faith the Romans not the Jews were the Christ killers In Part I Before the Myth Nicholls explores the life of Jesus and his teachings as found in the New Testament Was Jesus the founder of Christianity Did he offer teachings against his people Did he believe himself

Science and the Myth of Progress Merhdad Zarandi,2003-07-30 A collection of essays by scholars philosophers and scientists offering penetrating answers to some of the most important questions of the day

Rethinking Ibn 'Arabi Gregory A. Lipton,2018-04-02 Exploring how the medieval mystic Ibn Arabi has been read as an inclusive universalist through the interpretative field of Perennial Philosophy this book shows how his metaphysics is inseparably intertwined with Islamic

supersessionism Ibn Arabi's universalist reception is thus traced to lineages of Eurocentrism revealing how Perennialism is itself exclusionary The Betrayal of Tradition Harry Oldmeadow, 2005 This collection of essays by eminent traditionalists and contemporary thinkers throws into sharp relief many of the urgent problems of today Echoes of Perennial Wisdom Frithjof Schuon, 2012-02-01 This revised collection of brief and inspiring passages on the spiritual life was selected from Schuon's unpublished letters and papers as well as from his books They discuss our relationship with God the importance of prayer the meaning of virtue the significance of beauty in our lives as well as other spiritual themes This edition has been re translated and expanded to include 19 additional pages of moving excerpts
